Tobacco Regulation, Economics, and Public Health,

Volume III Samuel C. Hampsher-Monk, James E. Prieger, Sudhanshu Patwardhan, 2024-05-30 What role should the tobacco industry have in the e cigarette market Should manufacturers contribute to the production of evidence on their products safety and efficacy What are the environmental impacts of e cigarette use and how should these feature in the discussion How do e cigarettes influence smoking related health disparities Should physicians recommend switching to e cigarettes for those who smoke How broadly applicable is the utility of e cigarettes And how should the discourse respond to emerging data This volume examines the opportunities and challenges of optimizing e cigarette regulation The authors describe emerging evidence suggesting that restrictions on e cigarettes can backfire by nudging consumers toward riskier alternatives Adopting a social welfare based approach drawing on economics policy analysis and regulatory science the authors then explore how optimal e cigarette policy might balance risks and benefits suggesting that it is possible to leverage the promise of e cigarettes a product that is more popular than traditional cessation aids to protect current and future generations from the smoking related harms while still taking important steps to discourage use by young people and those who do not smoke
