Entertaining Judgment Greg Garrett, 2015 Nowadays references to the afterlife angels strumming harps demons brandishing pitchforks God enthroned on heavenly clouds are more often encountered in New Yorker cartoons than in serious Christian theological reflection Speculation about death and its sequel seems to embarrass many theologians however as Greg Garrett shows in Entertaining Judgment popular culture in the U.S. has found rich ground for creative expression in the search for answers to the question What lies in store for us after we die The lyrics of Madonna's "The Lonely Boys" and Sean Combs' plotlines of TV's "Lost," "South Park" and "The Walking Dead" the implied theology in films such as "The Dark Knight," "Ghost" and "Field of Dreams" the heavenly half light of Thomas Kinkadee's popular paintings the ghosts shades and after life way stations in Harry Potter and the characters' situations and locations in the Hunger Games saga all speak to our hopes and fears about what comes next In a rich survey of literature and popular media Garrett compares cultural accounts of death and the afterlife with those found in scripture Denizens of the imagined afterlife whether in heaven hell on earth or in purgatory speak to what awaits us at once shaping and reflecting our deeply held if often somewhat nebulous beliefs They show us what rewards and punishments we might expect offer us divine assistance and even diabolically attack us Ultimately we are drawn to these stories of heaven hell and purgatory and to stories about death and the undead not only because they entertain us but because they help us to create meaning and to learn about ourselves our world and perhaps the next world Garrett's deft analysis sheds new light on what popular culture can tell us about the startlingly sharp divide between what modern people profess to believe and what they truly hope and expect to find after death and how they use those stories to help them understand this life

according to percentages assigned by what the authors refer to as the bestseller o-meter Although 55 000 novels are published every year only about 200 hit the lists a commercial success rate of less than half a percent When the computer was asked to blindly select the most likely bestsellers out of 5 000 books published over the past thirty years based only on theme it discovered two possible candidates The Accident by Danielle Steel and The Associate by John Grisham The computer recognized quantifiable patterns in their seemingly opposite but undeniably successful writing careers with legal thrillers and romance In Chapter 2 Archer and Jockers analyze this data and divulge the most and least likely to best sell topics and themes in fiction with a human discussion of the why behind these results The Bestseller Code is a big idea book about the relationship between creativity and technology At heart it is a celebration of books for readers and writers a compelling investigation into how successful writing works

Have a Little Faith Mitch Albom, 2011-06-14 What if our beliefs were not what divided us but what pulled us together In Have a Little Faith Mitch Albom offers a beautifully written story of a remarkable eight year journey between two worlds two men two faiths two communities that will inspire readers everywhere Albom's first nonfiction book since Tuesdays with Morrie Have a Little Faith begins with an unusual request an eighty two year old rabbi from Albom's old hometown asks him to deliver his eulogy Feeling unworthy Albom insists on understanding the man better which throws him

back into a world of faith he'd left years ago. Meanwhile, closer to his current home, Albom becomes involved with a Detroit pastor, a reformed drug dealer and convict who preaches to the poor and homeless in a decaying church with a hole in its roof. Moving between their worlds, Christian and Jewish, African American and white, impoverished and well-to-do, Albom observes how these very different men employ faith similarly in fighting for survival, the older suburban rabbi embracing it as death approaches, the younger inner-city pastor relying on it to keep himself and his church afloat. As America struggles with hard times and people turn more to their beliefs, Albom and the two men of God explore issues that perplex modern man: how to endure when difficult things happen, what heaven is, intermarriage, forgiveness, doubting God, and the importance of faith in trying times. Although the texts, prayers, and histories are different, Albom begins to recognize a striking unity between the two worlds and indeed between beliefs everywhere. In the end, as the rabbi nears death and a harsh winter threatens the pastor's wobbly church, Albom sadly fulfills the rabbi's last request and writes the eulogy. And he finally understands what both men had been teaching all along: the profound comfort of believing in something bigger than yourself. *Have a Little Faith* is a book about a life's purpose, about losing belief and finding it again, about the divine spark inside us all. It is one man's journey, but it is everyone's story. Ten percent of the profits from this book will go to charity, including The Hole In The Roof Foundation, which helps refurbish places of worship that aid the homeless. **Buzz Books 2021: Fall/Winter**, 2021-05-11

From the author who's inspired millions worldwide with books like *Tuesdays with Morrie* and *The Five People You Meet in Heaven*, comes his most imaginative novel yet, *The Time Keeper*, a compelling fable about the first man on Earth to count the hours. The man who became Father Time. In Mitch Albom's exceptional work of fiction, the inventor of the world's first clock is punished for trying to measure God's greatest gift. He is banished to a cave for centuries and forced to listen to the voices of all who come after him, seeking more days, more years. Eventually, with his soul nearly broken, Father Time is granted his freedom along with a magical hourglass and a mission: a chance to redeem himself by

teaching two earthly people the true meaning of time He returns to our world now dominated by the hour counting he so innocently began and commences a journey with two unlikely partners one a teenage girl who is about to give up on life the other a wealthy old businessman who wants to live forever To save himself he must save them both And stop the world to do so Told in Albom s signature spare evocative prose this remarkably original tale will inspire readers everywhere to reconsider their own notions of time how they spend it and how precious it truly is
