Professor Conant Lucius Seth Huntington, 1884 [The Onam Rhyme and Other Passages from Time](#) Biju Vasudevan, 2017-02-23 THE ONAM RHYME AND OTHER PASSAGES FROM TIME is a compendium of Traditional English Poetic Works. As opposed to Modern Poetry, this book is a meandering journey through a multitude of emotions and insights ranging from the sublime and exhilarating to the dark and depressing. This book, like life, is painted in shades of grey, where the light blends in with the shadows and black merges into white, forming shades of grey at the borders.

where they meet There is nothing called absolute joy and neither absolute sorrow no absolute victory and neither absolute defeat in life Everything is relative and are governed by the laws of relativity as expounded by science too Nobody is perfect and nobody is completely flawed too Everything is ephemeral and temporary including our emotions too The only thing that is permanent in this world is His Eternal Grace which is boundless and unending The central message of this collection of poetry is the divesting of the self from the ephemeral and attaching the self firmly with the eternal which is His Mysterious Grace I sincerely hope that the readers shall find this collection to be worth their while

Is The "World's Oldest Bible" A Fake? David W. Daniels,2018-01-09 Modern research techniques have revealed a hidden scheme aimed at God's Holy Words Modern Bibles have changed many verses because of the discovery of an ancient manuscript in a monastery on the Sinai Peninsula The manuscript called Sinaiticus is claimed to be the earliest complete copy of the New Testament Its discoverer who was a world leading Bible scholar in his time told the world Sinaiticus was from the 4th century and that it was the oldest and best Bible available Publishers rushed to make new Bibles with many changes to match it But not everyone agreed When this famed 19th century Bible scholar Constantine Von Tischendorf claimed the ancient date a well known Greek calligrapher said No I made that document But why did no one believe him Maybe it's because pages of the manuscript were stored where no one could view them archived in exclusive collections across several continents Now an international group has carefully photographed each page of Sinaiticus and is displaying it on the internet as high quality digital images For the first time Bible scholars and students can see the entire manuscript together as was never possible before And what they are seeing with their own eyes is shocking Some of the pages are white and look quite new while others have been darkened to make them look very old If they are all from the same old Bible how can this be Researcher David W Daniels proves with easy to understand evidence that the Sinaiticus is not the oldest manuscript and certainly not the best either He is also convincing in showing it's not old after all and that the Greek calligrapher did make it in the 19th century The textual and doctrinal changes in modern Bibles are based upon a fake a shadowy scheme worthy of Satan's hatred for the preserved words of God
