

Contrast and Compare

Read this note from Jake's dairy.

October 15, 2020.

Sometimes I wonder why Alex and I are friends. He has a great personality (just like me :P), he is fun (like me XD) but sometimes I don't understand him, seriously!

Today, Alex went to school with the ugliest clothes ever! He just doesn't care about how he looks! I really like to look nice, but he could wear anything.

Then, oh mi gosh! His way to eat! Put something, (seriously, anything!) on a plate, and he will eat it. He just eats whatever is in front of him. I always try to eat something healthy; my favorite meal is broccoli pizza! But I don't like milk, I always give it to Alex, he loves it!

But I think those things don't really matter, he always helps me to do the right thing, and makes me laugh when I'm sad. We both like dragons and funny movies, he prayed for me when I was sick... I like having a friend like him... even when he is a little weird :V

Label the differences and similarities between Alex and Jake. Use and "S" for similarities and a "D" for differences.

- They have a great personality and are fun.
- They are fun.
- They want to look nice.
- They don't care about their clothes.
- They try to eat healthy.
- They like milk.
- They wear the first thing they find in the closet.

Answer the following questions correctly.

1. To contrast is...
2. To compare is...
3. The key to compare and contrast correctly...
4. What's the main idea in the text?

Text-Dependent Questions, Grades K-5 Douglas Fisher, Nancy Frey, Heather Anderson, Marisol Thayre, 2014-09-02 Fisher Frey's answer to close and critical reading No doubt since the cave paintings of prehistoric times humans have asked questions to make sense of the message So what could possibly be new about posing questions about text Plenty and with TDQ Doug Fisher and Nancy Frey reveal it all After one quick read you will have learned all the very best ways to use text dependent questions as scaffolds during close reading and the big understandings they can yield especially when executed the Fisher and Frey way But that's just for starters Fisher and Frey also include illustrative video recommended texts and questions examples from across content areas and an online professional learning guide making the two volumes of TDQ a potent professional development tool across all of K 12 The genius of TDQ is the way Fisher and Frey break down the process into four cognitive pathways that help teachers organize the journey through a text and frame an extended discussion around it Step by step this approach ensures that in every close reading lesson students are guided to consider explicit and implied meanings and deeply analyze and appreciate various aspects of a text especially those that may be challenging or confusing Here's how the four inter-related processes play out with every why and every how answered What does the text say general understandings and key details How does the text work vocabulary structure and author's craft What does the text mean logical inferences and intertextual connections What does the text inspire you to do write investigate present debate The cool thing These questions ignite students engagement and discussion because they strategically lead students to a place of understanding where explicit and implied meanings and interpretations can be debated Far from being overly literal or teacher led the questioning framework Fisher and Frey advance enhances the quality of student talk and idea generation All in all there's no better resource to cultivate students capacity for independent reading and incisive thinking Longtime collaborators and recipients of numerous teaching and leadership awards DOUGLAS FISHER and NANCY FREY are Professors of Educational Leadership at San Diego State University as well as teacher leaders at
