The Story of Men's Clothes Harvey F. Morris,1926 A History of Women in Men's Clothes Norena

Shopland,2021-08-04 Norena Shopland presents a provocative eye opening look at how women defied patriarchal societal expectations for personal freedom Traditionally historic women have been seen as bound by social conventions unable to travel unless accompanied and limited in their ability to do what they want when they want But thousands of women broke those rules put on banned clothing and traveled worked and even lived whole lives as men As access to novels and newspapers increased in the nineteenth century so did the number of women defying Biblical and social restrictions They copied each other s motives and excuses and moved into the world of men Most were working class women who either needed to or wanted to break away from constricted lives women who wanted to watch a hanging or visit a museum to see family or escape domestic abuse Some wanted to earn a decent living when women s wages could not keep a family The reasons were myriad Some were quickly arrested and put on display in court hoping to deter other women from such shameful behavior but many more got away with it For the first time A History of Women in Men s Clothes looks at those thousands of individuals who broke conventions in the only way they could by disguising themselves either for a brief moment or a whole life Daring and bold this is the story of the women who defied social convention to live their lives as they chose from simply wanting more independence to move and live freely to transgender and homosexual women cross dressing to express themselves this is women s fight to wear trousers
