Bliss, 1995. *Visual Merchandising Complete Self-Assessment Guide* Gerardus Blokdyk, 2017-05-20. Who is responsible for ensuring appropriate resources, time, people and money are allocated to Visual merchandising? Who will be responsible for documenting the Visual merchandising requirements in detail? What problems are you facing and how do you consider Visual merchandising will circumvent those obstacles? Do we all define Visual merchandising in the same way? What are the business goals Visual merchandising is aiming to achieve? Defining, designing, creating and implementing a process to solve a business challenge or meet a business objective is the most valuable role. In EVERY company, organization and department. Unless you are talking about a one-time, single-use project within a business, there should be a process. Whether that process is managed and implemented by humans, AI or a combination of the two, it needs to be designed by someone with a complex enough perspective to ask the right questions. Someone capable of asking the right questions and step back and say, "What are we really trying to accomplish here?" And is there a different way to look at it? For more than twenty years, *The Art of Service's* Self Assessments empower people who can do just that, whether their title is marketer, entrepreneur, manager, salesperson, consultant, business process manager, executive assistant, IT Manager, CxO, etc. They are the people who rule the future.
