Information Services for a Sustainable Society Madeleine C. Fombad, Collence Takaingenhamo Chisita, Omwoyo Bosire Onyancha, Mabel K. Minishi-Majanja, 2023-07-24 The publication seeks to establish how information professionals are providing information services in a sustainable society in an era of information disorder. It also provides the strategic direction to strengthen the global voice of libraries inspiring and enhancing professional practice as well as enhancing international cooperation and collaboration among LIS educators and practitioners. The contents are divided according to the following key sub themes that resonate with the title as outlined below: Library and information services in the information age; Data and records in an era of information disorder; Archives data curation and preservation in the digital era; Data science analytics and visualization; Information ethics in the digital era; Information deluge in the digital era; Information and knowledge management; Fourth Industrial revolution. The highlighted themes explore critical issues relating to how libraries, archives and related institutions are responding to the seismic shifts in the information landscape amidst a myriad of challenges and opportunities. The sub themes bring together a tapestry of articles that explore the status, experiences and future prospects of the dynamic library and information science practice.

Multidisciplinary Approach to Information Technology in Library and Information Science Holland, Barbara, Sinha, Keshav, 2024-02-14 In the ever evolving landscape of information technology within library and information science, scholars often find themselves navigating a complex web of diverse research areas. The broad spectrum of topics ranging from digital libraries to artificial intelligence poses a significant challenge for academic scholars seeking a comprehensive understanding of the field's intricacies. The absence of a consolidated resource tailored to the specific needs of graduate students, professors and practitioners further exacerbates this issue. **Multidisciplinary Approach to Information Technology in Library and Information Science** addresses the pressing challenges faced by scholars in the realm of library and information science. This reference handbook serves as a beacon illuminating the multifaceted interactions and impacts of technologies on information resources. This book delves into the ethical, legal and social implications of information technology across diverse contexts: libraries, information centers, archives, museums, education, business, government and healthcare.

Soshanguve paremiology+ Napjadi Letsoalo, Mpho Ngoepe, 2025-08-15 This scholarly book explores the transformative role of proverbs in cultural education, preservation and scholarly discourse in South Africa. It emphasises the importance of integrating indigenous African knowledge into academic spaces to support decolonisation, re-Africanisation and transformation. Proverbs are presented as tools for promoting multilingualism, multiculturalism, social cohesion and mutual respect in South Africa's diverse society. The book addresses the United Nations UN Sustainable Development Goal (SDG) 4: quality education, SDG 5: gender equity, SDG 9: innovation and SDG 10: reduce inequality.
