

The background of the book cover is a photograph of a forest path. The path is paved and curves through a dense forest with tall, thin trees and a thick canopy of green leaves. The ground is covered with fallen brown leaves. The overall scene is peaceful and natural.

FIFTH EDITION

Using Sources Effectively

Strengthening Your Writing and
Avoiding Plagiarism

Robert A. Harris

Using Sources Effectively Harris

Mike Allen

Using Sources Effectively Harris:

Using Sources Effectively Robert Harris, 2017-01-20 Now in its fifth expanded edition *Using Sources Effectively* Fifth Edition targets the two most prominent problems in current research paper writing the increase in unintentional plagiarism and the ineffective use of research source material Designed as a supplementary textbook for both undergraduate and graduate courses this book will help every student who uses research in writing Included in this edition are coverage of research strategies and source selection Chapter 2 a chapter on quoting sources effectively Chapter 4 and a chapter on sentence patterns Chapter 10 APA and MLA citation styles have been updated throughout the text To the student This book was written to give you the knowledge and tools you can use to make your research based writing more powerful and effective Here are some examples Mini Research Projects at the end of each chapter to sharpen your research and evaluation skills A set of practical useful rhetorical devices to help improve the clarity and impact of your writing Increased emphasis on synthesis writing weaving source use into your own thinking to give your writing more interest and persuasive power Instruction in close reading to help you better grasp what an author is discussing or arguing Strategies for organizing and positioning your sources to strengthen your central argument **USING SOURCES EFFECTIVELY** ROBERT.

HARRIS, 2017 *Using Sources Effectively* Robert A. Harris, Christie J. Curtis, 2026-02 This sixth edition targets the two most prominent problems in current research paper writing the increase in unintentional plagiarism and the ineffective use of research source material It has been thoroughly updated to cover developments in AI and ChatGPT critical thinking and digital developments in relation to social media **Using Sources Effectively** Robert Alan Harris, 2011-02-01 This short supplementary textbook will help all students who use research in writing from those writing a short essay with a few sources to those writing a full scale major research paper The easy to follow advice will have students writing better research papers right away Detailed example filled instruction about proper source use and citation gives students all the information they need to avoid unintentional plagiarism Focusing on practical and effective strategies for incorporating sources the book teaches students how to add strength to their argument and interest to their writing through the skillful use of sources select evaluate and prepare sources for use and avoid plagiarism through the proper use of quotation paraphrase summary and citation Activities at the end of each chapter help students internalize their newly acquired skills An instructor's answer key is included making it easy to start using this book right away The examples in the book are presented in both APA and MLA citation styles though the book will be a useful resource regardless of the particular style of citation and bibliography you require in your classes Helps your students learn how to avoid plagiarism while they discover techniques for writing better research papers New to this edition APA and MLA citation styles have been updated throughout the text Also new More material on research strategies and source selection Chapter 2 a chapter on quoting sources effectively Chapter 4 and a chapter on grammar and mechanics Chapter 9 have been added *The New Academic Librarian* Rebeca Peacock, Jill

Wurm,2014-01-07 The new essays on today s academic librarians examine above all their functions and responsibilities since these have greatly changed just in recent years especially in matters of technology These librarians essayists step away from yesterday s stereotypes and explain at length their new roles From digital resources and special collections to web development and new outreach initiatives the topics covered by the essays in this book will reassure new librarians and stimulate prospective librarians as they realize the enhanced and varied positions that are available in the 21st century academic library

Using Sources Effectively Robert Alan Harris,2005 This text targets the two most prominent problems in current research paper writing the increase in unintentional plagiarism and ineffective use of research source material Designed as a supplementary textbook it will help every student who uses research in writing New to this edition More exercises and a true false quiz at the end of each chapter have been added Also new Sections on how to mark the boundaries for nontext information such as tables and drawings and using Internet sources have also been added

The Elements of Inquiry Peter J. Burke,Sara Jimenez Soffa,2018-03-23 The Elements of Inquiry covers the basic guidelines for graduate students doing an investigation or inquiry project It distils the rubrics necessary for teaching research methods and completing research projects and gives the student researcher a list of steps to follow to complete any type of inquiry project including formal research projects such as doctoral dissertations It was written to support the work of students in an educational leadership doctoral program but it will also assist the research efforts of college students at any level in any discipline The book begins by establishing the underlying philosophical concepts upon which all good research is based preparing students to get down to the nuts and bolts of conducting their own research and evaluating the research of others Fundamental concepts and rules of research are explained both for producers and consumers of social science and educational research Numerous practical examples illustrate the steps in the research process presented in the text There are end of chapter exercises for students to apply the concepts discussed in the chapter Templates for organizing and presenting research provide students with a game plan for success with their research The book ends with an up to date annotated bibliography of beginning and advanced research texts allowing students easy access to books that detail the more specialized research topics While most research books detail one or more method in depth this text provides a broad introduction to many techniques and models used in doctoral dissertations and will be of particular value to those who are consumers of inquiry studies and research reports Key to the overview provided is the annotated bibliography that leads the reader to the next stage of understanding or doing research

100 Activities for Teaching Study Skills Catherine Dawson,2018-10-22 100 Activities for Teaching Study Skills is a sourcebook of activities for study skills tutors teachers and support staff This practical user friendly guide is designed to complement your existing study skills materials and provide innovative and imaginative ways for you to motivate and engage your students Activities include Study preparation and time management Reading writing and listening Independent study and group work Dissertations reports and projects Critical and

creative thinking Revision examinations and tests All activities contain clear guidance about the purpose level and type of activity along with a range of discussion notes that signpost key issues and research insights Students are encouraged to reflect on and develop their study skills while connecting them to subject content and the process of learning so that they become more motivated enhance their learning and increase their chances of success **100 Activities for Teaching**

