believed in Like the disciples when Jesus calmed the storm the church can cower and cry out for relief Or when everything is spinning and whirling in the wind the church can go out to meet the storm embrace the gale and pass out kites From the Circuit Rider review Like other books Sweet has written and compiled The Church of the Perfect Storm is thought provoking and compelling The material flows in such a way that allows readers to grasp the gravity of the situation However as with most futuristic material there is also a sense in which readers may want to know Okay now what Where do we need to steer this ship Are mainline and evangelical churches so off course as to fail to weather the rising tides that are here and soon coming Readers of this volume may enjoy the description of a post Christendom world but they may also want to know more about the prescription for the days ahead [Click here to read the entire review](#) *Autoethnography as Feminist Method* Elizabeth Ettorre,2016-11-25 Autoethnography is an ideal method to study the feminist I Through personal stories the author reflects on how feminists negotiate agency and the effect this has on one's political sensibilities Speaking about oneself transforms into stories of political responsibility a key issue for feminists who function as cultural mediators **Harvesting Labour** Edward Dunsworth,2022-09-15 In recent decades an increasing share of Canada's agricultural workforce has been made up of temporary foreign workers from the Global South These labourers work difficult and dangerous jobs with limited legal protections and are effectively barred from permanent settlement in Canada In Harvesting Labour Edward Dunsworth examines the history of farm work in one of Canada's underrecognized but most important crop sectors Ontario tobacco Dunsworth takes aim at the idea that temporary foreign worker programs emerged in response to labour shortages or the unwillingness of Canadians to work in agriculture To the contrary Ontario's tobacco sector was extremely popular with workers for much of the twentieth century with high wages attracting a diverse workforce and enabling thousands to establish themselves as small farm owners By the end of the century however the sector had become something entirely different a handful of mega farms relying on foreign guest workers to produce their crops Taking readers from the leafy fields of Ontario's tobacco belt to rural Jamaica Barbados and North Carolina and on to the halls of government Dunsworth demonstrates how the ultimate transformation of tobacco and Canadian agriculture writ large was fundamentally a function of the capitalist restructuring of farming Harvesting Labour brings together the fields of labour migration and business history to reinterpret the historical origins of contemporary Canadian agriculture and its workforce [The Politics of Force](#) Regina G. Lawrence,2000-11-06 The Politics of Force is one of the best books in the media and politics field that I have read in some time The book explains how the majority of cases involving police use of force never become reported as brutality Perhaps more importantly it also explains why some cases are reported as brutality and how such reporting affects public policy debates This book makes a big contribution and it is a good read in the bargain W Lance Bennett author of News The Politics of Illusion **The Modern Hospital** Rifat Latifi,2019-01-14 The rapidly growing developments in medicine and science in the last few decades has evoked a greater need for modern institutions with modern medicine advanced
