Cadastre: Principles and Practice Roger Fisher & Jennifer Whittal, 2020-02-25 Keywords history surveying land tenure land rights cadastre cadastral professionalism law land administration land policy land boundaries river bank high water mark high water mark estuary ICMA mineral rights international law maritime zone marine spatial planning diagram general plan lease sectional title case law Explaining the principles of cadastral law and interpretation in practice this is the first publication of its kind in over 45 years It is a comprehensive text for aspiring and practicing professional land surveyors those in the real property business and those involved in land administration Written for the South African practice environment it will also be of interest to an international audience The authors approach is progressive with the intent to inspire development to meet the needs of our society for secure land tenure for all A broad range of topics are included historical roots of tenure in the ancient world the early development of the cadastre in South Africa and development of the land surveying profession and professionalism This provides context to the discussion on land law tenure and rights on legal institutions on land administration as well as government policies and reform imperatives Defining property boundaries of rights in space is a particular challenge of the cadastral land surveyor The chapters on the definition of beacons and boundaries cover a broad range of onshore and offshore application environments They span the extent of ownership and limited real rights within the sovereign area of the Republic of South Africa These environments include the air the land surface and subterrestrial coastal waters and the sea bed Particular attention is paid to complex river and coastal property boundaries Case law is a key driver for changes in legislation and is also highly directive in terms of practice The final chapter of the book is dedicated to a themed exploration of case law relating to beacons boundaries evidence rights and restrictions *Cadastre Principles and Practice* will be an important addition to your professional bookshelf Order it here <https://www.sagi.co.za/product/cadastre-principles-and-practice> **Civil Society in the Global South** Palash

Kamruzzaman, 2018-12-07 In recent years civil society has been seen as a key route for democracy promotion and solving development problems in low income countries However the very concept of civil society is deeply rooted in European traditions and values In pursuing civil society reform in non Western countries many scholars along with well meaning international agencies and donor organisations fail to account for non Western values and historical experiences Civil Society in the Global South seeks to redress this balance by offering diverse accounts of civil society from the global South authored by scholars and researchers who are reflecting on their observations of civil society in their own countries The countries

studied in the volume range from across Africa Latin America Asia and the Middle East to give a rich account of how countries from the global south conceptualise and construct civil society The book demonstrates how local conditions are often unsuited to the ideal type of civil society as delineated in Western values for instance in cases where numerous political racial and ethnic sub groups are fighting for autonomy By disentangling local contexts of countries from across the global South this book demonstrates that it is important to view civil society through the lens of local conditions rather than viewing it as something that needs to be discovered or manufactured in non Western societies Civil Society in the Global South will be particularly useful to high level students and scholars within development studies sociology anthropology social policy politics international relations and human geography

Quality Management Implementation in Higher Education: Practices, Models, and Case Studies Sony, Michael, Karingada, Kochu Therisa, Baporikar, Neeta, 2019-08-02 Although initially utilized in business and industrial environments quality management systems can be adapted into higher education to assess and improve an institution's standards These strategies are now playing a vital role in educational areas such as teaching learning and institutional level practices However quality management tools and models must be adapted to fit with the culture of higher education *Quality Management Implementation in Higher Education Practices Models and Case Studies* is a pivotal reference source that explores the challenges and solutions of designing quality management models in the current educational culture Featuring research on topics such as Lean Six Sigma distance education and student supervision this book is ideally designed for school board members administrators deans policymakers stakeholders professors graduate students education professionals and researchers seeking current research on the applications and success factors of quality management systems in various facets of higher education

Hunger and Poverty in South Africa Jacqueline Hanoman, 2017-09-01 *Hunger and Poverty in South Africa The Hidden Faces of Food Insecurity* explores food insecurity as an issue of socioeconomic political cultural and environmental inequity and inequality Based on extensive original research in Free State Province South Africa the book explores how people living in poverty make meaning of their food circumstances within the socio cultural political and economic contexts of post apartheid South Africa how they view the government's food security policies and programs and their perceived agency to affect change The personal narratives contained in the book show that food insecurity is shaped by many issues among which are structural poverty racism attempts or non attempts at reconciliation during and after apartheid public health issues such as HIV AIDS and environmental circumstances At a time when most discourse around food insecurity focuses on how to provide more food to people facing hunger this book's multidimensional approach is a valuable contribution to the contemporary dialogue on poverty food security insecurity sustainability and democratic agency both within South Africa and around the world This book will be of interest to researchers in the areas of food security multidimensional poverty democratic agency and sustainable development both in South Africa and internationally

