Rehabilitating Lochner David E. Bernstein, 2011-05-15 In this timely reevaluation of an infamous Supreme Court decision David E Bernstein provides a compelling survey of the history and background of *Lochner v New York* This 1905 decision invalidated state laws limiting work hours and became the leading case contending that novel economic regulations were unconstitutional Sure to be controversial *Rehabilitating Lochner* argues that the decision was well grounded in precedent and that modern constitutional jurisprudence owes at least as much to the limited government ideas of *Lochner* proponents as to the more expansive vision of its Progressive opponents Tracing the influence of this decision through subsequent battles over segregation laws sex discrimination civil liberties and more *Rehabilitating Lochner* argues not only that the court acted reasonably in *Lochner* but that *Lochner* and like minded cases have been widely misunderstood and unfairly maligned ever since The Great Grace Nigel Zimmermann, 2015-05-21 Nigel Zimmermann presents critical reflections from leading Catholic prelates and scholars on the significance of the Second Vatican Council fifty years after it began These include two senior Cardinals one of whom is the head of the Congregation of Bishops and the other a member of Pope Francis new advisory body on reforming the Roman Curia as well as Prefect of the Secretariat for the Economy Together with thinkers from North America the UK Rome and Australia they take up key themes from the Conciliar documents and assess the reception of the Council half a century on from its inception In doing so they open up new avenues for thinking through the authentic witness and teaching of the most important ecclesiastical event of the twentieth century These avenues include discussion of themes such as the liturgy *communio* the Council in its historical context the role of the laity communicating the Council in a social media world and the task of mission in the future This volume marks a turning point in the Council s reception in the wider Church *The Struggle for Constitutionalism in Poland* M. Brzezinski, 1997-10-29 This first time in paperback is the best comprehensive examination of the development of constitutionalism in Poland In particular this book examines Poland s long term constitutional history the adoption of a new constitutional framework after 1989 and the establishment of structures and procedures designed to institutionalize enduring respect for constitutional rules and principles Notwithstanding continuing challenges in Poland the groundwork for constitutionalism based on notions of limited government and reflective of European constitutional norms has emerged from the collapse of the communist system of power **Christian Culture and Society in Later Catholic England**, 2024-08-05 This book in memory of F Donald Logan explores different aspects of Christian culture and society in England from the twelfth to the sixteenth century Although this period has traditionally been interpreted in terms of decline and decay this

excessively gloomy picture has slowly given way over the last eighty years or so to a more positive view of Christian civilization during these centuries The twenty two studies brought together here seek to build on this ongoing reassessment of Later Catholic England especially in those areas in which Professor Logan himself had done so much to deepen our understanding of Christian English society Contributors are Travis Baker Caroline Barron Nicholas Bennett Barbara Bombi Paul Brand Janet Burton James G Clark Karen Corsano Virginia Davis Charles Donahue Jr Anne J Duggan Joan Greatrex Diana Greenway Michael Haren R H Helmholz Philippa Hoskin Henry Ansgar Kelly Frederik Pedersen Seymour Phillips Michael J P Robson Jens R hrkasten Jane Sayers R N Swanson Daniel Williman and Patrick Zutshi The Rights Retained by the People: The Ninth Amendment and Constitutional Interpretation Randy E. Dicey,2013-10 The Oxford Edition of Dicey provides sources with which to reassess the extraordinary authority and lasting influence of Dicey s canonical text Volume Two Comparative Constitutionalism provides a complement to Dicey s The Law of the Constitution These largely unpublished comparative constitutional lectures were written for different versions of a comparative constitutional book that Dicey began but did not finish prior to his death in 1922 The lectures were a pioneering venture into comparative constitutionalism and reveal an

approach to legal education broader than Dicey is widely understood to have taken Topics discussed include English French American and Prussian constitutionalism the separation of powers representative government and federalism The volume begins with an editorial introduction examining the implications of these comparative lectures and Dicey's early foray into comparative constitutionalism for his general constitutional thought and the kinds of response it has elicited **Old Flames** John Lawton, 2018-09-01 Scotland Yard's Inspector Troy returns in a Cold War spy thriller hailed as stylish sophisticated suspenseful A fictional tour de force Patrick Anderson The Washington Post In April 1956 at the height of the Cold War Khrushchev and Bulganin leaders of the Soviet Union are in Britain on an official visit Chief Inspector Troy of Scotland Yard is assigned to be Khrushchev's bodyguard and to spy on him Soon after a Royal Navy diver is found dead and mutilated beyond recognition in Portsmouth Harbor Troy embarks on an investigation that takes him to the rotten heart of MI6 to the distant days of his childhood and into the dangerous arms of an old flame If Troy is the character at the heart of this novel its soul is England as it was during the Cold War years a country fueled by paranoia and espionage overrun with agents and counter agents caught up as Troy says in an age that specialized in thinking the unthinkable Anne Stephenson USA Today
