Business and Society Danica Purg, Alenka Braček Lalić, Jennifer A. Pope, 2018-06-26 The world of business is constantly evolving and management education institutions will likely face a number of challenges in keeping up with these changes While most books focus on the needs of management education institutions this work addresses the needs of the corporate world in the era of the Fourth Industrial Revolution Featuring an extensive research study spanning 11 countries it offers a unique perspective on the business challenges and developmental needs of companies in emerging and recently emerged economies and on the missing links between those needs and management education Using both company specific and country level data the book provides businesses and educators with rare insights and recommendations on strengthening existing partnerships or establishing them anew between management education institutions and the corporate sector in order to make management education relevant for the 21st century The book argues that relevance should take the center stage of all higher education institutions in order to accomplish their third mission namely service to society This is especially important for management education institutions whose mission is to mold future managers and leaders who can have a significant influence on economic success and the wellbeing of society

performance and accountability in higher education **Disclosure Within HIV-Affected Families** Grace Gachanja, Gary J. Burkholder, Aimee Ferraro, 2018-08-29 While HIV AIDS is a global public health challenge its impact is arguably greatest in the Sub Saharan Africa SSA where new infections account for approximately 66% of the total number of HIV positive persons globally In SSA medical social and economic resources are limited thus necessitating innovative approaches to disease prevention One of the mechanisms of prevention that is most promising occurs through HIV disclosure to family members e g adult sexual partners generally and to children in particular Our emphasis in this eBook is on HIV disclosure to children because it has multiple benefits including improved adherence to antiretroviral medication treatment and understanding at an early age of the impact of sexual activity on the spread of HIV While there is a noticeable gap in research on HIV disclosure to younger children some of the general reasons for non disclosure include concerns about fear of adult partners leaving relationships and that children are too young to comprehend the severity of the situation and may tell others outside the family Thus it is critical to better understand how the HIV disclosure process happens or does not happen within HIV affected families as well as the best practices on how to disclose In this eBook we present a combination of empirical research studies and critical literature reviews that investigate the reasons for and for not disclosing HIV status within HIV affected families and provide evidence based practices that could be adopted by healthcare professionals to help HIV positive parents facilitate disclosure activities within these families This information can also be used by researchers practitioners and stakeholders who are in a position to influence policies on effective HIV disclosure practices guidelines and programs

Challenging the Boycott, Divestment and Sanctions (BDS) Movement Ronnie Fraser, Lola Fraser, 2023-02-13 Challenging the Boycott Divestment and Sanctions BDS Movement focuses on the efforts to oppose antisemitism the academic boycott and the BDS movement The State of Israel has faced many threats most of them military since it was established in 1948 but the threat posed by the NGO forum at the United Nations World Conference against Racism in Durban South Africa in August 2001 was different The forum unleashed the new antisemitism which targeted the State of Israel as well as a non violent civil society based campaign based on the South African anti apartheid campaign of the 1980s which was to form the basis of the international Boycott Divestment and Sanctions BDS movement directed at the State of Israel Featuring case studies from the United States Great Britain Israel and South Africa each chapter of this wide ranging volume discusses examples of opposition to the divisive BDS campaign and the proposed academic boycott of Israel over the last two decades including the fight for formal recognition of the new antisemitism by governments and international bodies and the use of a variety of legal measures The rise of antisemitism within academia and wider society is also examined This book will be vital reading for students scholars and activists with an interest in social movements Israel and Middle East politics and history

Knowledge and Civil Society Johannes Glückler, Heinz-Dieter Meyer, Laura Suarsana, 2021-12-08 This open access book focuses on the role of civil society in the creation dissemination and interpretation of knowledge in geographical contexts It

offers original interdisciplinary and counterintuitive perspectives on civil society The book includes reflections on civil and uncivil society the role of civil society as a change agent and on civil society perspectives of undone science Conceptual approaches go beyond the tripartite division of public private and civic sectors to propose new frameworks of civic networks and philanthropic fields which take an inclusive view of the connectivity of civic agency across sectors This includes relational analyses of epistemic power in civic knowledge networks as well as of regional giving and philanthropy The original empirical case studies examine traditional forms of civic engagement such as the German landwomen s associations as well as novel types of organizations such as giving circles and time banks in their geographical context The book also offers insider reflections on doing civil society such as the cases of the Umbrella Movement in Hong Kong epistemic activism in the United States and the FeesMustFall movement in South Africa

