The Emperor's Writings Dirk Collier, 2011      The Art of Leading in a Borderless World C Panduranga Bhatta, Pragyan Rath, 2020-09-18 The Art of Leading in a Borderless World is a reflective journey on the significant instances of leadership when leaders were considerate and conscientious about heterogeneity through their focus on what they excluded when including such that the excluded became the vantage point of their focus An attempt is made here to retrace the global instincts long before globalisation was coined as an economic functionality and in that very tracing the work reflects on influential personalities as the harbingers of global philosophies The combinations of texts philosophies and events are uncanny and generate food for thought and even debates within the larger discourse on leadership The authors stress the idea that to survive human beings must consider the holistic and harmonious relationship with the world that they inhabit These considerations must be accommodated along with restating the ideals in a new form in the context of our present day technologies and make them more meaningful by providing a new empathetic framework There are practical examples for corporate leaders as well as political social and community practitioners The book attempts to raise fundamental questions including Is there any need for a leader which will bring in leadership values not limited by borders Rather than dry mechanistic frameworks and axioms this book provides inspiration exemplars and a new paradigm to the building of a sustainable and empathetic culture for leaders across all levels      **Essays on Sustainability and Management** Runa

abounds with all the ingredients of classical drama ambition and frustration hope and despair grandeur and decline love and hate and loyalty and betrayal In other words it is great to read and offers ample food for thought on the human condition Much more importantly Mughal history deserves to be widely read and reflected upon because of its lasting cultural and socio political relevance to today s world in general and the Indian subcontinent in particular The Mughals have left us with a legacy that cannot be erased With regard to the eventful reigns of Babur Humayun Akbar Jahangir Shah Jahan Aurangzeb and their successors crucial questions arise Where did they succeed Where did they fail And more importantly what should we learn from their triumphs and failures The author believes that history books should be accurate informative and entertaining In *The Great Mughals and Their India* he has kept these objectives in mind in an attempt to narrate Mughal history from their perspective At the same time he does not shy away from dealing with controversial issues Here is a fascinating and riveting saga that brings alive a spectacular bygone era authentically and convincingly **The Great**

*Women's Writings in Pre-Modern India* Sabiha Huq,2022-04-15 This volume delves into the literary lives of four Muslim women in pre modern India Three of them Gulbadan Begam 1523 1603 the youngest daughter of Emperor Babur Jahanara 1614 1681 the eldest daughter of Emperor Shah Jahan and Zeb un Nissa 1638 1702 the eldest daughter of Emperor Aurangzeb belonged to royalty Thus they were inhabitants of the Mughal zenana an enigmatic liminal space of qualified autonomy and complex equations of gender politics Amidst such constructs Gulbadan Begam s Humayun Nama biography of

her half brother Humayun reflecting on the lives of Babur's wives and daughters Jahanara's hagiographies glorifying Mughal monarchy and Zeb-un-Nissa's free spirited poetry that landed her in Aurangzeb's prison are discursive literary outputs from a position of gendered subalternity. While the subjective selves of these women never much surfaced under extant rigid conventions, their indomitable understanding of home world antinomies determinedly emerge from their works. This monograph explores the political imagination of these Mughal women that was constructed through statist interactions of their royal fathers and brothers and how such knowledge percolated through the relatively cloistered communal life of the zenana. The fourth woman Habba Khatoon (1554-1609) famously known as the Nightingale of Kashmir offers an interesting counterpoint to her royal peers. As a common woman who married into royalty, her husband Yusuf Shah Chak was the ruler of Kashmir in 1579-1586; her happiness was short-lived with her husband being treacherously exiled by Emperor Akbar. Khatoon's verse which voices the pangs of separation was that of an ascetic who allegedly roamed the valley and is famed to have introduced the love lyric into Kashmiri poetry. Across genres and social positions of all these writers, this volume intends to cast hitherto unfocused light on the emergent literary sensibilities shown by Muslim women in pre-modern India.

 Dara Shukoh was the heir apparent to the Mughal throne in 1659 when he was executed by his brother Aurangzeb. Today Dara is lionized in South Asia while Aurangzeb who presided over the beginnings of imperial disintegration is scorned.

the quality of people's lives at each level of community organization and government. This is the first book that examines the political, economic and social background that has prevented the development of archival systems in Japan in comparison with other societies of different cultures such as the United States, Romania, India and Korea. An archival system is an indispensable tool to live in the present and create a future by sharing an understanding of the past. For that reason, this book considers what respecting the past means from the point of view that people experience in their workplace to reconcile tragic experiences such as conflict, injustice or corruption. Then the book shows how a system of archives plays a significant role in a democratic society because it serves as a foundation of evidence-based decision making for a specific group or the public. Thus, this volume provides guidance for ways that a society can build a common understanding of the importance of sharing the past to maintain community and society.

**Allahu Akbar** Manimugdha Sharma, 2019-10-18. That he was a medieval king who with a progressive bent of mind dared to look ahead to find that common ground for all his people to stand together. That he was a medieval king who is today tempting us to look back into the past to see our future through his eyes. Ever since the Bharatiya Janata Party led National Democratic Alliance government came to power in 2014 with Narendra Modi as the prime minister, an organised campaign began to vilify Emperor Akbar and the Mughals. While there were always voices that tried to project the Mughals as just another Islamic empire ignoring the civilisational impact they had on India, even for them Akbar was a shining light in an otherwise era of darkness. Those talking in terms of easy binaries always found a good Muslim in Akbar and a bad Muslim in Aurangzeb. Academics and other liberals who could have countered this incorrect portrayal did not do it, dismissing such claims as mere screeches by the fringe that do not deserve any attention. But with the Hindu Right assuming political power, the fringe today has become the mainstream. And Akbar is no longer the good Muslim. Why is there such hatred for Akbar, once the most loved king in India? What was the journey like from being great to not so great? And how is this India different from Akbar's Hindustan? Has he become irrelevant in an India where growing Hindu nationalism threatens to alter the nature of the Indian state from a secular republic to a theocracy? Or is Akbar even more relevant today given the backdrop of hate that we all find ourselves in? **Allahu Akbar** seeks to find answers to these questions while providing a profile sketch of the emperor, his empire and his times.

Forms of Knowledge in Early Modern Asia Sheldon Pollock, 2011-03-14. Fills a gap in scholarship on Indian culture and power between 1500 and 1800, arguing that we can't know how colonialism changed South Asia unless we know what there was to be changed.
