

My Summer Vacation

3 pages | 623 words

During summer vacation, my family and I were walking along the beach I hear a little girl shout, "Mommy look what I found, it's a crab!" Everybody's first thoughts were how cute of this little girl, but when we saw the crab itself everyone looked in horror and in disgust of humanity. The crab was wrapped around a six-pack beverage ring, the poor thing was stuck there with no way out. "Every day approximately 8 million pieces of plastic pollution find their way into our oceans." If you were to tell someone this a century ago they would laugh, the sad part is this is the reality we live in, this is the world we live in. Plastics are used because they are easy and cheap materials to make, they also help products to last a long time. Unfortunately, these very useful qualities make plastic a huge pollution problem. Because the plastic is cheap it gets discarded easily and its great amount in the environment can do great harm. Urbanization has added to the plastic pollution in concentrated form in cities. Plastic thrown on land can enter the drainage lines and choke them resulting into floods in local areas in cities as was experienced in Mumbai, India in 1998. It was claimed in one of the programs on TV that eating plastic bags results in death of 100 cattle per day in U.P. in India. More than 90% of the articles found on the sea beaches contained plastic. The plastic trash found on beaches near urban areas tends to originate from use on land, such as packaging material used to wrap around other goods. On remote rural beaches the trash tends to have come from ships, such as fishing equipment used in the fishing industry. This plastic can affect marine wildlife in two terrible ways these creatures could become entangled with the waste, or they can end up eating it thinking its food and die. Of these sea creatures, turtles are particularly affected by plastic pollution, and all seven of the world's turtle species are already either endangered or threatened for a number of reasons. Turtles get entangled in fishing nets, and many sea turtles have been found dead with plastic bags in their stomachs. Turtles mistake floating transparent plastic bags for jellyfish and eat them. In one dead turtles found off Hawaii in the Pacific more than 1,000 pieces of plastic were found in its stomach. A recent US report concluded that more than 100,000 marine mammals die every year in the world's oceans by eating or becoming entangled in plastic trash, and the position is worsening world-wide, 75 marine bird species are known to eat plastic articles. This includes 36 species found off South Africa. A recent study of blue petrel chicks on South Africa's remote Marine Island showed that 90% of chicks examined had plastic in their stomachs apparently fed to them accidentally by their parents. South African seabirds are among the worst affected in the world. Plastics may remain in the stomach, blocking digestion and possibly causing starvation. With all these negatives about plastic "invading" our oceans...

A Certain Summer Patricia Beard, 2021-05-27 Nothing ever

changes at Wauregan That is the mystique of the idyllic island summer colony the comforting belief its multi generation families have lived by for half a century But in 1948 after a world war has upended countless lives it is not certain that the islanders will be able to return to the old days and for Helen Wadsworth the war is not over Helen s husband Arthur was declared missing in action during an OSS operation in France and she is unable to find out what happened or whether he might even now be alive Raising a teenage son who like his mother longs to know the truth Helen turns to Frank Hartman her husband s best friend and his partner on the OSS mission on which Arthur was lost while Frank escaped But Frank seems more intent on filling the void in Helen s life which Arthur has left than in answering her questions And then Peter Gavin a young Marine who was captured and tortured by the Japanese returns to the island with his faithful war dog and man and dog enter the lives of Helen and her son Unsure of whom to trust or what to believe Helen takes matters into her own hands As she seeks the truth she makes a shocking discovery that will alter the course of her life and change her perceptions of love and war A mystery a love story and an insider s view of a private world A Certain Summer resonates long after the last page is turned Equal parts novel of manners historical fiction and a quiet examination of social mores A Certain Summer weaves important questions about class gender trauma and family through its seemingly simple narrative as artfully as an experienced hostess arranges the seating at a dinner table so that conversations flow But Ms Beard shows that even magical retreats like Wauregan are subject to the vicissitudes of the modern world In the end it seems that Wauregan s magic prevails in its very ability to change in a way that stays true to its origins or even more precisely that magic prevails as Wauregan learns it must change to stay true to its origins The East Hampton Star Woven into this tale of loss and romance are themes of intrigue growth betrayal psychological trauma and a fulfilling healing process Beard s attention to historical details and understanding of the realities and shortfalls of privilege make a satisfying read Publisher s Weekly A richly evocative debut novel Goodreads A really satisfying read I m crazy about A Certain Summer a perfect summer book Bookreporter com