The Education Triple Cocktail Brahm Fleisch,2018-08-15 The Education Triple Cocktail brings together rigorous quantitative and qualitative research on a new approach to improving foundational teaching and learning for schoolchildren living in working class poor and remote rural communities in resource constrained systems like South Africa At the core of this book is the theory and evidence for a powerful new interlocking and mutually reinforcing change model Inspired by the AIDS treatment story the three pronged approach of structured daily lesson plans appropriate and high

quality educational materials and one on one instructional coaching to help teachers transform their instructional practices in early grade classrooms shows that it will improve learning outcomes For education systems defined by low levels of early grade learning and profoundly unequal outcomes The Education Triple Cocktail offers a theoretically informed evidence based way forward This book will be of immense use to teachers students of Education policymakers and parents

Campus Student Activism, Politics, and Citizenship in the 21st Century Tshishonga, Ndwakhulu, 2025-04-03

Student activism and citizenship remain an integral part of the governance of academic institutions democratizing the learning environment and advancing democratic values and societal change As a result student activism has become a key aspect of the global higher education landscape Individually and through the student councils students have been at the forefront fighting for social justice and equality inside their academic institutions and in larger society by fusing activism with citizenship Through student activism and citizenship students demonstrate their power to keep governments responsible and in redirecting the voices of students in higher education s decision making processes Further exploration may afford students the opportunity to influence social change by partaking in educational policy reforms and broadening global sociopolitical and economic growth Campus Student Activism Politics and Citizenship in the 21st Century examines the dynamics of campus politics through student activism and citizenship perspectives academia public private and civil society sectors It explores how student leadership engages university society stakeholders including management and governance structures and student welfare and institutional policy reformation in defense of the rights and interests of students This book covers topics such as higher education political engagement and social justice and is a useful resource for policymakers government officials sociologists political scientists academicians and researchers *The Geography of South Africa* Jasper Knight, Christian M. Rogerson, 2018-10-03

This edited collection examines contemporary directions in geographical research on South Africa It encompasses a cross section of selected themes of critical importance not only to the discipline of Geography in South Africa but also of relevance to other areas of the Global South All chapters are original contributions providing a state of the art research baseline on key themes in physical human and environmental geography and in understanding the changing geographical landscapes of modern South Africa These contributions set the scene for an understanding of the relationships between modern South Africa and the wider contemporary world including issues of sustainable development and growth in the Global South **Taking Comedy Seriously** Jennalee Donian, 2018-12-31 This book explores stand up comedy as a relevant sociological phenomenon from a contemporary perspective as both a symptom of neoliberal capitalism and the locus specificus of socio political critique in the era of Empire It draws a feasible connection between the conspicuous rise in the art form s popularity over the past number of years and the dehumanizing and fracturing processes of the current dispensation that are increasingly becoming the defining experience of life in the contemporary era and to which understood in terms of the traditional humor theory of relief of which Sigmund Freud is key comedy serves as

an obvious palliative More than this Taking Comedy Seriously Stand Up s Dissident Potential in Mass Culture in the Context of the Neoliberal Domain of Empire questions the possibility of a contemporary aesthetics of humor given that much of the art form is disseminated and controlled by the mass media and as such complicit in its work In particular it argues that the ideological situation of global capitalism poses an obvious predicament for the possibility of a socio politically efficacious stand up comedy in that ironic and skeptical distance is already characteristic of postmodern cynicism incorporated into the social fabric itself effectively rendering the comedic technique of satire synonymous with so called political comedy altogether appropriated or at least compromised and subsequently impotent From where then does a site of resistance emerge Through an analysis of a range of contemporary televisual digital and literary examples from the comedic routines of American comedian and talk show host Ellen DeGeneres South African satirist Pieter Dirk Uys and South African born and now American comedic talk show sensation Trevor Noah this book argues that a contemporary political comedy is reliant on a structuring aesthetic logic built around dissent disruption and difference

At Our Wits' End Edward Dutton, Michael A. Woodley of Menie, 2018-12-20 We are becoming less intelligent This is the shocking yet fascinating message of *At Our Wits' End* The authors take us on a journey through the growing body of evidence that we are significantly less intelligent now than we were a hundred years ago The research proving this is at once profoundly thought provoking highly controversial and it s currently only read by academics But the authors are passionate that it cannot remain ensconced in the ivory tower any longer With *At Our Wits' End* they present the first ever popular scientific book on this crucially important issue They prove that intelligence which is strongly genetic was increasing up until the breakthrough of the Industrial Revolution because we were subject to the rigors of Darwinian Selection meaning that lots of surviving children was the preserve of the cleverest But since then they show intelligence has gone into rapid decline because large families are increasingly the preserve of the least intelligent The book explores how this change has occurred and crucially what its consequences will be for the future Can we find a way of reversing the decline of our IQ Or will we witness the collapse of civilization and the rise of a new Dark Age
