Phenomenology and Intercultural Understanding Kwok-Ying Lau,2016-09-29 This book approaches the topic of intercultural understanding in philosophy from a phenomenological perspective It provides a bridge between Western and Eastern philosophy through in depth discussion of concepts and doctrines of phenomenology and ancient and contemporary Chinese philosophy Phenomenological readings of Daoist and Buddhist philosophies are provided the reader will find a study of theoretical and methodological issues and innovative readings of traditional Chinese and Indian philosophies from the phenomenological perspective The author uses a descriptive rigor to avoid cultural prejudices and provides a non Eurocentric conception and practice of philosophy Through this East West comparative study a compelling criticism of a Eurocentric conception of philosophy emerges New concepts and methods in intercultural philosophy are proposed through these chapters Researchers teachers post graduates and students of philosophy will all find this work intriguing and those with an interest in non Western philosophy or phenomenology will find it particularly engaging *Claude Lévi-Strauss* Patrick Wilcken,2010-10-07 When Claude Lévi Strauss passed away in 2009 at age 100 France celebrated the life and contributions of not only a preeminent anthropologist but one of the defining intellectuals of the 20th century Just as Freud had shaken up the antiquarian discipline of psychiatry so had Lévi Strauss revolutionized anthropology transforming it from the colonial era study of exotic tribes to one consumed with fundamental questions about the nature of humanity and civilization itself Remarkably there has never been a biography in English of the enigmatic Claude Lévi Strauss Drawing on a welter of original research and interviews with the anthropologist Patrick Wilcken's Claude Lévi Strauss fills this void In rich detail Wilcken recreates Lévi Strauss's peripatetic life his groundbreaking fieldwork in some of the remotest reaches of the Amazon in the 1930s his years as a Jew in Nazi occupied France and an emigré in wartime New York and his return to Paris in the late 1940s where he clashed with Jean Paul Sartre and fundamentally influenced fellow postwar thinkers from Jacques

Lacan to Michel Foucault and Roland Barthes It was in France that structuralism the school of thought he founded first took hold creating waves far beyond the field of anthropology In his heyday Levi Strauss was both a hero to contemporary intellectuals and an international celebrity In Claude Levi Strauss Wilcken gives the reader a fascinating intellectual tour of the anthropologist's landmark works *Tristes Tropiques* his most famous book a literary meditation on his travels and fieldwork *The Savage Mind* which showed that primitive people are driven by the same intellectual curiosities as their Western counterparts and finally his monumental four volume *Mythologiques* a study of the universal structures of native mythology in the Americas In the years that Levi Strauss published these pioneering works Wilcken observes tribal societies seemed to hold the answers to the most profound questions about the human mind Following the great anthropologist from São Paulo to the Brazilian interior and from New York to Paris Patrick Wilcken's Claude Levi Strauss is both an evocative journey and an intellectual biography of one of the 20th century's most influential minds