Perspectives on ICT4D and Socio-Economic Growth Opportunities in Developing

Countries Ndayizigamiye, Patrick, Barlow-Jones, Glenda, Brink, Roelien, Bvuma, Stella, Minty, Rehana, Mhlongo, Siyabonga, 2020-10-09 Technology has been hailed as one of the catalysts toward economic and human development. In the current economic era of the Fourth Industrial Revolution, information acquisition, transformation, and dissemination processes are posed to be the key enablers of development. However, in the context of developing countries, there is a need for more evidence on the impact that ICT has on addressing developmental issues. Such evidence is needed to make a case for investments in ICT-led interventions to improve people's lives in developing countries. *Perspectives on ICT4D and Socio-Economic Growth Opportunities in Developing Countries* is a collection of innovative research on current trends that portray the ICT and development nexus. ICT4D from economic and human development perspectives within developing countries. While highlighting topics including mobile money, poverty alleviation, and consumer behavior, this book is ideally designed for economists, government officials, policymakers, ICT specialists, business professionals, researchers, academicians, students, and entrepreneurs.

Generation, Gender and Negotiating Custom in South Africa Elena Moore, 2022-06-16 This book investigates how customary practices in South Africa have led to negotiation and contestation over human rights, gender, and generational power. Drawing on a range of original empirical studies, this book provides important new insights into the realities of regulating personal relationships in complex social fields in which customary practices are negotiated. This book not only adds to a fuller understanding of how customary practices are experienced in contemporary South Africa but it also contributes to a large discussion about the experiences, impact, and ongoing negotiations around changing structures of gender and generational power and rights in contemporary South Africa. It will be of interest to researchers across the fields of sociology, family, customary law, gender, social policy, and African Studies.

Democracy Disconnected Fiona Anciano, Laurence Piper, 2018-10-03 Why is dissatisfaction with local democracy endemic despite the spread of new participatory institutions? This book argues that a key reason is the limited power of elected local officials, especially to produce the City Hall. City Hall lacks control over key aspects of city decision making, especially under conditions of economic globalisation and rapid urbanisation in the urban South. Demonstrated through case studies of daily politics in Hout Bay, *Democracy Disconnected* shows how Cape Town residents engage local rule. In the absence of democratic control, urban rule in the Global South becomes a complex and contingent framework of multiple and multilevel forms of urban governance. FUG that involve City Hall but are not directed by it. Bureaucratic governance coexists alongside market, developmental, and informal forms of governance. This disconnect of democracy from urban governance segregates people spatially, socially, but also politically. Thus, while the residents of Hout Bay may live next to each other, they do not live with each other. This book will be a valuable resource for students on programmes such as urban studies, political science, sociology, development studies, and political geography.

Rebel Streets and the Informal Economy Alison Brown, 2017-02-24 Street trade is a critical and highly visible component of the informal economy linked to global systems of exchange. Yet policy responses are dismissive

and evictions commonplace Despite being progressively marginalised from public space street traders in the global south are engaged in spatial and political battlegrounds to reclaim space and claim de facto property rights over their place of work through quiet infiltration union power or direct action This book explores rebel streets the challenges faced by informal economy actors and how organised groups are seeking to reframe legal understandings to create new claims to space and urban rights The book sets out new thinking and a conceptual framework for improved understanding of the plural relationship between law rights and space for the informal economy the contest between traditional modernist and rights based approaches to development and impacts on the urban working poor With a focus on street trading the book seeks to reframe the legal context in which modern informal economies operate drawing on key areas of academic inquiry and case studies of how vendors are staking claim to urban rights The book argues for a reconceptualisation of legal instruments to provide a rights based framework for urban work that recognises the legitimacy of urban informal economies the scope for collective management of urban resources and the social value of public space as a site for urban livelihoods It will be of interest to students and scholars of geography economics urban studies development studies political studies and law

