The Essential Writings Of Dr Edward Bach:

The Essential Writings of Dr Edward Bach Edward Bach, 2011-05-31 The Twelve Healers introduces Dr Bach's world renowned flower remedies which provide a system for healing the mental and spiritual anguish at the root of ill health and unhappiness. The 38 remedies are grouped in seven helpful categories and advice is given on the types of personality most likely to benefit from each remedy. In *Heal Thyself* Dr Bach explains the philosophy that underpins any practical work with the flower remedies. He looks at the real cause and cure of disease and gives practical as well as spiritual guidance on how we can all help to heal ourselves. *Illustrated Handbook Of The Bach Flower Remedies* P M Chancellor, 2013-11-30

Discovered by Dr Edward Bach in the 1930s the thirty eight Bach Flower Remedies form a system of healing for the negative emotions and attitudes that may interfere with health and happiness. This book provides an in depth and detailed description of each remedy together with case histories relating to each one to help the reader appreciate how they may be put into practice. The descriptions and cases have been compiled from the Bach Remedy Newsletter originally edited by Nora Weeks, Dr Bach's successor and close companion. In each issue she featured a remedy along with a collection of her own case notes and because they represent such an authoritative text Philip Chancellor with her blessing has compiled them to create this book. *The Bach Flower Remedies Step by Step* Judy Howard, 2011-06-30

The Bach Flower Remedies Step by Step is a straightforward yet comprehensive guide to the Bach Flower Remedies system. Written by a consultant at the Dr Edward Bach Centre, the guide includes detailed descriptions of the 38 remedies as well as helpful information on their preparation and administration.
