## **Stone Butch Blues:**

Stone Butch Blues Leslie Feinberg, 1993 Jess a working class woman living as a man survives a period of homelessness tries to unionize fellow workers worries about being found out and searches for community while undergoing a secret transsexual operation *The Search for Identity in Leslie Feinberg's Stone Butch Blues* Ester Schoefberger, 2010-12 Seminar paper from the year 2009 in the subject English Language and Literature Studies Literature grade 1.0 Dresden Technical University Institut Anglistik course HS The Cultural Study of Masculinity language English abstract Before writing this paper I didn't know what the term butch meant I tried to find out through texts and on the Internet what it meant and I soon found out that there were many different definitions I lost myself in blogs of people who defined themselves as butch and the conclusion was that the definition has to do both with femininity and masculinity After reading Leslie Feinberg's novel Stone Butch Blues 1993 the meaning of the term was at least a little more clear I decided to write the paper on this concept mainly driven by curiosity It was like looking into a room full of books and feeling the desire to read them all with the conviction that every book had to tell a different story I decided to call the paper *The Search for Identity in Leslie Feinberg's Stone Butch Blues* because I think that Jess's search goes beyond her self definition as a butch The story narrates the search for identity of an individual who has to choose between given categories At the end Jess chooses to refuse a stable definition because no one fits properly I chose to follow the main character through the search annotating every stage and trying to find confirmation in the critique **Stone Butch Blues: A Novel** Leslie Feinberg, 2003 **Study Guide**, 2018 Stone Butch Blues, 2012 This book is my comic adaptation of Leslie Feinberg's novel Stone butch blues The novel follows Jess Goldberg as she grapples with her identity as a butch and then transitions into a male body through hormone therapy In this excerpt from chapter 5 it is Buffalo in 1965 and Jess is sixteen years old Jess seeks friendship and romance in the community of pre Stonewall gay bars Artist's introduction **Female Masculinity** Judith Halberstam, Jack Halberstam, 1998 Masculinity without men In *Female Masculinity* Judith Halberstam takes aim at the protected status of male masculinity and shows that female masculinity has offered a distinct alternative to it for well over two hundred years Providing the first full length study on this subject Halberstam catalogs the diversity of gender expressions among masculine women from nineteenth century pre lesbian practices to contemporary drag king performances Through detailed textual readings as well as empirical research Halberstam uncovers a hidden history of female masculinities while arguing for a more nuanced understanding of gender categories that would incorporate rather than pathologize them She rereads Anne Lister's diaries and Radclyffe Hall's *The Well of Loneliness* as foundational assertions of female masculine identity She considers the enigma of the stone butch and the politics surrounding butch femme roles within lesbian communities She also explores issues of transsexuality among transgender dykes lesbians who pass as men and female to male transsexuals who may find the label of lesbian a temporary refuge Halberstam also tackles such topics as women and boxing butches in Hollywood and independent

cinema and the phenomenon of male impersonators *Female Masculinity* signals a new understanding of masculine behaviors and identities and a new direction in interdisciplinary queer scholarship Illustrated with nearly forty photographs including portraits film stills and drag king performance shots this book provides an extensive record of the wide range of female masculinities And as Halberstam clearly demonstrates female masculinity is not some bad imitation of virility but a lively and dramatic staging of hybrid and minority genders

*Every Inch a Woman* Carellin Brooks, 2011-11-01 What makes the textual image of a woman with a penis so compelling malleable and persistent Although the figure of the phallic woman is in no sense unique to our age *Every Inch a Woman* takes note of a proliferation of phallic feminine figures in disparate North American and European texts from the end of the nineteenth century onward This multiplication which continues today admits of a corresponding multiplicity of motives The phallic woman can be a ribald joke a fantastical impossibility a masculine usurper an ultimately unthreatening sexual style an interrogation into the I of the author or an examination of female culpability Carellin Brooks takes up the textual figure of the phallic woman where Freud locates it in the imagined mother that the little boy in fantasy credits with a penis of her own It traces this phallic woman motif backward to the sexological case study and forward to newspaper accounts of testosterone taking third sexers Brooks examines both high and low literature pornography postmodern theory and writing that would seem to answer Lacan's injunction to move beyond the phallus Witty and engaging *Every Inch a Woman* makes an innovative contribution to sexuality gender and women's studies as well as psychoanalytic theory and criticism

