Studies and Michael Ondaatje's Writing Steven Tötösy de Zepetnek, 2005 Annotation It is an event in literary criticism and culture scholarship that we have new studies on the work of such an original writer as Michael Ondaatje In this collection some of the most perceptive scholars working in cultural and literary studies examine Ondaatje's texts his poetry his novels *In the Skin of a Lion* *The English Patient* novel and film and *Anil's Ghost* **A Study Guide for Michael Ondaatje's "The English Patient"** Gale, Cengage Learning, 2016-06-29 A Study Guide for Michael Ondaatje's *The English Patient* excerpted from Gale's acclaimed *Novels for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Novels for Students* for all of your research needs **Making Sense** Ralf Hertel, 2021-07-26 Fiction is fascinating All it provides us with is black letters on white pages yet while we read we do not have the impression that we are merely perceiving abstract characters Instead we see the protagonists before our inner eye and hear their voices Descriptions of sumptuous meals make our mouths water we feel physically repelled by depictions of violence or are aroused by the erotic details of sexual conquests We submerge ourselves in the fictional world that no longer stays on the paper but comes to life in our imagination Reading turns into an out of the body experience or rather an in another body experience for we perceive the portrayed world not only through the protagonist's eyes but also through his ears nose tongue and skin In other words we move through the literary text as if through a virtual reality How does literature achieve this trick How does it turn mere letters into vividly experienced worlds This study argues that techniques of sensuous writing contribute decisively to bringing the text to life in the reader's imagination In detailed interpretations of British novels of the 1980s and 1990s by writers such as John Berger John Banville Salman Rushdie Jeanette Winterson or J M Coetzee it uncovers literary strategies for turning the sensuous experience into words and for conveying it to the reader demonstrating how we make sense in and of literature Both readers interested in the contemporary novel and in the sensuousness of the reading experience will profit from this innovative study that not only analyses the interest of contemporary authors in the senses but also pin points literary entry points for the sensuous force of reading **Not Needing All the Words** Annick Hillger, 2006-05-26 Reading selected texts by Michael Ondaatje including the novels *In the Skin of a Lion* and *The English Patient* and the poem *Birch Bark* Annick Hillger demonstrates how his writing both answers and challenges attempts to delineate the idea of a Canadian national self She sets Ondaatje's work within the context of theoretical and philosophical ideas developing the notion of a literature of silence concerned with finding a ground for self beyond the realm of language
