Up And In:

Up and Over Dave Hadfield, 2011-11-18 Along the way he met the people whose enthusiasm for the game has made it so durable current and former internationals as well as others involved at all levels as well as a few miserable old gits for balance In this intimate account Hadfield observes the way rugby league fits into the history and sociology of towns like Wigan and Castleford with which it is synonymous His record of the journey is in the great tradition of writers from Wordsworth to Laurie Lee who found in long walks the perfect medium to explore and reflect upon their surroundings Up and Over is the definitive book about the game and the local passions it engenders as Hadfield seeks out the poignant and the humorous on a personal journey of discovery For those who follow rugby league it will give a unique perspective on the parts of the world they know intimately for others it will be an introduction to a different world seen via one of the elements that gives it its identity *Catching Up And Falling Behind: Post-communist Transformation In Historical Perspective* David

A Dyker, 2004-07-05 In this collection of essays David A Dyker explores some of the most difficult and fascinating aspects of the process of transition from autocratic real socialism to a capitalism that is sometimes democratic sometimes authoritarian The stress is on the economic dimension of transformation but the author sets the economic drama firmly within a political economy framework and a historical perspective Trends in key economic variables are analysed against the background of the struggle between different social and political groups for power and command over resources While the book pays due attention to topical issues like EU enlargement the underlying perspective is a long term one Transition is viewed not as a set of once and for all institutional changes or a process of short term stabilisation but as a historic opportunity to solve the inherited problem of poverty and underdevelopment in Central East Europe and the former Soviet Union The book ends with a critical assessment of how economics as a discipline has coped with the challenge of that historic opportunity Economic Opening Up and Growth in Russia Evgeny Gavrilenko, Paul J.J. Welfens, Ralf Wiegert, 2004-01-21 After a decade of sharp economic decline Russia switched to an impressive period of economic growth Yet the economic record is still mixed and many key problems remain unresolved both in the economic sphere and the political system The focus is on economic dynamics in Russia reasons for its hesitant opening up process as well as the special role of the natural resources sector which is expected to continue to grow This analysis highlights the existing deficiencies of the Russian economic system and raises doubts about the sustainability of growth Twin focus is on required reforms and endogenous forces that impair liberalizing trade and investment in an orderly way Russian discussions on WTO and other international topics are reflected

everyday woman who pushed hard through barriers doubts and setbacks that any entrepreneur would face On top of all that she overcame obstacles that are uniquely ours as women today Claudia is now a standout among women but with her book in hand women who want to build a business to scale have a blueprint and path to do so Here s to making dreams come true Coco Brown CEO and Founder The Athena Alliance As I read through the book there were multiple points where I thought Every man in any startup or fast growing business should read this As a man in technology I took away lots of new ideas along with examples that were explained in a way that I wouldn t have been able to do prior to reading Claudia s book Brad Feld Managing Director at Foundry Group author of Venture Deals and Do More Faster Reuter breaks the stigma about mothers that chose to leave the workforce She provides practical tools to start a business by showing the path to success for every woman that wants to write her own rules Sharon Kan CEO of Pepperlane Co Founder of the WIN Lab Reuter manages to put into words what women have been facing and feeling for decades She leaves the readers with stories steps and inspiration to create the career path they are worthy of no matter if it s starting from scratch or breaking glass ceilings This book will fuel the next generation of women in leadership and entrepreneurship giving them guides and confidence as it has fueled me to start the business I have always wanted Elizabeth Presta CD DONA CLD Close-up and Macro Photography Robert Thompson,2017-09-18 Focusing on fieldcraft techniques for macro and close up photography Thompson covers the vital but often overlooked skills necessary to achieve consistent professional results in the field Case studies covering a broad and often challenging group of subjects from the seashore to your back garden form the core of the lavishly illustrated book Biology life history subject behaviour and ethics along with best practice approaches are discussed in detail and underpinned with photographic tips The book is divided into four sections Digital Fundamentals Fieldcraft Methodology Portfolio Case Studies Digital Workflow Presentation covering the full photographic process from capture through to editing captioning development and storage are discussed Moving beyond the surface level approach to macro instruction this book provides readers with techniques that work in the field Illustrated with over 250 of the author s own inspiring images this publication is a must for photographers naturalists and anyone interested in improving their macro skills in the field Rent-sharing, Hold-up and Manufacturing Wages in Cote D'ivoire Jean-Paul Azam,Catherine Ris,2001 Labor costs in Francophone Africa are considered high by the standards of low income countries at least in the formal sector Workers appear to have some bargaining power and in C te d Ivoire can force renegotiation of labor contracts in response to new investments

Handbook for Defining and Setting Up a Food Security Information and Early Warning System (FSIEWS). Food and Agriculture Organization of the United Nations,2001-01-01 The World Food Summit held in Rome in November 1996 recognised the urgent need for better information As a result the FIVIMS Food Insecurity and Vulnerability Information and Mapping System initiative was launched as a co operative venture to assist countries and the international community to identify the who where and why of food insecurity Even before the Summit many countries had established approaches for

this purpose based on multidisciplinary networks at national and local levels One of these approaches developed first in French speaking Africa is the FSIEWS method Food Security Information and Early Warning System proposed in this handbook as one of the tools available to those engaged in the fight against hunger This contribution to the FIVIMS initiative is addressed to the national technical officers at central and decentralised level as well as to their collaborators from the technical assistance community
