The Forgotten Spurgeon:

The Forgotten Spurgeon Iain H. Murray, 1973 An incisive historical and theological insight into the great 19th century Baptist with emphasis on the doctrines that moulded his life and thought *The Forgotten Spurgeon* Iain Hamish Murray, 1978 *Making Evangelical History* Andrew Atherstone, David Ceri Jones, 2019-04-08 This volume makes a significant contribution to the history of ecclesiastical histories with a fresh analysis of historians of evangelicalism from the eighteenth century to the present It explores the ways in which their scholarly methods and theological agendas shaped their writings Each chapter presents a case study in evangelical historiography Some of the historians and biographers examined here were ministers and missionaries while others were university scholars They are drawn from Anglican Baptist Congregationalist Methodist Presbyterian Fundamentalist and Pentecostal denominations Their histories cover not only transatlantic evangelicalism but also the spread of the movement across China Africa and indeed the whole globe Some wrote for a popular Christian readership emphasising edification and evangelical hagiography others have produced weighty monographs for the academy These case studies shed light on the way the discipline has developed and also the heated controversies over whether one approach to evangelical history is more legitimate than the rest As a result this book will be of considerable interest to historians of religion ALL OF GRACE (A Modern Adaptation of Charles Spurgeon's Work), 2025-10-16 In this modernized edition of Charles H Spurgeon's classic work discover the liberating truth that salvation is entirely by grace God's unearned undeserved favor Written for skeptics seekers and struggling believers alike this book cuts through religious confusion to present the pure gospel message in clear contemporary language Spurgeon known as the Prince of Preachers wrote the original All of Grace in 1886 to help people understand one simple truth you cannot save yourself but Christ can and will save all who trust in Him This modernized version preserves Spurgeon's passionate message while making it accessible to 21st century readers Inside you'll discover How grace differs from human effort Why faith is simpler than you think What it means to be born again How to know you're truly saved The freedom of living by grace rather than law And much more Enhanced with contemporary illustrations diagrams and recent theological research this book bridges the gap between Spurgeon's Victorian era and our modern world Whether you're questioning Christianity recently converted or a longtime believer needing to rediscover grace this book will transform how you understand God's amazing gift of salvation Perfect for Personal study Small groups Evangelistic outreach New believer classes Anyone seeking to understand Reformed theology and authentic Christian living *Reformed Evangelicalism and the Search for a Usable Past* Ian Hugh Clary, 2020-09-07 The question of how theology shapes a Christian historian's reading of the past has been debated thoroughly in various academic periodicals Should historians recognise the role of providence in their accounts of past events Should they sympathise with their subject's theology Can objectivity be lost due to theological bias And last but not least is there a compromise of faith if one writes natural instead of supernatural history Such questions are important for

understanding the historian's profession Arnold Dallimore who trained and specialised in pastoral ministry in Canada wrote an influential biography of the revivalist George Whitefield as well as others on Charles and Susanna Wesley Edward Irving and Charles Spurgeon How did his Reformed theological perspective impact his historiography How does his work fit into larger historiographical debates concerning the nature of Christian history While other books look at Christian historiography using abstract and methodological approaches this book examines the subject precisely by looking at the life and work of an individual historian It does so by placing Dallimore in the context of being a minister in twentieth century Canada as well as his role in the development of Reformed Theology in the Anglosphere It also examines the quality of his various biographies focusing on key issues such as the nature of religious revival the problem of Christianity and slavery and the question of charismatic religious experience His study concludes by examining the relationship between the discipline and profession of church history and asking what is required for one to be considered a church historian

High Calvinists in Action Ian J. Shaw,2003-02-06 This valuable contribution to the debate about the relation of religion to the modern city fills an important gap in the historiography of early nineteenth century religious life Although there is some evidence that strict doctrine led to a more restricted response to urban problems extensive local and personal variations mean that simple generalizations should be avoided Ian J Shaw argues against earlier prejudiced views and shows that high Calvinists played a vigorous and successful part in the response of early nineteenth century churches to the process of urbanization The study includes six substantial case studies of ministers and their churches in Manchester and London Four high Calvinist ministers are considered with two studies of ministers holding to an evangelical Calvinist doctrine also included to provide instructive contrasts Detailed social analysis of the congregations is based upon extensive use of manuscript and printed sources sermons and local and denominational press
