United States History To 1865 Vdoe Virginia:

Virginia Politics & Government in a New Century Jeff Thomas, 2016-10-24 The modern political landscape of Virginia bears little resemblance to the past The commonwealth is a nationally influential swing state alongside stalwarts like Florida or Ohio But with increased power comes greater scrutiny and corruption Governor Bob McDonnell received a jail sentence on federal corruption charges later vacated by the U S Supreme Court Corporate influence on the state legislature and other leaders resulted in numerous ethics violations Scandal erupted at the prestigious University of Virginia when the school ousted its president amid political drama and intrigue Author Jeff Thomas reveals the intersection of money power and politics and the corrosive effect on government in a new era Teaching History and Social Studies to English Language Learners Luciana C. de Oliveira, Kathryn M. Obenchain, 2017-12-12 This book investigates the preparation of secondary history and social studies SS teachers to teach English language learners ELLs in twenty first century classrooms This edited collection focuses on the ways in which pre service and in service teachers have developed or may develop instructional effectiveness for working with ELLs in the secondary history and social studies classroom The authors address a variety of standards and content examples including the National Council for Social Studies C3 Framework and Curriculum Standards the Common Core State Standards for English Language Arts and content from history geography and civics This volume is part of a set of four edited books focused on teaching the key content areas to English language learners *Multimedia Learning Stations* Jen Spisak, 2015-09-28 Learn how to use rotating multimedia learning stations employing databases websites education apps videos audio podcasts online games books and more to build a strong collaborative library program that helps you strengthen student understanding of the research process Libraries across America are losing funding and suffering from cuts in positions and programs The process presented here will help you increase library use and prove that school libraries and librarians are a necessity Written for middle and secondary school librarians the book provides a guide to using standards based and content focused learning stations in the library to facilitate instruction and strengthen students research skills You ll learn what multimedia stations are why they should be used and how to use them to enhance and extend direct instruction Plus the book breaks down the steps for building sets of stations and shows you how to organize and implement them for maximum impact In addition to describing the hows the book provides sound arguments for why multimedia learning stations work The method ensures that students gain continued practice with resources and build the skills and dispositions you want them to have It also increases the amount of collaboration you ll have with teachers and enhances your interactions with and influence on your students Teacher and student testimonials are interspersed throughout the book and appendices offer you specific examples from which to draw *Technology in Retrospect* Richard A. Diem, Michael J. Berson, 2010-06-01 January 2009 marked the 25th anniversary of one of the most famous three minutes of television history It was during half time of the 1984 Super Bowl that APPLE show cased its new Macintosh Computer in an

avant guard commercial In the following three weeks sales of the new computer in both the public and private sectors took off leading some to note this occasion as the true start of the information age At the same time schools joined this so called information revolution and began to use the new technology in various forms in a much more serious manner Given both the changing nature of technology as well as its classroom applications over the past quarter century this work s goal is to capture the historical trends of both use and application of information technology in the social studies during this era This is done by providing a retrospective view from 1984 through 2009 of where we ve been where we are and a view of new tools and strategies and possible studies that are emerging that can enhance our understanding of the effects that technology has and will have on the social studies
