Murphy, 1998 Ecofeminist Literary Criticism is the first collection of its kind a diverse anthology that explores both how ecofeminism can enrich literary criticism and how literary criticism can contribute to ecofeminist theory and activism Ecofeminism is a practical movement for social change that discerns interconnections among all forms of oppression the exploitation of nature the oppression of women class exploitation racism colonialism Against binary divisions such as self other culture nature man woman humans animals and white non white ecofeminist theory asserts that human identity is shaped by more fluid relationships and by an acknowledgment of both connection and difference Once considered the province of philosophy and women s studies ecofeminism in recent years has been incorporated into a broader spectrum of academic discourse Ecofeminist Literary Criticism assembles some of the most insightful advocates of this perspective to illuminate ecofeminism as a valuable component of literary criticism Storied Selves Chris A. Klassen, 2008-01-01 Storied Selves analyzes religion and spirituality from feminist theoretical perspectives focusing particularly on the ways in which religion and spirituality incorporate politics Klassen develops a discourse of technologies of identity that shows the multiple

ways of constructing identity Women Writers and the Occult in Literature and Culture Miriam Wallraven,2015-06-05
Examining the intersection of occult spirituality text and gender this book provides a compelling analysis of the occult revival in literature from the 1880s through the course of the twentieth century Bestselling novels such as The Da Vinci Code play with magic and the fascination of hidden knowledge while occult and esoteric subjects have become very visible in literature during the twentieth century This study analyses literature by women occultists such as Alice Bailey Dion Fortune and Starhawk and revisits texts with occult motifs by canonical authors such as Sylvia Townsend Warner Leonora Carrington and Angela Carter This material which has never been analysed in a literary context covers influential movements such as Theosophy Spiritualism Golden Dawn Wicca and Goddess spirituality Wallraven engages with the question of how literature functions as the medium for creating occult worlds and powerful identities particularly the female Lucifer witch priestess and Goddess Based on the concept of ancient wisdom the occult in literature also incorporates topical discourses of the twentieth century including psychoanalysis feminism pacifism and ecology Hence as an ever evolving discursive universe it presents alternatives to religious truth claims that often lead to various forms of fundamentalism that we encounter today This book offers a ground breaking approach to interpreting the forms and functions of occult texts for scholars and students of literary and cultural studies religious studies sociology and gender studies *Imaginative Ecologies* ,2021-12-13 Imaginative Ecologies Inspiring Change through the Humanities highlights the role literature and visual arts play in fostering sustainability It weaves together contributions by international scholars practitioners and environmental activists whose insights are brought together to illustrate how creative imaginations can inspire change One of the most outstanding characteristic of this volume is its interdisciplinarity and its varied methods of inquiry The field of environmental humanities is discussed together with ideas such as the role of the public intellectual and el buen vivir Examples of ecofiction from the UK the US and Spain are analysed while artistic practices aimed at raising awareness of the effects of the Anthropocene are presented as imaginative ways of reacting against climate change and rampant capitalism **Interpretive Research Humanities and Social Sciences** Neşe ŞENEL, Ecevit BEKLER, Merve YORULMAZ KAHVE,Ragıp MUHAMMED, Arzu DEVECİ TOPAL,Şebnem KOLTAN YILMAZ, Damla Til ÖĞÜT ,Gülden GÜVENÇ, Selmin ERDİ GÖK,Emine ÖZTÜRK ,Ersin SAVAŞ, Büşra Meltem TÜRKMEN, Melda AKBABA,Melih AYDIN, Musa OFLAZ, Seçil GÜRÜN KARATEPE,Nursel AYDINTUĞ MYRVANG,Tuğba YEĞİN,Salih DİNÇEL,Ahmet Bahadır ŞİMŞEK,Zekiye GÖKTEKİN,Ahmet YÜCEL,Abdurrahman KARAMAN,2022-10-15 Interpretive Research Humanities and Social Sciences Livre de Lyon Hope and Feminist Theory Rebecca Coleman,Debra Ferreday,2013-12-16 Hope is central to marginal politics which speak of desires for equality or simply for a better life Feminism might be characterised as a politics of hope a movement underpinned by a utopian drive for equality This version of hope has been used for example in Barack Obama s phrase the audacity of hope a mobilisation of an affirmative politics which nevertheless implies that we are living in hopeless times Similiarly in recent years feminism has

seen the production of a prevailing mood of hopelessness around a generational model of progress which is widely imagined to have failed However as a number of feminist theorists have pointed out the temporality of feminism cannot be conceived as straightforwardly linear feminism can only be imagined as having failed if it is understood as a particular set of relations and things This collection grapples with the question of hope how it figures and structures feminist theory as both a movement towards certain goals and as inherently hopeful Questions addressed include Does hope necessarily imply a fantasy of perfectibility a progression to a utopian future Might it also be conceived in other ways as an attachment A lure Does life tend towards hope happiness optimism And if so what are the consequences when hope fails Who decides which hopes are false What is the cost of giving up hope This book was published as a special issue of the Journal for Cultural Research

The New Cadet Destiny Jennifer Ringgold, 2013-03-06 The New Cadet is a coming of age story about eighteen year old Alicia Randall who enters The College of Armed Forces CAF as the second class of women

During her first year she is faced with the rigorous challenges of the Tick Line and attempts to juggle her life within the college while staying connected to her old life. When her life outside the school shatters, Alicia begins walking the plank between falling apart and surviving. What ends up saving Alicia is a new found relationship with a woman Cathleen who introduces a variety of books which expands Alicia's awareness and puts her on a new path of self discovery and spiritual awareness. The trials and tribulations from the school extend beyond the Tick Line when Alicia is accused of participating in behavior that is unbecoming of an officer and it takes every last ounce of strength to survive the school she had promised her brother she would never leave. In using the new concepts Cathleen taught her, it is those ideas that consequently give Alicia the tools for fighting a system and keeping her at a school she conflictingly loves.

The Impossible Community John P. Clark, 2022-06-28

The Impossible Community confronts a critical moment when social and ecological catastrophes loom; the Left seems unable to articulate a response and the Right controls public debates. This book offers a fresh and highly readable reformulation of anarchist social and political theory to develop a communitarian anarchist solution. In this stunningly original work, John P. Clark, author, lifelong activist, and one of the most fascinating anarchist luminaries of our time, skillfully argues that a free and just social order requires a radical transformation of the modes of domination exercised through social ideology, the social imaginary, the social ethos, and social institutional structures. Communitarian anarchism unites a universalist concern for social and ecological justice while recognizing the integrity and individuality of the person. The Impossible Community is a renewed examination of the anarchist principles of mutual aid and voluntary cooperation and provides convincingly lucid examples in various contexts, from the rebuilding of New Orleans after Katrina to social movements in South Asia. Ambitious in scope and compelling in its strength and imagination, The Impossible Community offers readers an accessible theoretical framework along with concrete case studies to show how contemporary anarchist practice continues a long tradition of successfully synthesizing personal and communal liberation. This provocatively innovative work will appeal not only to students of anarchism and political theory but also to activists and anyone interested in making the world a better place.
