Pollack, 2000-11-01 Are there parallels between the moment of insight in science and the emergence of the unknowable in religious faith Where does scientific insight come from Award winning biologist Robert Pollack argues that an alliance between religious faith and science is not necessarily an argument in favor of irrationality the two can inform each other s visions of the world Pollack begins by reflecting on the large questions of meaning and purpose and the difficulty of finding either in the orderly world described by the data of science He considers the obligation to find meaning and purpose despite natural selection s claim to be a complete explanation of our presence as a species a claim that calls upon neither natural intention nor design nor Designer Next the book focuses on matters of free will from the choice of a scientist to accept evidence to the choice of a religious person to accept a revelation to a patient s loss of free will in medical treatment Here Pollack addresses questions of ethics and offers a provocative comparison of two difficult texts whose contents remain incompletely understood the DNA text of the human genome and the Hebrew record of Jewish written and oral law In closing Pollack considers the promise of genetic medicine in enabling us to glimpse our own

future and offers a reconsideration of the possible utility of the so called placebo effect in curing illness Whether refuting a DNA based biological model of Judaism or discussing the Darwinian concept of the species Pollack under the banner of free inquiry presents a genuine vital and well argued assay of the intersection of science and religion **Siree Guru Granth Sahib (Sikh Religion Scriptures 1)** Swarn Singh Bains,2009-12-03 Excerpts from Siree Guru Granth Sahib God is one It is true He is the Creator He has no concern with anything He has no enemy He is immortal He does not take birth He came into existence on His own He is realized by guru s divine teacher grace reciting God s name Recite Page 9 Be stable like a mountain patience like a goldsmith Be humble like an anvil repeat the name of God like the repetition of a hammer Intent like bellows and repeat the name of God from within as fire gives heat Make sincerity a pot mint your mind with the name of God That is how divinity is achieved Blessed by God is the only one who can do this Nanak says only with God s grace you can miss God and enjoy the fruit 38 Hymn Using air as a culture life has been created by the reaction of water and earth The way day and night begin and end Same way the whole creation takes birth and dies Good or bad whatever they do are accounted for in God s court Everyone gets the fruit of their deeds some soon others late Whoever worked hard to recite the name of God Nanak says they have attained salvation and many more have accompanied them God s worship is not wearing saffron coloured or dirty clothes O Nanak God is worshipped sitting at home through true guru s teaching 64 You may wander in all four corners and read four Vedas and all other scriptures in all four ages O Nanak if you meet with the true guru then only God enshrines in the mind and obtains salvation The guru is God Worshipping guru the God with devotion attains salvation First Master Songs sounds pleasures and clever tricks Joy love and the power to command Wearing clothes and food have no place in the consciousness True intuitive peace comes by enshrining God s name in the mind Page 60 O mind love God as the fish loves water As the water gets deeper she enjoys more the mind and body become peaceful It cannot survive without water even for a moment Water also feels the pain 2 O mind love the Lord as the rain bird loves rain The ponds get filled the land becomes lush green but the rain bird does not get a drop You receive what is in your fate You only get what you earn 3 O mind love God as the water loves milk Water mixed with milk changes its colour but does not let the milk change Page 262 Hymn Guru is mother the father the master and transcendent Lord Guru is a friend the destroyer of ignorance a relative and a brother Guru is the bestowal the teacher of God s name Guru s lesson is distinct Guru is the image of peace truth and intellect Guru is the touchstone that transforms Guru is a shrine pool of nectar To obtain guru s divine knowledge is beyond imagination Guru is the Creator the destroyer of sins Guru purifies the sinners Guru exists from the beginning for a long time for ages Reciting God through guru s teaching attains salvation O God unite me with the guru by your grace that I the sinner swim across holding on to guru the true guru the God the transcendent Lord the guru Nanak prays and pays his regard to guru the God 1 56 Once you obtain divine treasure do not tell anyone O kabeer There is no market no appraiser no customer and no price 23 O Kabeer take your drum and beat it for ten days Life is like people meeting on a boat on a river they shall

Why We Are Restless Benjamin Storey,Jenna Silber Storey,2022-10-25 A compelling exploration of how our pursuit of happiness makes us unhappy We live in an age of unprecedented prosperity yet everywhere we see signs that our pursuit of happiness has proven fruitless Dissatisfied we seek change for the sake of change even if it means undermining the foundations of our common life In Why We Are Restless Benjamin and Jenna Storey offer a profound and beautiful reflection on the roots of this malaise and examine how we might begin to cure ourselves Drawing on the insights of Montaigne Pascal Rousseau and Tocqueville Why We Are Restless explores the modern vision of happiness that leads us on and the disquiet that follows it like a lengthening shadow In the sixteenth century Montaigne articulated an original vision of human life that inspired people to see themselves as individuals dedicated to seeking contentment in the here and now but Pascal argued that we cannot find happiness through pleasant self seeking only anguished God seeking Rousseau later tried and failed to rescue Montaigne s worldliness from Pascal s attack Steeped in these debates Tocqueville visited the United States in 1831 and observing a people restless in the midst of their well being discovered what happens when an entire nation seeks worldly contentment and finds mostly discontent Arguing that the philosophy we have inherited despite pretending to let us live as we please produces remarkably homogenous and unhappy lives Why We Are Restless makes the case that finding true contentment requires rethinking our most basic assumptions about happiness
