La grande G Siva Vaidhyanathan, 2012-02-15 All inizio c'era il World Wide Web eccitante e aperto fino all'anarchia una miniera enorme e un po' inquietante di caos creativo non indicizzato Poi venne Google con la sua impressionante missione organizzare le informazioni a livello mondiale e renderle universalmente accessibili e fruibili Oggi Google sembra onnipotente e onnipresente E sostiene anche di essere un'azienda benevola Non sorprende perciò che la rispettiamo quasi come una divinità Ma che cosa guadagniamo o perdiamo permettendole di essere la lente attraverso cui vediamo il mondo Stiamo muovendoci lungo una strada che porta a un'era più illuminata o ci stiamo avvicinando a un futuro di controllo e sorveglianza sociale E che effetto potrà avere l'egemonia del motore di ricerca sullo sviluppo della nostra cultura Per rispondere a queste e altre domande Siva Vaidhyanathan tra i più quotati analisti ed esperti di Internet esamina in profondità l'influenza spesso insidiosa di Google nella società e suggerisce che potremmo vivere meglio imparando a vederla come una semplice azienda invece che come una forza del bene prendendo atto che noi con le nostre fantasie, feticci, predilezioni e preferenze non siamo i suoi clienti ma il prodotto che vende agli inserzionisti Un saggio originale e provocatorio per tutti coloro che vogliono capire e difendersi dalla googlizzazione delle nostre vite perché come dice l'autore Google non il male ma neppure moralmente buona né semplicemente neutrale Al contrario ben lungi dall'esserlo **The Secret Gift** Jaclyn Reding,

Sometimes one just needs to take a step back in order to find where they are meant to be Leaving behind her life in New York antiquarian bookseller Libby Hutchinson sets off for Scotland in search of her late mother's ancestry Guided by her mother's cryptic message and an old photograph Libby has no idea what to expect Little does she know she's about to find the greatest surprise of her life In a remote corner of the Scottish Highlands Graeme Mackenzie thinks he is a safe distance

away from the bevy of hopeful misses vying for his attention and his name But when wayward Libby unexpectedly lands on his doorstep the fed up Scottish aristocrat has had enough The ensuing battle between the handsome laird and the stunning American lass provides Highland adventure aplenty as well as a love that reaches beyond the ages Explaining EU Internal Security Cooperation Mark Rhinard, Raphael Bossong, 2017-12-22 Internal security is often hailed as a rapidly expanding area of European integration with a growing number of strategies policies and framework agreements in recent years Yet actual cooperation when viewed closely proceeds at a halting pace raising questions as to why cooperation appears so problematic This book presents a novel theoretically informed way to understand internal security cooperation in Europe The approach treats internal security as a public good requiring collective action amongst sovereign governments All governments must contribute to the production of a public good once produced the public good benefits all governments Fundamental obstacles to producing a public good thus arise and can help explain the underlying difficulties facing European cooperation on internal security matters The chapters in this book apply a public goods approach to different internal security issues ranging from terrorism to border management and from environmental security to natural disasters Each study demonstrates how the various goals of internal security cooperation resemble different forms of public goods and thus present different kinds of obstacles to effective cooperation This book fills a theoretical gap in the literature on European internal security cooperation with a proven approach increasingly used in other scholarly fields This book was published as a special issue of European Security **Cars of the Future** Great Britain: Parliament: House of Commons: Transport Committee, 2004 Cars of the Future Seventeenth report of session 2003 04 Vol 2 Oral and written Evidence Whatever You Want Rachel Timms, Laurence Hayes, 2009-10-13 Welcome to the world of Whatever You Want a novel that turns twentysomething London into a fantasyland of endless possibilities Play the game as Barbarella alluring flirtatious and sharp as the lash from a bondage whip or as Barnaby with his insatiable attraction to beautiful women and danger Armed only with your quick wits and social expertise to navigate through the minefields of drunken gratification easy conquests and ruthless adversaries you hold the fates of these vulnerable heroes in your hands Should you dare to risk it all at an illicit casino or charm your way around a country estate where things could get up close and very personal Will you fight to win back your lost loves or choose instead to have the time of your life getting over them And when you ve had all the fun you possibly can do you have what it takes to make it to The Perfect Ending Getting what you want takes more than a little agile thinking and social cunning Because life was never meant to be a spectator sport