Whites and Democracy in South Africa Roger Southall, 2022-02-24 What is the place and role of whites in South African political life today Are whites genuinely willing participants in a non racial democracy willing to forego the racial privileges of the past or despite legal equality have they proved reluctant to relinquish power and continue as black activists assert to dominate many aspects of South African society Building upon the burgeoning body of work on whiteness this book focuses on how whites have adapted politically to the arrival of democracy and sweeping political change in South Africa Outlining a variety of responses in how white South Africans have sought to grapple with apartheid's brutal history the author shows how their memories of the past have shaped their reactions to political equality Although the majority feared the coming of democracy only a right wing minority actively resisted its arrival Others chose and are still choosing to emigrate used democracy to defend minority rights or have withdrawn into psychologically or physically demarcated social enclaves Challenging much current thinking Southall argues that many whites have chosen to embrace the freedoms that democracy has offered or to adapt to its often disconcerting realities pragmatically Examining this crucial issue against the historical context of minority rule and its defeat the author presents a new dynamic to the continuing debate on whiteness in Africa and globally

University-Industry Collaboration Strategies in the Digital Era Günay, Durmuş, Asunakutlu, Tuncer, Yildiz, Orkun, 2021-01-29 Competitive strategies and higher education industry collaboration policies are playing a vital role in fostering the reputation and international rankings of higher education institutions The positive impact of these policies may best be observed in the economic and social outputs of many countries such as the USA Singapore South Korea and European Union EU countries such as Belgium Germany France and the Netherlands However the number of academic publications that specifically concentrate on the impact of these policies on higher education institutions and authorities

remains relatively limited University Industry Collaboration Strategies in the Digital Era is an essential research publication that provides comprehensive research on competitive strategies for higher education institutions that will allow them to forge beneficial partnerships with industries that will have a significant impact on their success Highlighting a wide range of topics such as human resource management network planning and institutional structure this book is ideal for administrators education professionals academicians researchers policymakers and students *Land Tenure Challenges in Africa* Horman Chitonge, Ross Harvey, 2022-01-01 This book provides a significant contribution to the literature on land reform in various African contexts While the economic evidence is clear that secure property rights are a necessary condition for catalysing broad based economic development the governance process by which those rights are secured is less clear This book details the historical complexity of land rights and the importance of understanding this history in the process of trying to improve tenure security Through a combination of single country case studies comparative case studies and regional comparisons the book is unequivocal that good governance is paramount for improving the performance of land reform programmes All attempts at moving towards more formal secure tenure require congruence with informal norms beliefs and values and a set of clear systems and processes to avoid corruption and unintended negative consequences *Stopping the Spies* Jane Duncan, 2018-06-01 Is South Africa on its way to becoming a surveillance state and will it need a whistleblower In 2013 former National Security Agency NSA contractor Edward Snowden leaked secret documents revealing that state agencies like the NSA had spied on the communications of millions of innocent citizens International outrage resulted but the Snowden documents revealed only the tip of the surveillance iceberg Apart from insisting on their rights to tap into communications more and more states are placing citizens under surveillance tracking their movements and transactions with public and private institutions The state is becoming like a one way mirror where it can see more of what its citizens do and say while citizens see less and less of what the state does owing to high levels of secrecy around surveillance In this book Jane Duncan assesses the relevance of Snowden's revelations for South Africa In doing so she questions the extent to which South Africa is becoming a surveillance society governed by a surveillance state Duncan challenges members of civil society to be concerned about and to act on the ever expanding surveillance capacities of the South African state Is surveillance used for the democratic purpose of making people safer or is it being used for the repressive purpose of social control especially of those considered to be politically threatening to ruling interests She explores the forms of collective action needed to ensure that unaccountable surveillance does not take place and examines what does and does not work when it comes to developing organised responses *Re/humanizing Education*, 2022-05-16 Teaching and learning are profoundly personal experiences yet systems of education often prioritize agendas that alienate people rather than engage them Reconceptualizing teaching and learning as a co constructed praxis places individuals at the heart of education and in so doing regards knowledge acquisition as a process of understanding that is dynamically and personally negotiated at the intersection of self subject and