*Heroic Desire* Sally Munt, 1998 Questions of space have become central to theorizing identity *Heroic Desire* engages spatial paradigms in considering lesbian desire Arguing against constructions of the self as alienated and fragmentary Sally Munt posits the model of heroic desire to explain how lesbian space is taken up materially and imaginatively

*Drag King Dreams* Leslie Feinberg, 2006-03-22 A follow up to *Stone Butch Blues* finds East Village bouncer turned bartender Max Rabinowitz struggling through a mid life crisis in the aftermath of the September 11 attacks experiencing outrage at the wars in the Middle East and rediscovering her activist spirit after the death of a cross dresser friend Original

*Dissenting Fictions* Cathy Moses, 2014-01-14 This study elucidates the relationship between identity formation and resistance to racial and sexual oppression in a group of contemporary American novels the author terms dissenting fictions narratives that assert the subjectivity and historicity of marginalized peoples at precisely the moment when postmodern critiques proclaim the death of the subject and the inaccessibility of historical truth Of primary concern is the question of how narrative fictions conceive of strategies of resistance to oppression in an age in which the identity politics of the sixties and seventies have given way to positional subjectivities fluid identities and coalition politics Through interpretive readings of the works of well known authors Toni Morrison and Leslie Marmon Silko critically acclaimed novelist David Bradley the well respected but little studied novelist Russell Banks and the relatively unknown Leslie Feinberg whose fiction challenges accepted notions of gender the author explores a range of practices that place

notions of identity in crucial relationship to resistance praxis Dissenting fictions emerge in this study as imaginative narratives that perform substantial cultural work reworking classical liberal notions of subjectivity and agency These novels address the failure of conventional individual agency and imagine an interactive agency grounded in an awareness of both a political economy and historic power relations Masculinities without Men? Jean Bobby Noble, 2010-10-01 Conventional ideas about gender and sexuality dictate that people born with male bodies naturally possess both a man's identity and a man's right to authority Recent scholarship in the field of gender studies however exposes the complex political technologies that construct gender as a supposedly unchanging biological essence with self-evident links to physicality identity and power In Masculinities without Men Jean Bobby Noble explores how the construction of gender was thrown into crisis during the twentieth century resulting in a permanent rupture in the sex gender system and how masculinity became an unstable category altered across time region social class and ethnicity This groundbreaking study maps historical similarities in fictional cultural and representational practices between the periods of modernism and postmodernism Noble examines nineteenth century sexology drama and trial transcripts and late twentieth century counter cultural fiction popular film and documentaries and theoretical texts Among the works analyzed closely are texts that have been the focus of lesbian queer and feminist theory Radclyffe Hall's *The Well of Loneliness* Leslie Feinberg's *Stone Butch Blues* and the film *Boys Don't Cry* These as Noble illustrates make use of similar types of narratives structures and thematic techniques to articulate female masculinity Also included is an exploration of Rose Tremain's *Sacred Country* which has never before been studied within this context Through a critical examination of these texts Noble demonstrates that trans gendered and trans sexual masculinity began to emerge as a unique category in late twentieth century fiction distinct from lesbian or female masculinity Of interest to scholars and students with an interest in sexuality and gender studies Masculinities without Men also makes a vital contribution to literary criticism as well as to cultural and film studies Queering the Color Line Siobhan B. Somerville, 2000 The interconnected constructions of race and sexuality at the turn of the century *Female Masculinity* Jack Halberstam, 2019-01-05 In this quintessential work of queer theory Jack Halberstam takes aim at the protected status of male masculinity and shows that female masculinity has offered a distinct alternative to it for well over two centuries Demonstrating how female masculinity is not some bad imitation of virility but a lively and dramatic staging of hybrid and minority genders Halberstam catalogs the diversity of gender expressions among masculine women from nineteenth century pre lesbian practices to contemporary drag king performances Through detailed textual readings as well as empirical research Halberstam uncovers a hidden history of female masculinities while arguing for a more nuanced understanding of gender categories that would incorporate rather than pathologize them He rereads Anne Lister's diaries and Radclyffe Hall's *The Well of Loneliness* as foundational assertions of female masculine identity considers the enigma of the stone butch and the politics surrounding butch femme roles within lesbian communities and explores issues of transsexuality among

transgender dykes lesbians who pass as men and female to male transsexuals who may find the label of lesbian a temporary refuge Halberstam also tackles such topics as women and boxing butches in Hollywood and independent cinema and the phenomenon of male impersonators Featuring a new preface by the author this twentieth anniversary edition of *Female Masculinity* remains as insightful timely and necessary as ever

