Dialect Contact Víctor Fernández-Mallat, Jennifer Nycz, 2025 Editors Jennifer Nycz and Victor Fernández Mallat argue that to expand our understanding of language use we must look at what happens when languages and versions of the same language come in contact with one another Over time two perspectives on dialect contact have emerged changes to individual speakers and changes to a community of speakers In this book a set of international contributors from both perspectives examines what happens when speakers of one language variety interact with speakers of another language variety and how each perspective can contribute to the other In *Dialect Contact* language contact in five continents and multiple languages is examined The research presented both validates existing linguistic understanding and shares dynamics that are unique to particular groups of speakers *Dialect Contact* highlights the importance of contact dynamics in larger linguistic studies and shows the importance of disentangling their effects from data sets in order to consider the specific communities and individuals being studied This book will be a must have for sociolinguistics scholars and students *Global Mobilities* Amy K. Levin, 2016-12-08 *Global Mobilities* illustrates the significant engagement of museums and archives with populations that have experienced forced or willing migration emigrants exiles refugees asylum seekers and others The volume explores the role of public institutions in the politics of integration and cultural diversity analyzing their efforts to further the inclusion of racial and ethnic minority populations Emphasizing the importance of cross cultural knowledge and exchange global case studies examine the conflicts inherent in such efforts considering key issues such as whether to focus on origins or destinations as well as whether assimilation integration or an entirely new model would be the most effective approach This collection provides an insight into diverse perspectives not only of museum practitioners and scholars but also the voices of artists visitors undocumented immigrants and other members of source communities *Global Mobilities* is an often provocative and thought inspiring resource which offers a comprehensive overview of the field for those interested in understanding its complexities *The Oxford Handbook of Comparative Foreign Relations Law* Curtis A. Bradley, 2019 This 46 chapter book written by leading experts across the globe compares and contrasts the foreign relations law of nations around the world both documenting important differences and also noting commonalities and emerging trends Comparative foreign relations law is a newly emerging field of study and teaching and this volume is likely to become a key reference work as the field continues to develop *Understanding African Real Estate Markets* Aly Karam, François Viruly, Catherine Kariuki, Victor Akujuru, 2022-04-28 This book brings together a broad range of research that interrogates how real estate market analysis finance planning and investment for residential and commercial developments across the African continent are undertaken In the past two decades African real estate markets have rapidly matured creating the conditions for new investment opportunities which has increased the demand for a deeper understanding of the commercial and residential markets across the continent The chapters consider issues that pertain to formal real estate markets and the critical

relationship between formal and informal property markets on the continent With contributing authors from South Africa Ghana Nigeria Uganda Kenya and Tanzania the book considers the achievements of African real estate markets while also highlighting the complex central themes such as underdeveloped land tenure arrangements the availability of finance in both the commercial and residential sectors rapidly growing urban areas and inadequate professional skills This book is essential reading for students in real estate land management planning finance development and economics programs who need to understand the nuances of markets in the African context Investors and policy makers will learn a lot reading this book too
