

The Divine Comedy

The Soul's Journey Toward God

With Dante, we journeyed from darkness to vision. His poetry gave shape to sin, penance, and beatitude — and helped us imagine what redemption looks like.

“Reading through the Divine Comedy unlocked a deeper understanding of the wonder of divine love.”

Unlocked Soul Poetry:

Unlocked Soul Poetry Elizabeth Zabawa, 2015-01-09 Unlocked Soul Poetry is a written work of life's many experiences and challenges that I have faced throughout my life. I hope my words can inspire others who have gone through or are still going through difficult times and that they too will know that there is always light at the end of the tunnel. *Unlocking the Poetry of W. B. Yeats* Daniel Tompsett, 2018-06-13 *Unlocking the Poetry of W B Yeats* undertakes a thorough re-reading of Yeats' oeuvre as an extended meditation on the image and theme of the heart as it is evident within the poetry. It places the heart at the centre of a complex web of Yeatsian preoccupations and associations from the biographical to the poetic and philosophical to the mythological and mystical. In particular, the book seeks to unlock Yeats' mystifying aesthetic vision via his understanding of the ancient Egyptian Weighing of the Heart ceremony. The work provides a chronological narrative arc that looks to use the theme of the heart as it recurs in the poetry in order to circumvent and overcome more established frameworks. Its purpose is to offer refreshing ways of conceptualizing and building alternatives to more deeply entrenched but not entirely satisfactory arguments that have been offered since Yeats' death in 1939 while demonstrating the centrality of the occult to Yeats' art. associated with the script were at some remove from the centres of runic practice in medieval Scandinavia. Both literary cultures thus inherited knowledge of the runic system and the traditions associated with it but viewed this literate past from the vantage point of a developed manuscript culture. There has as yet been no comprehensive study of poetic responses to this scriptural heritage which include episodes in such canonical texts as *Beowulf*, the Old English riddles and the poems of the Poetic Edda. By analysing the inflection of the script through shared literary traditions this study enhances our understanding of the burgeoning of literary self awareness in early medieval vernacular poetry and the construction of cultural memory and furthers our understanding of the relationship between Anglo Saxon and Norse textual cultures. The introduction sets out in detail the rationale for examining runes in poetry as a literary motif and surveys the relevant critical debates. The body of the volume is comprised of five linked case studies of runes in poetry viewing these representations through the paradigm of scriptural reconstruction and the validation of contemporary literary historical and religious sensibilities.
