Higher Education Pathways Ashwin, Paul, Case, Jennifer M., 2018-12-14 In what ways does access to undergraduate education have a transformative impact on people and societies What conditions are required for this impact to occur What are the pathways from an undergraduate education to the public good including inclusive economic development These questions have particular resonance in the South African higher education context which is attempting to tackle the challenges of widening access and improving completion rates in a system in which the segregations of the apartheid years are still apparent Higher education is recognised in core legislation as having a distinctive and crucial role in building post apartheid society Undergraduate education is seen as central to addressing skills shortages in South Africa It is also seen to yield significant social returns including a consistent positive impact on societal institutions and the development of a range of capabilities that have public as well as private benefits This book offers comprehensive contemporary evidence that allows for a fresh engagement with these pressing issues

Handbook of Climate Change Across the Food Supply Chain

Walter Leal Filho, Ilija Djekic, Sergiy Smetana, Marina Kovaleva, 2022-04-22 This book presents climate change as a global phenomenon which affects the entire food chain Many studies analyzing environmental impacts of food systems confirm significant effects of food production on climate change Most of them associate primary production with emission of greenhouse gases identified as one of the causes resulting in warming the atmosphere and global climate effects A wider perspective shows that the food chains start at farms with consumers being at the end of the pipeline This approach emphasizes the role of the entire food chain highlighting different kinds of environmental impacts affecting climate change On the other side temperature changes and variations of precipitation patterns together with extreme weather events and water reduction are recognized as predictors for producing less food decreased food quality new food safety risks biodiversity losses and depletion of resources associated with food production in modified circumstances Last but not least these effects introduce new threats known as food security where some assumptions stress that almost one billion of people are hungry not receiving enough food as a result of climate changes As a result the UN highlights the need for combating climate change and promotes sustainable food consumption and production Based on the perceived need to promote and disseminate information on climate change related to food system the Handbook of Climate change across the food supply chain is being produced The publication compiles information experiences practical initiatives and projects around the subject matter and makes it available to a wide audience It is expected that the Handbook of Climate change across the food supply chain makes many benefits of climate service clearer and inter alia leads to an increase in the demand for such important services

Transforming Higher Education in Asia and Africa Fred M. Hayward, 2020-03-01 Analyzes twelve strategic planning efforts in higher education in eight countries in Asia and Africa Drawing on over fifty years of on the ground experience Fred M Hayward s Transforming Higher Education in Asia and Africa analyzes change processes in higher education in eight Asian and African countries The twelve cases range from the push to upgrade and transform higher education in Afghanistan in the midst of a war to the successful struggle against apartheid in South African institutions as well as thwarted efforts in Sierra Leone and Madagascar Providing both practical lessons learned and hope for communities globally Hayward demonstrates that higher education change and even transformation which is more fundamental and structural can occur even in the most difficult environments Successful transformation requires well crafted strategic and budget plans with careful implementation monitoring and effective leadership at multiple levels Yet also critical are a commitment to human development a desire for freedom and belief in democracy and recognition that high quality higher education is essential to national development This book provides detailed and informative accounts of system transformation policymaking leadership and development in several developing

countries These areas are largely neglected in the literature It also provides an account of the value of coordination and planning in developing effective higher education systems and institutions It is clear that the author has long experience and expertise in the topics and regions addressed Brendan Cantwell Michigan State University *The Bloomsbury Handbook of Postcolonial Print Cultures* Toral Jatin Gajarawala, Neelam Srivastava, Rajeswari Sunder Rajan, Jack Webb, 2023-08-10 The texts that make up postcolonial print cultures are often found outside the archival catalogue and in lesser examined repositories such as personal collections the streets or appendages to established collections This volume examines the published and unpublished writing magazines pamphlets paratexts advertisements cartoons radio and street art that serve as the intellectual forces behind opposition to colonial orders as meditations on the futures of embryonic nation states and as visions of new forms of equality The print cultures examined here are necessarily anti institutional they serve as a counterpoint to the colonial archive and relatedly to more traditional genres and text formats coming out of large scale publishers This means that much of the primary material analyzed in this book has not been scrutinized before Many of these print productions articulate collective liberation projects with origins in the grassroots They include debates around the shape of the postcolonial nation and the new state formation that necessarily draw on a diverse and contentious public sphere of opinion Their rhetoric ranges from the reformist to the revolutionary Reflecting the diversity indeed the disorderliness of postcolonial print cultures this book covers local national and transnational cultures from Asia Africa Europe and the Americas Its wide ranging essays offer a nuanced and taken together a definitive though that is not to say comprehensive or systematic study of a global phenomenon postcolonial print cultures as a distinct literary field The chapters recover the efforts of writers readers and publishers to produce a postcolonialism from below and thereby offer a range of fresh perspectives on the meaning and history of postcolonialism **ICEL 2017 - Proceedings of the 12th International Conference on e-Learning** Laurie O.
