Interaction in Paired Oral Proficiency Assessment in Spanish Ana Maria Ducasse, 2010

Defining the construct of interaction for paired assessment purposes has been difficult despite the evolution of our view of language to include the social perspective of co-construction and the fact that such discourse is increasingly taught and assessed. In this volume, three sequenced studies define interaction in paired oral assessment through the verbal protocols of learners of Spanish and their assessors. Assessors then scale performances from videoed test performance data, resulting in the development of an evidence-based rating process which includes non-verbal interpersonal communication, interactive listening, and interactional management.

Spanish Vocabulary (Speedy Study Guides) Speedy Publishing, 2014-05-04

Spanish is often cited as one of the most beautiful languages on earth. That's because Spanish employs the use of many soft sounds in

conjunction with elongated vowels and an endearing and imperative tone in the traditional tone Spanish vocabulary has a lot of cognates which makes it a rather easy language for English speakers to pick up on A cognate is a word which is the same between two or more languages For instance in Spanish the word real is exactly the same as it is in English it s just pronounced differently If language learners can pick up on the differences in natural accents and learn cognates they can speak great Spanish quickly

Spanish Verbs (Speedy Study Guides) Speedy Publishing,2014-05-04 Spanish verbs are both what makes the Spanish language beautiful and also what makes the language quite difficult to learn Compared to English Spanish has many more verbs In Spanish many of the phrases that we use in English have one exact verb that be used in their stead in Spanish This makes the Spanish language more versatile and exciting There are more ways to express yourself However Spanish is a difficult language to learn because each verb has many different conjugations based upon the subject and the tense that the verb is being used in If language learners can learn these conjugations then they will be speaking excellent Spanish in no time
