Powers Jr.,2012-01-31 Set in late 1950s Los Angeles the Easter Bunny Conspiracy is a grippingly funny coming of age tale told from the point of view of a precocious 12 year old Catholic boy Chris Kelly Chris is struggling to find himself despite the burdens of his being as overweight as he is obsessed with and equally confused by girls being as agnostic as he is Catholic and as unsure as he is almost poised about coping with all the crazy but accepted traditions customs prejudices contradictions and hypocrisies with which hes confronted each day Chris problem is that he hasnt yet figured out that hes right to be confused about everyone around him so readily accepting being grounded in one way or another on deceits such as what Chris calls that Easter Bunny thing Chris needs are simple just to make his way in the world Aided by flashbacks on his own experiences Chris story is about his overcoming the fiery crucible of the 3 days before his Confirmation which enable him to reach his personal epiphany and stride with semi confidence into his still uncertain future with an ethically tolerable plan Our voyage through these stormy adolescent seas is at once poignant and hilarious Its bittersweet comedy at its best You cant help but love it *Brother and Sister Bunny's Amazing Easter Adventure* Kathleen Whitham,2023-02-15 After Brother and Sister Bunny fall asleep on the night before Easter they are awakened by the sounds of some sort of party taking place in the meadow above When they sneak out of their burrow to investigate they discover it s a gathering of rabbits bunnies and hares and they are able to see and make the acquaintance of a number of familiar characters including Bugs Bunny Peter Rabbit Thumper from Bambi and the Velveteen Rabbit They even see the Easter Bunny When they wake up on Easter morning they discover all kinds of treats hidden in the meadow s grasses and also hear church bells and the Hallelujah Chorus reminding them and us that the meaning of Easter is to celebrate that Jesus rose from the grave and remains with us today [Some True Facts on the Easter Bunny with Colored Eggs and Baskets](#) Dana B. Albert,2022-05-04 This story is about a family sailing across the ocean to find a new country with dreams of living with freedom to worship God the same way that their ancestors had been raised They came from a country that put daily demands to follow unjust laws and strict rules ordered by the kings and no one could dispute the king in any matter without receiving a harsh punishment Landing on the New America with its rich soil and plentiful game the families knew the heartfelt trip was well worth the rough journey Each family would stay a few miles away of each other so they could harvest crops and build a home and barn or any type of storage area if they wanted The new adventure starts Having to live through a new unexplored environment of Rocky Mountains and wilderness with new types of foliage and unfamiliar wild animals was not easy Soon a hardship on this family developed when Father became very ill Here is how a clever design that the children made to help remember where the rabbit s dens were located and to trick the rabbits in order to catch them This

all started with the need to find the dens so they could catch one and take one home for dinner Food was very scarce during the winter months after all the fruit and vegetables crops that had been stored were eaten Hunting was a necessity to live This new way to hunt for small game became the talk of the settlement for miles around Sister along with Little Brother helped to show and teach other children how fun and easy it was to trick and hunt for rabbits [The Easter Bunny Mix-Up](#) Sonja N. Easter Tales , *Tales from the Tavern* A. J. Rivers,2024-11-11 At first glance this might seem like a guide to local drinking venues While such establishments certainly played a significant role in my story it s not about the businesses themselves but rather how life evolved around and through them For starters in New Orleans we don t refer to these places as taverns They re affectionately known as good old bar rooms The term tavern dates back to the 1400s and generally describes a place to drink alcoholic beverages as well as an inn with living quarters While at times it may have seemed like some of us spent more time at these bars than at home no one actually lived in them except for a few family owned establishments with adjoining living spaces But it was undoubtedly a way of life and just as I and many of my friends progressed from one stage of life to the next so did our experiences with these bars I began writing my memoir and documenting these experiences 28 years before it was finally published I first wrote about my childhood and early college

years in 1995 completing four chapters on what is now an antiquated floppy disk At the time a lot was happening in my life as you ll eventually learn and I needed an outlet to process certain things a way to keep a few demons at bay These were things no one knew about or would ever imagine And let me tell you it was damn fine therapy I wrote those first four chapters and then put the project on hold for a later time which turned out to be much much later Over the years I mentioned my little project to acquaintances and when people would ask me what happened to the book my reply was always It s on hold but I ll get to it one day Since writing those first chapters I moved three times and the floppy disk moved with me I knew it was packed away somewhere but I had no idea where Every now and then more than now I d get the urge to dig through boxes in storage from one of my moves hoping to find it but I failed every time Then about a year ago while looking for something in a cabinet in my dining area I came across a Tupperware container I didn t even remember packing Out of curiosity I opened it and there were about five floppy disks with the one on top labeled book At last my long lost treasure had been found I don t even remember what I was originally looking for at the time but I came looking for copper only to have struck gold With the rediscovery of my long lost treasure I now faced two challenges one was to get my creative juices flowing again to pick up where I had left off three decades ago and the other perhaps the bigger challenge was converting the files from the floppy disk to a modern format I could work with Since I m not very technologically savvy I had no clue where to begin Lucky for me I knew exactly what to do which was to call on my sales assistant at the office Brittany who always seems to have a solution for everything She found a device that would let me plug the floppy disk into my computer and use an adapter to convert it Buying the device was the easy part doing the actual conversion was a different story Brittany asked if she could take some time to figure it out and off we went on a new adventure
