A Mind of Winter Eoghan Smith, 2025-06-01 A bitter January day on the outskirts of a small Irish university town and Fox a reclusive researcher has just received a phone call His former girlfriend Clara has brought word that his mentor and love rival Stoyte is gravely ill and what's more the dying man has some final things he needs to say Now Fox must set out through the snow and ice to reckon with the ghosts of the past Poignant haunting and absurdly comic A Mind of Winter is a tale of lost lives guilt punishment and the cruelties we inflict upon ourselves and others But this work isn't about plot it's about rumination on a life not well lived the life Fox had led up to now He's a bitter old sod but his bitterness is at least well written bitterness clothed in some staggeringly beautiful passages It's a fine piece of writing full of admirable craftsmanship Anne Cunningham in The Meath Chronicle Smith does a wonderful job of conveying the half baked thoughts and grievances of a disaffected intellectual and the images of winter are especially crisp Every so often ten or twelve glides or so I would slow my pace to hear the soft carelessness of the snow dropping on the gently shuddering hedgerows Connor Harrison in The Literary Review In A Mind of Winter Smith has fashioned a bleakly humorous philosophical and inescapably human story Niall McArdle in Books Ireland

Dead of Winter Morgan James, 2025-02-25 Years have passed since Ali and her college friends last saw one another and their trip to a secluded mountain cabin is supposed to be the perfect escape no work no phones and no distractions Just the great outdoors and the chance to reconnect But a sudden snowstorm sweeps in overnight turning their idyllic getaway into a nightmare When their friend David mysteriously disappears it leaves them reeling and desperate for answers Isolated from the outside world and consumed by fear paranoia begins to seep in Long buried secrets and simmering resentments bubble to the surface

threatening to tear the group apart But the storm outside isn't their only danger Someone is watching them someone who knows their darkest secrets On this mountain there's nowhere to run And no one can hide from what's coming *The Gaza of Winter* Donald Revell, 1988 In Donald Revell's poems the present is often little more than an instant caught between the sadness of memory and the need to face the future's blank expanse Even the best dreams recall happiness that cannot be retrieved while the worst memories bend past love into a crazy line through darkness Anything can turn furious The crazy line through wreckage that wears my face and all the faces seems not to end And on the way even the most damaged things have one surface glazed a sudden distorting mirror that I can't help finding There I look as I did stalled in hours or places it is shame to remember The Eumenides are slow vengeance meted out by anywhere love fails in the collapse and angry dealing of self-love The light presses The air presses hard and no story of mine if good enough to hold out When there is escape calm in these poems it is often in thoughts of distant lands and pasts in the works of other writers and artists the bands of light and changing shadows of Cezanne's canvases the suburban desire and deep green lawns of Cheever's fiction It is art stories the urge to tell that brings hope in these lines The Joy of Winter Hiking Derek Dellinger, 2023-11-21 From the author of America's Best Day Hikes gorgeous photos and essential tips give you reason to enjoy the season Your daily dose of nature doesn't have to retreat with the warm weather The Joy of Winter Hiking is your ultimate guide to getting outdoors in the most underrated season In fact author Derek Dellinger believes you should be seeking outdoor adventure in colder months not just in spite of snow and cloudy days but because of these factors From unmatched snow-capped views to the mental and physical health benefits of nature to precious wildlife sightings the winter holds endless hiking opportunities Alongside stunning winter photography Derek prepares readers to venture safely and securely into nature There's advice on the gear you need to get going the wildlife you might expect to find understanding weather risks and even the how-tos of cold weather camping Made for the winter sportsman tree hugger and avid hiker alike this book is a thorough guide and breathtaking showcase of what's awaiting you on the trail Isforholdene i de Arktiske have Danske meteorologiske institut, 1928
