The Dynamics Of Enduring Rivalries:

The Dynamics of Enduring Rivalries Paul Francis Diehl, 1998 It is hard to think of Israel without also remembering the country's long standing problems with its Arab neighbors Similarly India and Pakistan have long been less than cordial to each other The concept of enduring rivalries and conflicts tantamount to militarized competition between two states is rapidly emerging as a subject of research in international relations The nine contributors to *The Dynamics of Enduring Rivalries* place the concept in its empirical and theoretical context exploring how such rivalries arise what influences their development and when and how they may escalate to war Handbook of War Studies II Manus I. Midlarsky, 2000 Essays reflecting the most recent theoretically and empirically oriented research on international warfare **Dynamics of Asymmetric Territorial Conflict** U. Resnick, 2013-07-12 This book provides a comprehensive study of asymmetric territorial conflict combining game theory statistical empirical analysis and historiographic analysis Using the Israeli Palestine conflict as a case study it tests the model on a database of almost four hundred territorial conflicts *Advances in Psychology Research* Serge P. Shohov, 2003 *Advances in Psychology Research* presents original research results on the leading edge of psychology Each chapter has been carefully selected in an attempt to present substantial advances across a broad spectrum Contents Preface Cognitive Psychology Explicit and Implicit Processes of Metacognition Behavioural Psychology A Cross Sectional and Prospective Study of Crying in the First Year of Life Cognitive Psychology The Structure and Measurements of Self Concept for University Students Behavioural Psychology Training Behaviours of the Self employed in Canada A Decision Tree Analysis Attenuation of Shock Elicited Pain by Electrical Prepulses Social Psychology Perceptions of Financial Stability in Retirement Do Americans Really Know What to Expect Resilience of Maltreated Children in the Family The Political Psychology of Interstate Rivalry Index Great Power Rivalries William R. Ripsman, T.V. Paul, 2010-03-18 In the past two decades many have posited a correlation between the spread of globalization and the decline of the nation state Moreover such scholars have maintained that the increasing interdependence between countries means that nations are no longer the sole providers of their territorial security They point to the increasing role of transnational institutions NGOs and regional security agreements role in national defense In Globalization and the National Security State T V Paul and Norrin Ripsman argue that this thesis has not been borne out by events Despite the effects of globalization weak and powerful states have continued to pursue traditional nation state security strategies The Dynamics of International Rivalry David R.
