helpful for anyone managing Linux in the enterprise His style of writing is very clear He builds up to the chapter exercises
which I find to be relevant to real world scenarios a user or admin would encounter An IT IS student would find this book a
valuable complement to their education The vast amount of information is extremely well balanced and Sobell manages to
present the content without complicated asides and meandering prose This is a must have for anyone managing Linux
systems in a networked environment or anyone running a Linux server I would also highly recommend it to an experienced
