**Lost Teens Lost Faith** Derek Bird, 2016-01-14 Commonly previous generations of Christian culture emphasize issues that were pertinent to them and they teach key doctrinal concepts while neglecting that which is essential to the healthy development of a Christian teen In his book Bird encourages a balanced approach while exploring faith issues most relevant to teens as they approach the years when they're forced to grapple with enormous decisions More specifically he uncovers an innovative way to think about God's purpose for an individual's life which has the potential to not only affect the way teens approach life but may also challenge parents and leaders to re-prioritize their own schedules and then goes on to uncover a biblically based model for understanding God's will which happens to be conveniently situated at the center of his purpose for humanity At a time when it's more common for a teen to walk away from the faith than it is for them to remain engaged Lost Teens Lost Faith provides relevant dialogue generated out of Bird's experience and his deep desire to see the reversal of this tragic trend What he uncovers and passes along provides parents with the necessary foundation to lead their children through some of life's greatest challenges Bird's scripturally inspired ideas give parents and teens a framework to begin a conversation of eternal importance

Finding Eliza Larissa Behrendt,2016-01-27 A vital Aboriginal perspective on colonial storytelling Indigenous lawyer and writer Larissa Behrendt has long been fascinated by the story of Eliza Fraser who was purportedly captured by the local Butchulla people after she was shipwrecked on their island in 1836 In this deeply personal book Behrendt uses Eliza s tale as a starting point to interrogate how Aboriginal people and indigenous people of other countries have been portrayed in their colonizers stories Citing works as diverse as Robinson Crusoe and Coonardoo she explores the tropes in these accounts such as the supposed promiscuity of Aboriginal women the Europeans fixation on cannibalism and the myth of the noble savage Ultimately Behrendt shows how these stories not only reflect the values of their storytellers but also reinforce those values which in Australia led to the dispossession of Aboriginal people and the laws enforced against them