**Making Sense of Nature** Noel Castree, 2013-08-15 We listen to a cacophony of voices instructing us how to think and feel about nature including our own bodies The news media wildlife documentaries science magazines and environmental NGOs are among those clamouring for our attention But are we empowered by all this knowledge or is our dependence on various communities allowing our thoughts sentiments and activities to be unduly governed by others *Making Sense of Nature* shows that what we call nature is made sense of for us in ways that make it central to social order social change and social dissent By utilising insights and extended examples from anthropology cultural studies human geography philosophy politics sociology science studies this interdisciplinary text asks whether we can better make sense of nature for ourselves and thus participate more meaningfully in momentous decisions about the future of life human and non human on the planet This book shows how nature can be made sense of without presuming its naturalness The challenge is not so much to rid ourselves of the idea of nature and its collateral concepts such as genes but instead we need to be more alert to how why and with what effects ideas about nature get fashioned and deployed in specific situations Among other things the book deals with science and scientists the mass media and journalists ecotourism literature and cinema environmentalists advertising and big business This innovative text contains numerous case studies and examples from daily life to put theory and subject matter into context as well as study tasks a glossary and suggested further reading The case studies cover a range of topics range from forestry in Canada and Guinea to bestiality in Washington State to how human genetics is reported in Western newspapers to participatory science experiments in the UK *Making Sense of Nature* will empower readers from a wide range of fields across the social sciences humanities and physical sciences

*An Introduction to Queer Literary Studies* Will Stockton, 2022-11-01 *An Introduction to Queer Literary Studies* Reading Queerly is the first introduction to queer theory written especially for students of literature Tracking the emergence of queer theory out of gay and lesbian studies this book pays unique attention to how queer scholars have read some of the most well known works in the English language Organized thematically this book explores queer theoretical treatments of sexual identity gender and sexual norms and normativity negativity and utopianism economics and neoliberalism and AIDS activism and disability Each chapter expounds upon foundational works in queer theory by scholars including Michel Foucault Eve Kosofsky Sedgwick and Lee Edelman Each chapter also offers readings of primary texts ranging from the highly canonical like John Milton's *Paradise Lost* to more contemporary works of popular fiction like Stephen King's *Salem's Lot* Along the way *An Introduction to Queer Literary Studies* Reading Queerly demonstrates how queer reading methods work alongside other methods like feminism historicism deconstruction and psychoanalysis By modelling queer readings this book

invites literature students to develop queer readings of their own It also suggests that reading queerly is not simply a matter of reading work written by queer people Queer reading attunes us to the queerness of even the most straightforward text

*Deconstructing Binaries in Jeffrey Eugenides' "Middlesex" and Leslie Feinberg's "Stone Butch Blues"* Bernana Canic,2018

*Boys Don't Cry* Chase Joynt,Morgan M Page,2022-06-15 Hailed as groundbreaking upon its original release the Oscar winning film *Boys Don't Cry* offered the first mainstream access to transmasculine embodiment in North America one that many simultaneously celebrated and rejected More than two decades after its original release the film has become a lightning rod for contemporary debates about the representation of trans lives and deaths on screen Representational possibilities for trans people have changed dramatically since 1999 Morgan Page and Chase Joynt approach the accumulated tension with a spirit of curiosity about the limits of these historical returns They argue that new visibilities of transness on screen require us to re engage earlier portrayals *Boys Don't Cry* is central to conversations about casting violence against gender non conforming people and the borders between butch and trans identities Acknowledging a younger generation of queer and trans people who are straining against the images foisted upon them including this film's egregious violence and an older cohort for whom it remains a formative if complicated touchstone Joynt and Page revisit the original contexts of production and distribution to unsettle the overdetermined ways the work has been understood and interpreted *Boys Don't Cry* ultimately relocates the film in a way that attends to the story's violence and values both on and off screen Gender
