The Book Tree Elizabeth McCallum, Jane Scott, 2008 Literary habits naturally give way to literary affections Once upon a time a carpenter entered a forest and happened upon a wolf wearing a feathered cap Quick whose side are you on If you don t know we suggest reading a hearty round of fairytales Stories provide a roadmap for life This is because stories are life But

oftentimes it's easiest to understand where we are when we can look through other eyes from the perspective of someone else living somewhere else some when else For those beginning to read for the first time or those beginning to read again The Book Tree will drop golden apples in your lap until you can climb high enough to pick for yourself Seasoned Speech James E. Beitler III, 2019-05-07 Being a faithful disciple of Christ means having seasoned speech practicing a rhetoric that beneficially and persuasively imparts the surprising truth of the gospel James Beitler seeks to renew interest in and hunger for an effective Christian rhetoric by closely considering the work of five beloved Christian communicators C S Lewis Dorothy L Sayers Dietrich Bonhoeffer Desmond Tutu and Marilynne Robinson **C S Lewis** Colin Duriez, 2013-05-02 An Oxford student of C S Lewis said he found his new tutor interesting and was told by J R R Tolkien Interesting Yes he's certainly that You'll never get to the bottom of him You can learn a great deal about people by their friends and nowhere is this more true than in the case of C S Lewis the remarkable academic author populariser of faith and creator of Narnia He lost his mother early in life and became estranged from his father much to his regret Throughout his life key relationships mattered deeply to him from his early days in the north of Ireland and his schooldays in England as still a teenager in the trenches of World War One and then later in Oxford The friendships he cultivated throughout his life proved to be vital influencing his thoughts his beliefs and his writings What did Arthur Greeves a life long friend from his adolescence bring to him How did J R R Tolkien and the other members of the now famous Inklings shape him Why in his early twenties did he move in with a single mother twice his age Janie Moore and live with her for so many years until her death And why did he choose to marry so late What of the relationship with his alcoholic and gifted brother who eventually joined his unusual household In this sparkling new biography which draws on material not previously published Colin Duriez brings C S Lewis and his friendships to life

Yet One More Spring Don W. King, 2015-09-15 The first comprehensive study of a gifted but largely overlooked American writer Joy Davidman 1915-1960 is probably best known today as the woman that C S Lewis married in the last decade of his life But she was also an accomplished writer in her own right an award winning poet and a prolific book theater and film reviewer during the late 1930s and early 1940s Yet One More Spring is the first comprehensive critical study of Joy Davidman's poetry nonfiction and fiction Don King studies her body of work including both published and unpublished works chronologically tracing her development as a writer and revealing Davidman's literary influence on C S Lewis King also shows how Davidman's work reflects her religious and intellectual journey from secular Judaism to atheism to Communism to Christianity Drawing as it does on a cache of previously unknown manuscripts of Davidman's work Yet One More Spring brings to light the work of a very gifted but largely overlooked American writer *Modern Fantasy* Colin N. Manlove, 2020-04-16 After a decade from 1965 which had seen the growth in Britain and America of an enormous interest in fantasy literature and a rise in its academic repute from cold to lukewarm a serious study of the subject seemed long overdue In this first critical book in its time on modern English fantasy Colin Manlove surveys a representative group of modern

fantasies in the Victorian period in the children's scientific and Christian fantasy *The Water Babies* by Charles Kingsley and the mystical fantasy of the Scottish writer George MacDonald and from the twentieth century the interplanetary romances of C. S. Lewis the post-war fantasy of rebellious youth in Mervyn Peake's *Gormenghast* books and the quest to avert apocalypse in J. R. R. Tolkien's *The Lord of the Rings*. The aim with all these works is to show the peculiar literary experiences they offer and to assess their strengths and limitations in relation to wider English literature. In the introduction to his book *Manlove* gives a definition of fantasy marking off the genre from its near neighbors science fiction and Gothic or horror story and distinguishing between fantasies that are serious works of imagination and those that are fanciful or escapist. Each chapter that follows is primarily a literary analysis set in a context of the writer's life, thought and other works. As the book proceeds there begins to emerge a picture of the originality and merit of the writers but at the same time the sense of a division in the purpose of each writer whereby their works fail to abide by their own laws. In the conclusion to this book *Manlove* draws the different types of division found into one and argues that the problem is one that is endemic to the writing of modern fantasy.

Man Writes Dog William Farina, 2014-04-02 Over the millennia many great writers from Pliny and Plutarch to C. S. Lewis and John Steinbeck have addressed diverse canine themes in their work usually in a broader human context. Late in the 20th century it was conclusively established by modern science that all dogs without exception are descended from wolves. Viewed through the dynamic lens of this new model the constantly evolving relationship between humankind and canines both wild and domesticated appears more complex and intertwined than ever before. This survey reviews what 20 selected authors from the Western tradition have had to say on the same subject matter leading up to our present times. C. S. LEWIS PRE-EVANGELISM FOR A POST-CHRISTIAN WORLD Brian M. Williams, 2021-01-23 We find ourselves living today in very much a post-Christian world. Not only does the culture largely reject Christianity's claims we find that long-held basic truths that people have embraced throughout history have been jettisoned: the belief in objective morality, right and wrong transcend each person's opinions and feelings; spiritual reality; the world contains more than what we see via our 5 senses; that God is real; that truth is objective and knowable; if something is true, my disagreeing with it or finding it unpleasant emotionally doesn't make it false. This presents a great difficulty for Christians trying to communicate the Christian message to people today. We can take nothing for granted if the message is to make any sense to the hearer. We must start with the most basic concepts. The question then arises: How do we make a start when the bedrock ideas are not only disbelieved but viewed with contempt by so many today? C. S. Lewis thought that he had found a door we could enter to steal past the watchful dragons of the modern person's reason by way of imaginative fiction. He sought to re-introduce Christian ideas clothed in mythological garb so that in time after their affections had been stirred the explicit message about Christ might be given a fair hearing. He engaged both the heart and the head. In this way he pre-evangelized his audience. This book examines the grounds both philosophically and theologically upon which he did that. It explores Lewis's view of reality and the human

imagination surveying his Chronicles of Narnia and The Space Trilogy in particular to demonstrate precisely how he carried out this strategy We can learn from Lewis here as we show both the beauty and the truthfulness of Christianity to people in a way that meets them where they are **Passover, Pentecost and Parousia** ,2019-05-21 Dr R Hollis Gause has been Professor of Theological and New Testament Studies at Lee University and the Church of God Theological Seminary in Cleveland Tennessee for many years and his huge contribution to Pentecostal scholarship is held in high regard internationally His influential life and ministry as well as his teaching and scholarship are here celebrated in his 85th year by many of his colleagues and former students Contributors are Contributions K E Alexander L R Martin R D Moore J M Beaty J A Adewuya J C Thomas K J Archer S E Han T L Johns D G Roebuck J P Bowers C Bridges Johns C R Cason M O McMahan D W Slocumb R E Waldrup *Death and Fantasy* William Gray,2009-03-26 Drawing on philosophy theology and psychoanalysis as well as on literary criticism this collection of essays explores a range of fantasy texts with particular attention to the various ways in which they seek to deal with the reality of death The essays uncover some fascinating links and indeed tensions between the writers discussed The Biography Book Daniel S.