Research Methods Catherine Dawson,2016-08-08 A sourcebook of exercises games scenarios and role plays this practical user friendly guide provides a complete and valuable resource for research methods tutors teachers and lecturers Developed to complement and enhance existing course materials the 100 ready to use activities encourage innovative and engaging classroom practice in seven areas finding and using sources of information planning a research project conducting research using and analyzing data disseminating results acting ethically developing deeper research skills Each of the activities is divided into a section on tutor notes and student handouts Tutor notes contain clear guidance about the purpose level and type of activity along with a range of discussion notes that signpost key issues and research insights Important terms related activities and further reading suggestions are also included Not only does the A4 format make the student handouts easy to photocopy they are also available to download and print directly from the book s companion website for easy distribution in class Should We Use Someone Else's Sermon? Scott M. Gibson,2009-05-26 With easy access to sermons on the Internet

plus pressure to deliver the next sermon with little time to prepare no wonder some pastors have resorted to plagiarizing other people s sermons passing them off as their own This growing epidemic has received coverage in the Wall Street Journal on National Public Radio and elsewhere Some pastors have been caught in the act and dismissed from their churches Is this fair Is this stealing How can you recognize it How can it be prevented This book not only helps explain the problem but it also explores the ethical implications and gives advice on how to avoid it or deal with it if the problem surfaces in your church It includes study questions at the end of chapters and a concluding case study *The SAGE Encyclopedia of Communication Research Methods* Mike Allen,2017-04-11 Communication research is evolving and changing in a world of online journals open access and new ways of obtaining data and conducting experiments via the Internet Although there are generic encyclopedias describing basic social science research methodologies in general until now there has been no comprehensive A to Z reference work exploring methods specific to communication and media studies Our entries authored by key figures in the field focus on special considerations when applied specifically to communication research accompanied by engaging examples from the literature of communication journalism and media studies Entries cover every step of the research process from the creative development of research topics and questions to literature reviews selection of best methods whether quantitative qualitative or mixed for analyzing research results and publishing research findings whether in traditional media or via new media outlets In addition to expected entries covering the basics of theories and methods traditionally used in communication research other entries discuss important trends influencing the future of that research including

contemporary practical issues students will face in communication professions the influences of globalization on research use of new recording technologies in fieldwork and the challenges and opportunities related to studying online multi media environments Email texting cellphone video and blogging are shown not only as topics of research but also as means of collecting and analyzing data Still other entries delve into considerations of accountability copyright confidentiality data ownership and security privacy and other aspects of conducting an ethical research program Features 652 signed entries are contained in an authoritative work spanning four volumes available in choice of electronic or print formats Although organized A to Z front matter includes a Reader s Guide grouping entries thematically to help students interested in a specific aspect of communication research to more easily locate directly related entries Back matter includes a Chronology of the development of the field of communication research a Resource Guide to classic books journals and associations a Glossary introducing the terminology of the field and a detailed Index Entries conclude with References Further Readings and Cross References to related entries to guide students further in their research journeys The Index Reader s Guide themes and Cross References combine to provide robust search and browse in the e version Map Librarianship Susan Elizabeth Ward Aber,Jeremy Aber,2016-11-04 Map Librarianship identifies basic geoliteracy concepts and enhances reference and instruction skills by providing details on finding downloading delivering and assessing maps remotely sensed imagery and other geospatial resources and services primarily from trusted government sources By offering descriptions of traditional maps geographic information systems GIS remote sensing and other geospatial technologies the book provides a timely and practical guide for the map and geospatial librarian to blend confidence in traditional library skill sets Includes rarely discussed concepts of citing and referencing maps and geospatial data fair use and copyright Creates an awareness and appreciation of existing print map collections while building digital stewardship with surrogate map and aerial imagery collections Provides an introduction to the theory and applications of GIS remote sensing participatory neogeography and neocartography practices and other geospatial technologies Includes a list of geospatial resources with descriptions and illustrations of commonly used map types and formats online geospatial data sources and an introduction to the most commonly used geospatial software packages available on both desktop and mobile platforms **Guiding Students from Cheating and Plagiarism to Honesty and Integrity** Ann Lathrop,Kathleen Foss,2005-10-30 In the past it was the struggling student who was more likely to cheat just to get by Today above average college bound students are just as likely to do so This sequel to the eye opening Student Cheating and Plagiarism in the Internet Era A Wake Up Call 2000 is a call to arms for students teachers administrators librarians and parents to transpose school culture from one that ignores or tolerates cheating into one where every effort is made to value encourage and support honesty First person accounts lend credence to a cornucopia of practical ideas and actions No home school or library should be without at least one copy Cheating continues to be a national epidemic Here Lathrop and Foss have produced a sequel to their 2000 eye opener

Student Cheating and Plagiarism in the Internet Era A Wake Up Call But where the first volume focused on honor codes and careful monitoring of student tests and written assignments their latest work is a call to arms students teachers administrators librarians and parents must make a concerted effort to change school culture from one that ignores or tolerates cheating into one where every effort is made to value encourage and support honesty Each chapter offers quick and easy access to practical ideas and actions that can be taken off the page and into the classroom or home situation Among these first person accounts dominate with such compelling themes as Why I Didn't Cheat Policies That Support Honest Students and Student Whistleblowers It is a myth that the struggling students are the ones who are more likely to cheat just to get by The above average college bound students are just as likely to do so as they compete for scholarships and college admission No home school or library should be without at least one copy of this book
