The Duke's Children is a novel by Anthony Trollope first published in 1879 as a serial in *All the Year Round*. It is the sixth and final novel of the Palliser series. Lady Glencora, the wife of Plantagenet Palliser, the Duke of Omnium, dies unexpectedly, leaving the devastated Duke to deal with their grown-up children with whom he has had a somewhat distant relationship. As the government in which he is Prime Minister has also fallen, the Duke is left bereft of both his beloved wife and his political position. Before her death, Lady Glencora had given her private blessing to her daughter Mary's courtship by a poor gentleman, Frank Tregear, a friend of Mary's older brother, Lord Silverbridge. Mrs. Finn, Lady Glencora's dearest confidante, somewhat uneasily remains after the funeral as a companion and unofficial chaperone for Lady Mary at the Duke's request. Once she becomes aware of the seriousness of the relationship between Mary and Frank, Mrs. Finn insists that the Duke be informed. Managing the Duke's two sons also proves troublesome. At first, Lord Silverbridge follows the wishes of his father by entering Parliament and proposes to Lady Mabel Grex, whom he has known all his life and of whom the Duke approves. She turns Silverbridge down due to his immaturity, although with an indication of a more welcoming answer another time. In the meanwhile, however, Silverbridge becomes enamoured of American heiress Isabel Boncassen, who agrees to marry him but only if the Duke is willing to welcome her into the family. At first, the Duke disapproves, and he disapproves even more of his daughter's suitor. To add to his troubles, Gerald, his younger son, gets expelled from Cambridge after attending the Derby without permission. However, by the end of the book, the Duke grows closer to all three of his children; he allows the engagements of his oldest son and daughter, and he is invited once more to take a part in the government.

The Duke's Children Anthony Trollope, 2012-07-01 This historic book may have numerous typos and missing text Purchasers can download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1912 edition Excerpt very well perhaps for the Beargarden but not very well for an electioneering expedition An idea came to the young nobleman that if it should be his fate to represent Silverbridge in Parliament for the next twenty years it would be well that Silverbridge should entertain respecting him some exalted estimation that Silverbridge should be taught to regard him as a fit son of his father and a worthy specimen of the British political nobility Struck by serious reflections of this nature he did open his mind to Tregear I am very fond of Tifto he said but I don't know whether he's just the sort of fellow to take down to an election I should think not said Tregear very decidedly He's a very good fellow you know said Silverbridge I don't know an honest man than Tifto anywhere I dare say Or rather I don't dare say I know nothing about the Major's honesty and I doubt whether you do He rides very well What has that to do with it Nothing on earth Therefore I advise you not to take him to Silverbridge You needn't preach You may call it what you like Tifto would not hold his tongue and there is nothing he could say there

which would not be to your prejudice Will you go If you wish it said Tregear What will the governor say That must be your lookout In a political point of view I shall not disgrace you I shall hold my tongue and look like a gentleman neither of which are in Tifto's power And so it was settled that on the day but one after this conversation Lord Silverbridge and Tregear should go together to Silverbridge But the Major when on that same night his noble friend's altered plans were explained to him did not bear the disappointment with equanimity Is n't that a little
