Soviet Posters Pull Out Edition:

Soviet Posters Maria Lafont, Sergo Grigorian, 2015-02-09 This large format book of Soviet propaganda posters allows the reader to remove individual posters and is at once a revealing historical document and a sublime example of graphic art at its best. Dating from 1917 to the end of the Cold War, the posters in this book feature the work of groundbreaking Russian artists such as El Lissitzky and Alexander Rodchenko alongside extraordinary works by their contemporaries. Presented in full color, printed on heavy paper and in a large format, the posters gathered here represent the pinnacle of Russian avant garde design from the 20th century. They range in theme from the dangers of alcohol abuse and the creeping Nazi menace to illustrations of utopian harmony and the Soviet industrial machine. A special feature of this book allows for the removal of the posters which have been designed to fit standard frame sizes. A brief introduction offers a chronological overview of the period that produced such eloquent art which has long been a major source of inspiration to artists and designers. *The personality*

cult of Stalin in Soviet posters, 1929-1953 Anita Pisch, 2016-12-16 From 1929 until 1953 Iosif Stalin's image became a central symbol in Soviet propaganda. Touched up images of an omniscient Stalin appeared everywhere: emblazoned across buildings and lining the streets, carried in parades and woven into carpets, and saturating the media of socialist realist painting, statuary, monumental architecture, friezes, banners, and posters. From the beginning of the Soviet regime, posters were seen as a vitally important medium for communicating with the population of the vast territories of the USSR. Stalin's image became a symbol of Bolshevik values and the personification of a revolutionary new type of society. The persona created for Stalin in propaganda posters reflects how the state saw itself or, at the very least, how it wished to appear in the eyes of the people. The Stalin who was celebrated in posters bore but scant resemblance to the man Iosif Vissarionovich Dzhugashvili, whose humble origins, criminal past, penchant for violent solutions, and unprepossessing appearance made him an unlikely recipient of uncritical charismatic adulation. The Bolsheviks needed a wise, nurturing, and authoritative figure to embody their revolutionary vision and to legitimate their hold on power. This leader would come to embody the sacred and archetypal qualities of the wise Teacher, the Father of the nation, the great Warrior, and military strategist, and the Saviour of first the Russian land and then the whole world. This book is the first dedicated study on the marketing of Stalin in Soviet propaganda posters. Drawing on the archives of libraries and museums throughout Russia, hundreds of previously unpublished posters are examined, with more than 130 reproduced in full colour. *The personality cult of Stalin in Soviet posters, 1929-1953* is a unique and valuable contribution to the discourse in Stalinist studies across a number of disciplines.

Mao and the Sino-Soviet Split, 1959-1973 Danhui Li, Yafeng Xia, 2018-09-15 In the twenty-first century, students of Cold War history are fortunate to have the fruits of several major works on the Sino-Soviet split by European and American scholars. What is lacking in English literature, however, is a book based on international documentation, especially Chinese archival documents that tell the story from the Chinese perspective. Based on archival materials from several countries,

particularly China and more than twenty years of research on the subject two prominent Chinese historians Danhui Li and Yafeng Xia offer a comprehensive look at the Sino Soviet split from 1959 when visible cracks appeared in the Sino Soviet alliance to 1973 when China's foreign policy changed from an alliance with the Soviet Union to oppose the United States to aligning with the United States to oppose the Soviet Union Mao and the Sino Soviet Split 1959 1973 A New History is a reevaluation of the history of the Sino Soviet split and offers the first comprehensive account of it from a Chinese perspective This book together with its prequel Mao and the Sino Soviet Partnership 1945 1959 A New History is important because any changes in Sino Soviet relations at the time affected and to a great extent determined the fate of the socialist bloc More importantly it directly impacted and transformed the international political situation during the Cold War These two books promise to be a reevaluation of the history of the Sino Soviet alliance from its birth to its demise These fascinating books will be a crucial resource for all those interested in the topic and will stand as the definitive work on the Sino Soviet alliance for years to come

Vision and Communism Robert Bird, Christopher P. Heuer, Tumelo Mosaka, Stephanie Smith, Matthew Jesse Jackson, 2011-10-18 In the last thirty years of the Soviet Communist project Viktor Koretsky's art struggled to solve an enduring riddle how to ensure or restore Communism's moral health through the production of a distinctively Communist vision In this sense Koretsky's art demonstrates what an avant garde late Communist art would have looked like if we had ever seen it mature Most striking of all Koretsky was pioneering the visual languages of Benetton and MTV at a time when the iconography of interracial togetherness was still only a vague rumor on Madison Avenue *Vision and Communism* presents a series of interconnected essays devoted to Viktor Koretsky's art and the social worlds that it hoped to transform Produced collectively by its five editors this writing also considers the visual art film and music included in the exhibition *Vision and Communism* opening at the Smart Museum of Art in September 2011

The Great War in Russian Memory Karen Petrone, 2011-07-14 Karen Petrone shatters the notion that World War I was a forgotten war in the Soviet Union Although never officially commemorated the Great War was the subject of a lively discourse about religion heroism violence and patriotism during the interwar period Using memoirs literature films military histories and archival materials Petrone reconstructs Soviet ideas regarding the motivations for fighting the justification for killing the nature of the enemy and the qualities of a hero She reveals how some of these ideas undermined Soviet notions of military honor and patriotism while others reinforced them As the political culture changed and war with Germany loomed during the Stalinist 1930s internationalist voices were silenced and a nationalist view of Russian military heroism and patriotism prevailed

The Arbitrator Dorothy Schiller, 2015-12-16 No man aspires to do the things we did We were ordinary men made to cope with extraordinary situations In order for genocide to happen it can only come about when political and social agendas are aligned I have killed with ruthless disregard for humanity I ordered young German soldiers to kill with the same ruthless disregard for humanity I am a criminal I have chosen to tell my story for many reasons but above all in the hope that my words will explain how such heinous madness can be taken from an idea to a reality and how we all have the ability to slip from our comfortable lives and spiral into an abyss to which we are irrevocably committed The ability to kill is encoded in the genetics of every human being and the wisdom and ability to control it are fragile guardians
