Theoretical and Conceptual Frameworks in ICT Research Kandiero (PhD),

Agripah,Bigirimana, Stanislas,Chizwina, Sabelo,2023-12-29 Research that is based on appropriate theoretical or conceptual frameworks ensures valid and credible research objectives and the production of relevant results that complement existing literature on a research problem Innovative and relevant knowledge is produced using appropriate theories and concepts Despite the importance of theoretical and conceptual frameworks to research many researchers have difficulties applying them appropriately in their research Researchers in information systems have limited exposure to theories of societal and human development that should guide them in applying their knowledge of information systems to address real world problems Theoretical and Conceptual Frameworks in ICT Research presents a collection of practical case applications of theoretical and conceptual frameworks in information systems research It guides researchers of information systems to explore and use appropriate theoretical frameworks This book further tests different theories and frameworks and recommends their effectiveness and improvement and identifies context specific theoretical and conceptual frameworks Covering topics such as decision electronic health record implementation institution management and technology adoption this premier reference source is an essential resource for policymakers educators and advanced level students of higher education information systems professionals librarians researchers and academicians **History of Zimbabwe** , *Once Upon a Time in Zimbabwe* Alan Webb,2023-11-03 Joseph Daniels narrates his family s origins beginning with their arrival from England among the 1820 Settlers that landed in Cape Town South Africa Starting with nothing except a plot of land and the promise of prosperity in the Dark Continent his ancestors John Henry and Kathleen Daniels build a legacy that will intertwine their European heritage and that of the Black indigenous people of Africa Generations later their mixed race descendant Joseph Daniels born in the turbulent years leading up to Zimbabwe s independence in 1980 strives to adapt to an environment rife with racial contradictions political tension and violence Joseph shares the tender harrowing and humorous moments of his family s lives set against a backdrop of Zimbabwe and South Africa s rich culture and history Starting with the clash of African kings in Southern Africa Joseph s multigenerational tale moves through European colonization the Rhodesian Civil War Zimbabwe s independence and Robert Mugabe s long presidency By the time Joseph comes of age in the 1990s he must navigate the complexity of his mixed race Coloured identity while seeking to establish his generational inheritance and legacy An episodic novel that sweeps across the centuries *Once Upon a Time in Zimbabwe* is replete with historical detail and unforgettable characters At turns adventurous romantic thrilling and heartbreaking the story of Joseph Daniels and his family is a testament to the resilience of the human spirit **Zimbabwe Press Mirror** ,1998

Governance and Transformations of Universities in Africa Fredrick. M. Nafukho,Helen M. A. Muyia,Beverly Irby,2014-06-01 While universities world over are undergoing reforms and change in the case of African universities as illustrated in this book the reforms and changes are profound and can best be described as transformative This book is unique in many ways which makes it extraordinary First unlike other books that have examined issues on higher education in

Africa from externalist positions the contributors to this book are scholars who have been educated are currently teaching in African universities or have taught in African universities The book specifically focuses on transformations in the governance of African universities and its implications on equity entrepreneurship innovation quality assurance information and communication technologies ICTs and reform issues in higher education in Africa The book presents pertinent research on governance in African universities in an experiential and empirical manner The contributors of the book chapters include individuals actively involved in teaching researching and governance of higher education institutions in Africa The chapters are based on empirical data including review of relevant literature The book also recognizes that university governance is more than just crisis in financial or economic issues but includes best management practices shared governance meaningful reforms strategic planning consultation transparency and accountability client students lecturers parents and the public satisfaction as well as the role of the university in development The contributions take cognizance of the fact that governance as a concept is facing fundamental changes in the context of global knowledge economy and African local conditions Contributors also take cognizance of the fact that one important source of change in Africa has been the accelerating speed of scientific and technological advancement in learning at universities where lifelong learning programs adult learning programs distance and online learning are relatively new The chapters are also sensitive to new changes in gender demographical technological education reforms social and economic transformations in the governance of African universities The book is basically an academic book for use by undergraduates and graduate students at universities policy makers and formulators in African ministries of Education supra national organizations foreign organizations working in Africa NGOs and CBOs as well as development stakeholders and community organizers
