Science and Technology (ICVEAST 2023) Debrina Vita Ferezagia, Karin Amelia Safitri, Nailul Mona, Badra Al Aufa, 2023-10-30 This is an open access book International Conference on Vocational Education Applied Science and Technology ICVEAST formerly known as International Conference on Vocation for Higher Education ICVHE is an annual event organized by the Vocational Education Program Universitas Indonesia that aims to encourage innovative applied research in vocational higher education In 2022 we rebranded the conference to focus on being an international forum where scholars and practitioners share their ideas on vocational education especially within applied science and technology The rebranding from ICVHE to ICVEAST marks our fifth conference This year we present our sixth conference with the theme VOCATIONAL 5.0 Virtuosity Collaboration for Sustainability Development and Innovative Technologies Goals 5.0

Collaboration for sustainability development is a crucial part of achieving a sustainable future. It involves working with stakeholders such as governments, businesses, non-governmental organizations, and communities to develop and implement sustainable solutions. These stakeholders can pool their resources, knowledge, and expertise by working together to create innovative solutions that benefit the environment and society. The collaboration also helps ensure that all stakeholders are on the same page regarding sustainability goals and objectives. By building relationships and trust between stakeholders, collaboration can help to create a more sustainable future.

Innovative Technology Goal 5.0 focuses on using technology to improve access to education and foster a culture of innovation and creativity. It seeks to create a more equitable and inclusive learning environment by providing access to digital tools and resources for all students, regardless of background or ability. It also seeks to promote technology to support the development of 21st-century skills such as critical thinking, problem-solving, and collaboration. Finally, it aims to ensure that technology is used to support the development of a safe and secure learning environment while encouraging responsible and ethical use.

VOCATIONAL 5.0 is a collaborative effort to promote sustainable development and innovative technology goals. It is designed to bring together experts from various fields, including business, education, government, and the non-profit sector, to identify and develop innovative solutions to global challenges. Through the use of data-driven decision-making and the application of new technologies, VOCATIONAL 5.0 seeks to create a more sustainable and equitable world. The initiative also aims to foster collaboration between stakeholders, create a platform for knowledge sharing, and promote the use of technology to drive social, economic, and environmental progress. By leveraging the collective expertise of its members, VOCATIONAL 5.0 is committed to achieving its sustainable development and innovative technology goals.

This ICVEAST aims to be a respected international forum to discuss the recent improvement and challenges in Vocational Education nowadays and in the future from the research insight, mainly applied research in the field of administration and business, health science, social humanities, and engineering. The event will gather representatives from different countries, diverse areas of knowledge, and lots of education research, public institutions, and organizations. The conference is devised as a space to exchange ideas and discuss the challenges that education and manufacturing face in preparing human capabilities to shift into the current trend of automation and the role of advanced technologies in those challenges. We intend to have an interactive conference through these three different sessions: business talks, keynote, and parallel presentation sessions.

Millennial Philanthropy Holly Hull Miori, 2023-05-20. Nearly 75 million people make up the Millennial generation in the United States, and yet for many nonprofits, this generation remains an untapped resource. The most significant transfer of wealth known as the Great Transfer of Wealth is shifting from older generations to the Millennials and younger ones. This transfer has prompted nonprofits to navigate new realities caused by the pandemic and other social issues. Nonprofits should consider Millennials as a valuable source of people power and philanthropic support. Dr. Holly Hull Miori, an academic researcher and fundraising professional, has developed a comprehensive guide that explores the potential

roles that Millennials can and should assume in nonprofits including those of donors board members and volunteers Her guide is designed to engage both academic and nonprofit fundraising audiences offering insights and actionable strategies for unlocking the potential of this emerging group The book presents six distinct findings providing innovative ideas that nonprofits and fundraisers can implement to engage the Millennial generation effectively It features a combination of case studies and a roadmap to help readers gain practical insights into engaging this demographic group *The Future (R)Evolution of the Office Workspace* Claus Sneppen,2025-03-21 The redefined meaning of the office workplace for knowledge workers that is currently taking place impacts all workplace actors to different extents There is no exact formula or framework for a successful hybrid working life thus society cannot anticipate the future of the hybrid office workplaces and work life will look like for office work This means that workplaces need to continuously alter and evolved their workplace models This book provides workers and managers with a nuanced understanding of the changes that have been realized are nearing realization or will drive the transformation of the hybrid workplace going forward It offers recommendations and a framework to assist organizations to develop optimal hybrid workplace models focusing on major trends and component shaping this evolution Worship with Teenagers Eric L. Multigenerational Workplace is a groundbreaking book tailored for academic scholars seeking comprehensive insights and solutions in the realm of human resources management. This publication provides a multifaceted framework for understanding and conquering the challenges that have emerged in the wake of the pandemic. With a wealth of evidence-based strategies and in-depth analysis, this book equips scholars with the tools to revolutionize HR practices. *Missional Discipleship After Christendom* Andrew R. Hardy, Dan Yarnell, 2018-03-14. It is not a changing culture, reduced resources, or a rescinding Christian memory that creates the greatest challenges for the church in the West. It is the lack of a clear commitment to the intentional, authentic, and contextual expressions of missional discipleship, which will shape current and future generations of followers of Jesus to express the values of the Kingdom today. This book offers stimulating historical, biblical, and theological reflections on discipleship and considers some of the possibilities and opportunities afforded to us by our post-Christian context. Missional discipleship allows the *missio Dei* to shape us in our engagement, our practices, and sustain us in the lifelong journey of becoming and developing disciples that follow Jesus today. *Cybersecurity in the Age of Smart Societies* Hamid Jahankhani, 2023-01-02. This book provides an opportunity for researchers, scientists, government officials, strategists, and operators and maintainers of large, complex, and advanced systems and infrastructure to update their knowledge with the state of best practice in the challenging domains whilst networking with the leading representatives, researchers, and solution providers. The ongoing pandemic has created a new level of threats, which presents new challenges around privacy, data protection, malicious application, unprotected networks, or networks with basic protection that are being used as a gateway to larger infrastructure with complicated architecture and unintentional misuse, such as those associated with algorithmic bias. All these have increased the number of attack vectors that can be used to attack such networks. Drawing on 13 years of successful events on information security, digital forensics, and cyber crime, the 14th ICGS3 22 conference aims to provide attendees with an information-packed agenda with representatives from across the industry and the globe. The challenges of complexity, rapid pace of change, and risk/opportunity issues associated with modern products, systems, special events, and infrastructures. In an era of unprecedented volatile political and economic environment across the world, computer-based systems face ever more increasing challenges, disputes, and responsibilities, and whilst the Internet has created a global platform for the exchange of ideas, goods, and services, it has also created boundless opportunities for cyber crime. This volume presents new materials and contributes to knowledge through the technological advances that are being made across artificial intelligence, AI, machine learning, blockchain, and quantum computing. These technologies, driven by a digital revolution, are expected to be disruptive and provide major digital transformation in the way societies operate today. As a result, although these advances provide social and economic benefits, but also provide new challenges that security industry needs to raise their game to combat them.
