...in search of THE HEALING PLACE D D Murray McGavin MD, 2024-08-06 MARTIN FAIR A wonderfully easy read something of a rollercoaster ride It draws you in evocative detailed and engaging Excitement comes rushing off the page as you see God at work in Murray s own life and in so many places throughout the book ALASTAIR PETRIE I strongly recommend in search of THE HEALING PLACE for all leaders and all readers a blueprint for life Murray McGavin is clearly a champion for all people in all nations A treasure of medical skill not only about physical sight but also a compelling wake up call for spiritual insight A timely publication SANDY MILLAR This is no ordinary biography At one level a fascinating and inspiring story of one man his family and a life lived to the full At a deeper level it is clear that Murray s whole life and approach to every situation as a senior ophthalmologist in Afghanistan and in many lands springs from his lifelong faith A book very hard to put down I wholeheartedly recommend it

High Noon in the Automotive Industry Helmut Becker, 2006-02-10 This book was born from curiosity To begin with it was the curiosity of an economist who studied in the 60 s in an environment which has subsequently developed from national into global economics Who has to recognize that politicians scholars and large segments of society oblivious to supranational authorities and e nomic globalization forces continue to labour under the notion that they are still fully autonomous and sovereign when shaping national economic policy And pretend as though their own national state were still the m ter in its own house that despite unbridled market economics could c tinue to dictate to the economy and companies how to live and in which rooms All that has become fiction The laws of globalization diminish the noeuvring space for shaping national economic policy Even if many folks today don t want to hear it The issue is no longer achieving what is soc politically desirable for the own society but rather the optimal adaptation of society and social benefits to the politically practicable
