The Disciplined Trader (Summary) Mark Douglas, 2008 getAbstract Summary Get the key points from this book in less than 10 minutes Author Mark Douglas explains that he lost almost everything he owned because of bad trading decisions The experience led him to rigorous self examination and he discovered that emotions especially fear had led him to trade imprudently He went on to write this straightforward very penetrating explanation of the role of beliefs and emotions in trading This is not an abstract academic exercise Douglas is a trader talking to traders He is thorough and practical in his analysis and advice At times his style may be awkward stilted and even cumbersome however these flaws do not prevent him from communicating important useful information Although the book is specifically about emotional and psychological factors as they affect trading readers are likely to notice that these influences are active in other dimensions of their lives as well getAbstract finds that this is quite a good little book that has stood the test of time despite changes in the technology of trading Book Publisher Copyright 1990 by Mark Douglas Used by arrangement with Prentice Hall Press a division of Penguin Group USA Inc www penguin com 1 800 253 6476
