Becoming a Literacy Leader Jennifer Allen, 2023-10-10. In this second edition of *Becoming a Literacy Leader: Supporting Learning and Change*, author Jennifer Allen reflects on her work as a literacy specialist and how the role has evolved in the decade since she wrote the first edition. Her experiences can apply to all school leaders, including principals, coaches, teachers, support staff, and office administrators. Allen focuses on three ideas to describe her work: Layered Leadership, the multitude of supports in place for teachers to encourage learning and change within schools; Shared experiences that develop community and develop common understanding of practices, curriculum, and assessment; Importance of rowing in the same direction, in that literacy coaches and leaders stay interconnected and aligned to the goals of the school. Allen knows the challenges of teachers' faces and advocates literacy coaches implement these layers of support within a school, including in-class support, curriculum support, and assessment study group facilitation and the cultivation of teacher leadership. In *Becoming a Literacy Leader*, she provides an explicit framework for implementing these layers of coaching and explains how administrators can use the literacy leader position to build and sustain change within their schools. This book will be the road map for how literacy leaders and coaches approach their work with purpose and intention. Online videos that accompany the book bring the text alive by showing readers what coaching looks and sounds like. *Alexander and the Terrible, . . . Bad Day* Debra J. Housel, 2014-09-01. Why does Alexander have such a bad day? Students will learn to analyze Alexander's terrible day through the rigorous and engaging lessons and activities in this instructional guide for literature.
