The Four Obsessions Of An Extraordinary Executive A:

The Four Obsessions of an Extraordinary Executive Patrick M. Lencioni, 2010-06-22 A gripping tale that reveals what occupies the minds of the world's best business leaders. As CEO, most everything that Rich O'Connor did had something to do with at least one of the four disciplines on his famed yellow sheet. Some of the firm's executives joked that he was obsessed with it. Interestingly, only a handful of people knew what was on that sheet, and so it remained something of a mystery. Which was okay with Rich because no one really needed to understand it other than him. He certainly never suspected that it would become the blueprint of an employee's plan to destroy the firm. In this stunning follow-up to his best-selling book *The Five Temptations of a CEO*, Patrick Lencioni offers up another leadership fable that's every bit as compelling and illuminating as its predecessor. This time, Lencioni's focus is on a leader's crucial role in building a healthy organization, an often overlooked but essential element of business life that is the linchpin of sustained success. Readers are treated to a story of corporate intrigue as Rich O'Connor, fictional CEO of technology consulting company Telegraph Partners, faces a leadership challenge so great that it threatens to topple his company, his career, and everything he holds true about what makes a leader truly exceptional. In the story's telling, Lencioni deftly helps his readers understand the disarming simplicity and power of creating a healthy organization and reveals four key disciplines that they can follow to achieve it.

Summary of The Four Obsessions of an Extraordinary Executive SellWave Audio, 2025-10-30 *The Four Obsessions of an Extraordinary Executive* presents a compelling leadership fable that delves into what truly makes an organization thrive. Patrick Lencioni returns to the narrative style that made *The Five Temptations of a CEO* a bestseller, using story to illuminate critical principles of executive leadership. The tale follows Rich O'Connor, CEO of the technology consulting firm Telegraph Partners, whose secret yellow sheet guides his every decision, a tool so private that few around him understand it, yet it shapes the entire organization. operations or financials it is the essential foundation for sustained success He weaves lessons into the story with clarity showing how an executive's attention to organizational health can prevent dysfunction drive engagement and create a culture that fosters productivity and loyalty The book introduces four key disciplines that executives can adopt to ensure their organization remains aligned cohesive and effective These disciplines emphasize clarity consistency accountability and the creation of shared values that guide behavior across all levels of the firm By internalizing these principles leaders can navigate challenges without sacrificing the long term health of their company Through O Connor's journey readers gain not only a gripping tale of corporate intrigue but also a practical framework for leadership Lencioni's fable style allows complex organizational concepts to be absorbed intuitively making the lessons both memorable and immediately applicable For anyone striving to be a remarkable leader this book offers a roadmap to build organizations that are resilient purpose driven and extraordinary in their performance **Obsessions of an Extraordinary Executive** Patrick Lencioni,2001-12-10