Memory Battles of the Spanish Civil War Sebastiaan Faber, 2021-04-30 The ability to forget the violent twentieth century past was long seen as a virtue in Spain even a duty But the common wisdom has shifted as increasing numbers of Spaniards want to know what happened who suffered and who is to blame *Memory Battles of the Spanish Civil War* shows how historiography fiction and photography have shaped our views of the 1936-39 war and its long painful aftermath Faber traces the curious trajectories of iconic Spanish Civil War photographs by Robert Capa Gerda Taro and David Seymour critically reads a dozen recent Spanish novels and essays interrogates basic scholarly assumptions about history memory and literature and interviews nine scholars activists and documentarians who in the past decade and a half have helped redefine Spain s relationship to its past In this book Faber argues that recent political developments in Spain from the grassroots call for the recovery of historical memory to the indignados movement and the foundation of Podemos provide an opportunity for scholars in the humanities to engage in a more activist public and democratic practice

Children's Multilingual Development and Education Alison L. Bailey, Anna V. Osipova, 2015-12-03 The study of families and educators who successfully sustain children's linguistic resources is a novelty in current educational research where focus has largely been on the development of students' English language skills. In this book, Alison L. Bailey and Anna V. Osipova provide a systematic examination of the beliefs and practices of parents and educators who share the common goal of improving educational and social outcomes for multilingual children. Giving voice to parents and educators, they explore the strategies being devised to foster multilingualism and support its development both at home and in the classroom. This book presents new research findings and combines these with compelling firsthand accounts of the successes and concerns of both families and educators, making its content pertinent to a wide audience of researchers and a range of higher education courses.

John Dos Passos's Transatlantic Chronicling Aaron Shaheen, Rosa María Bautista Cordero, 2023-08-18 I never could keep the world properly divided into gods and demons for very long, wrote John Dos Passos, whose predilection toward nuance and tolerance brought him to see himself as a chronicler, a writer who might portray political situations and characters but would not deliberately lead the reader to a predetermined conclusion. Privileging the tangible over the ideological, Dos Passos's writing between the two World Wars reveals the enormous human costs of modern warfare and ensuing political upheavals. This wide-ranging and engaging collection of essays explores the work of Dos Passos during a time that challenged writers to find new ways to understand and render the unfolding of history. Taking their foci from a variety of disciplines including fashion, theater, and travel writing, the contributors extend the scholarship on Dos Passos beyond his best-known U.S.A. trilogy. Including scholars from both sides of the Atlantic, the volume takes on such topics as how writers should position their labor in relation to that of blue-collar workers and how Dos Passos's views of Europe changed from fascination to disillusionment. Examinations of the Modernist's *Adventures of a Young Man*, *Manhattan Transfer*, and *The Republic of Honest Men* increase our understanding of the work of a complicated figure in American literature set against a backdrop of rapidly evolving technology, growing religious skepticism, and political turmoil in the wake of World War I.

Personal Narratives of Teacher Knowledge Betty C. Eng, 2022-01-01 This book illustrates how the experiential histories of teachers shape and inform the knowledge of teachers as professionals. Situating personal experiences into the context of social, political, and economic events gives clarity to the intercultural dynamics of being Chinese and Western. What can we learn from each other to transform our teaching and learning? The book engages in a cross-cultural perspective that is highly relevant for teachers, teacher education, curriculum making, and policy planning for a global community. The book is also an invitation to internationalize the classroom for teaching and learning in a diverse and global world and to educators and policy makers to expand our understanding of cross-cultural complexities for an increasingly diversified and global community. By viewing the classroom through the multiple lens of different cultures, educators have an opportunity to cross over to see experience and understand how others live.