relationality This approach at once pedagogical and practical has the capacity to transform the classroom from a place of containment to one of expansiveness Through critical qualitative creative and arts integrated approaches this collection aims to explore the co curricular capacity of lived experience to re humanize education This is a timely project given the multiple race health environmental and socio political crises playing out on the world stage Contributions include works by authors who explore co curricular inclusion of lived experience for its potential to create more equitable and representative curricula co curricular capacity of lived experience to advance relationality both human and more than human and co curricular potential of lived experience to un privilege the current prioritization of the quantifiable in favour of more inclusive and holistic epistemologies *Higher Education Governance and Management in Africa* Lazarus Nabaho,Wilberforce

Turyasingura,2024-08-24 The book focuses on higher education governance and management in Africa It is grounded in the existing studies on governance and management of higher education It comprises four parts and 15 chapters The themes in the book can be encapsulated into a the relationship between the state and the university or the steering models for higher education in Africa b internal university governance within the framework of the shared governance model that is a tripartite arrangement which comprises the corporate governance organ the university council the academic governance body the university senate and management c internationalization of higher education in Africa d quality assurance of higher education in Africa e the third mission or the public service role of universities in Africa f monitoring and evaluation of higher education f external and internal higher education governance models g and the regulatory agencies for higher education in Africa which has been triggered by the extension of the regulatory state into higher education **Assessing the Power of**

HIV Self-testing in Unreachable Populations in Sub-Saharan Africa Joseph K. B. Matovu,Donaldson Fadael Conserve,Jeffrey Korte,Augustine Talumba Choko,2022-12-06 **Higher Education Transformation in Africa** Emnet

Tadesse Woldegiorgis,Logan Govender,Dennis Zami Atibuni,2024-11-05 This book critically interrogates the notion of transformation in higher education focusing on epistemological and structural issues in postcolonial and contemporary Africa The book considers the multifaceted challenges facing higher education in the continent and uses the concept of transformation as a common thread weaving through a range of issues including epistemology identity relevance research collaboration and decoloniality Arguing for a holistic approach towards progressive and innovative education systems the book calls for a fundamental transformation that expands access enhances quality and competitiveness addresses past injustices and improves the capacity to act together for a more sustainable and just future Overall the book makes a powerful case for the power of transformation in higher education to shape the social economic and cultural fabric of society This book s critical evaluation of knowledge production in Africa will be an important read for researchers and policymakers involved in Africa s higher education sector *Proceeding of the International Conference on Computer Networks, Big Data and IoT (ICCBI - 2018)* A. Pasumpon Pandian,Tomonobu Senjyu,Syed Mohammed Shamsul Islam,Haoxiang Wang,2019-07-31 This

book presents the proceedings of the International Conference on Computer Networks Big Data and IoT ICCBI 2018 held on December 19 20 2018 in Madurai India In recent years advances in information and communication technologies ICT have collectively aimed to streamline the evolution of internet applications In this context increasing the ubiquity of emerging internet applications with an enhanced capability to communicate in a distributed environment has become a major need for existing networking models and applications To achieve this Internet of Things IoT models have been developed to facilitate a smart interconnection and information exchange among modern objects which plays an essential role in every aspect of our lives Due to their pervasive nature computer networks and IoT can easily connect and engage effectively with their network users This vast network continuously generates data from heterogeneous devices creating a need to utilize big data which provides new and unprecedented opportunities to process these huge volumes of data This International Conference on Computer Networks Big Data and Internet of Things ICCBI brings together state of the art research work which briefly describes advanced IoT applications in the era of big data As such it offers valuable insights for researchers and scientists involved in developing next generation big data driven IoT applications to address the real world challenges in building a smartly connected environment

The Top Books of the Year University Of Kwazulu Natal 2016 Registration The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. University Of Kwazulu Natal 2016 Registration : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
