works and what is actually effective You already have been through the wringer with all these online marketers who use the same copy paste template of a sales page with mailing lists which send you unwanted traffic several times a week and insist that you are stupid enough to believe their hype over and over and over The Masters of Marketing Secrets series brings you these classics so that you can make up your own mind All that has been done with these books is to give you modern versions of them which have been mostly cleaned up of typo s and poor editing and also made available in ebook and paperback so you can study them at your leisure J George Frederick lived in those times and wrote about the people and principles of advertising they discovered His book has been handed around for years and as you study the other books in this series it starts pulling the pieces together for you

The Gender of Photography Nicole Hudgins, 2020-09-02 It would be unthinkable now to omit early female pioneers from any survey of photography s history in the Western world Yet for many years the gendered language of American British and French photographic literature made it appear that women s interactions with early photography did not count as significant contributions Using French and English photo journals cartoons art criticism novels and early career guides aimed at women this volume will show why and how early photographic clubs journals exhibitions and studios insisted on masculine values and authority and how Victorian women engaged with photography despite that dominant trend Focusing on the period before 1890 when women were yet to develop the self assurance that would lead to broader recognition of the value of their work this study probes the mechanisms by which exclusion took place and explores how women practiced photography anyway both as amateurs and professionals Challenging the marginalization of women s work in the early history of photography this is essential reading for students and scholars of photography history and gender studies
