The Story of Real Life Police Murders. Nigel Wier, 2011-09-02. This book is about the murders of police officers in the United Kingdom since the end of the Second World War till the modern day. You will see that all the murders are horrific and and without any justification against the people will ask to police our streets. You will see that most of the officers are unarmed and all our brave. The murderer does not distinguish between the ranks of the police officers as you will see in this book it appears that he kills with malice with no thought for anyone apart from himself. I hope the book gives you a little insight into the world of a policeman and what they have to face each and every day.
