Brazil and the Brazilians James C. Fletcher,Daniel P. Kidder,2018-10-24 First published in 2006 This work introduced Brazil to the English speaking world when it was first published in 1857 and it is the best early account of the country written in English Fletcher and Kidder were both missionaries in Brazil Kidder living there between 1837 and 1840 and Fletcher some twenty years later Although they were not in Brazil at the same time they subsequently collaborated on this book supplementing their direct experiences of the country by interviewing leading citizens and by using material drawn from Documents of the Imperial and provincial archives of Brazil and from Brazilian state papers The work therefore benefits from two different viewpoints and from a period of observation that covers some thirty years At the time the book was written most English readers were better acquainted with China and India than with Brazil which in the popular mind as the authors put it was a land of mighty rivers and virgin forests palm trees and jaguars anacondas and alligators diamond mining revolutions and earthquakes Fletcher and Kidder were determined to show another side of Brazil that of a stable constitutional monarchy and growing nation the descendants of the Portuguese holding the same relative position in South America as the descendants of the English in North America The portrait of Brazil and the Brazilians they present is unexpected and fascinating an elaborate colonial society ruled over by an emperor with a privileged bourgeoisie and fine cities outposts of European culture surrounded by encroaching jungle The work is arranged in twenty six chapters Fletcher and Kidder begin by recounting the little known early history of Brazil then go on to describe the culture and customs of the country in great detail covering everything from the government of Brazil the marriage of Christian and heathenism the Brazilian home Brazilian women the nobility and the Emperor's palace to Amazon steamers gold mines slavery and the Indian and African inhabitants whose descendants are among Brazil's present cosmopolitan population Accounts of travel within the country will give the authors an opportunity to describe Brazil's distinctive flora and fauna and striking natural features a panoramic treatment complimented by charming line drawings This volume was justifiably acclaimed on Publication and it remains essential and enjoyable reading for all those interested in Brazil's past present and future Fox at the Wood's Edge Gale E. about gaining an edge that elusive quality that gives you an upper hand and attracts attention and support Some people seem to naturally have it Now Huang teaches the rest of us how to create our own from the challenges and biases we think hold us back and turning them to work in our favor How do you find a competitive edge when the obstacles feel insurmountable How do you get people to take you seriously when they re predisposed not to and perhaps have already written you off Laura Huang has come up against that problem many times and so has anyone who s ever felt out of place or underestimated Many of us sit back quietly hoping that our hard work and effort will speak for itself Or we try to force ourselves into the mold of who we think is successful stifling the creativity and charm that makes us unique and memorable In Edge Huang offers a different approach She argues that success is rarely just about the quality of our ideas credentials and skills or our effort Instead achieving success hinges on how well we shape others perceptions of our strengths certainly but also our flaws It s about creating our own edge by confronting the factors that seem like shortcomings and turning them into assets that make others take notice Huang draws from her groundbreaking research on entrepreneurial intuition persuasion and implicit decision making to impart her profound findings and share stories of previously overlooked Olympians assistants turned executives and flailing companies that made momentous turnarounds Through her deeply researched framework Huang shows how we can turn weaknesses into strengths and create an edge in any situation She explains how an entrepreneur scored a massive investment despite initially being disparaged for his foreign accent and how a first time political candidate overcame voters doubts about his physical disabilities Edge shows that success is about knowing who you are and using that knowledge unapologetically and strategically This book will teach you how to find your unique edge and keep it sharp **An American Dictionary of the English Language** Noah Webster,1875 *Minutes of Proceedings of the Institution of Civil Engineers* ,1858 25,000+ Baby Names Bruce Lansky,2025-05-01 Select the perfect name for your new baby Not sure what to name your child Torn between a traditional family name and an up and coming name Or maybe you don t even know where to start Let 25 000 Baby Names be your guide to finding the right name This book lets you easily scan boys and girls names and includes features like guidelines for naming your baby popular names from around the world origins meanings famous namesakes and interesting name trivia Sample Girl s Name including name origin meaning cross referencing and variations nicknames Katherine Greek pure See also Carey Catherine Ekaterina Kara Karen Kari Kasia Katerina Yekaterina Ekaterinna Kasienka Kasin Kat Katchen Kathann Kathanne Kathereen Katheren Katheren Katherenne Katherin Katherina Katheryn Katheryne Kathyrine Katina Katlaina Katoka Katreeka Sample Boy s Name including name origin meaning famous namesake and variations nicknames Noah Hebrew peaceful restful Bible the patriarch who built the ark to survive the Flood Noak Noi *Lloyd's Encyclopaedic Dictionary* Robert Hunter,1895 The Encyclopaedic dictionary; a new, practical and exhaustive work of reference to all the words in the English language, with a full account of their origin, meaning, pronunciation, history and use Robert Hunter,1894 100,000+ Baby Names Bruce Lansky,2019-07-09 The most helpful
