Dover,2019-01-25 This book focuses on the distinctive role that artists have played in detective fiction as detectives as villains and victims and as bystanders With a few significant exceptions literary detectives have always identified themselves as essentially the deconstructors of the artful crimes of others They may use various methods ratiocinative scientific or hard boiled but they always unravel the threads that the villains have woven into deceptive covers for their crimes The detective does in the end produce a work of art a narrative that explains everything that needs explanation But the detective s moral work is often juxtaposed to the aesthetic work of the painters poets and writers that the detective encounters during an investigation The author surveys this juxtaposition in works by important authors from the early development of the genre Poe Conan Doyle the golden age Bentley Christie Sayers James et al and the hard boiled era Hammett Chandler Macdonald Spicer et al **Crime Fiction since 1800** Stephen Knight,2010-04-09 Since its appearance nearly two centuries ago crime

Investigations in Twentieth-Century Detective Fiction Yan Zi-Ling,2016-03-09 In his study of Golden Age and hard boiled detective fiction from 1890 to 1950 Yan Zi Ling argues that these two subgenres can be distinguished not only by theme and style but by the way they structure knowledge value and productive labour Using the detective as a reference point and enactor of socially based interests Yan shows that Golden Age texts are distinguished by their conservatism and not only by their conservatism with the detectives actions serving to stabilize institutions with specific ideological aims In contrast the criminal investigations of the hard boiled detective who is poorly aligned with institutions and strong interest groups reveal the fragility of the status quo in the face of escalating cycles of violence Key to Yan s discussion are theories of exchange value and the gift the latter of which he suggests is more akin to detective work than is wage labour Analyzing texts by a wide range of authors that includes Arthur Conan Doyle Agatha Christie Dashiell Hammett Raymond Chandler Dorothy Sayers Raoul Whitfield George Harmon Coxe and Mickey Spillane Yan demonstrates that the detective s truth generating function most often characterized as a process of discovery rather than creation is in fact crucial to the institutional and class based interests that he or she serves *Gaudy Night* Dorothy L. Sayers,2022-08-16 In her critically acclaimed novel *Gaudy Night* Dorothy L Sayers blends elements of detective fiction with a profound exploration of social and gender issues in the early 20th century Set in the hallowed halls of an Oxford college the narrative delves into the complexities of academic life and female identity against a backdrop of a mysterious threat Sayers employs a rich literary style characterized by intricate plotting sharp dialogue and philosophical musings inviting readers to ponder the moral dilemmas faced by her characters while adhering to the conventions of the whodunit genre The novel stands as an important cultural artifact of its time reflecting the shifting attitudes toward women s roles in education and society Dorothy L Sayers a prominent figure in the Golden Age of detective fiction was not only a novelist but also a playwright scholar and translator Her own experiences as a woman educated at Oxford greatly influenced her portrayal of Harriet Vane a writer and detective who grapples with intellectual and emotional conflicts throughout the story Sayers s erudition and her engagement with

contemporary issues of feminism and morality provide a sophisticated lens through which readers can navigate the narrative. *Gaudy Night* is highly recommended for readers seeking a compelling blend of mystery and thoughtful commentary on gender dynamics. Sayers's expertly crafted characters and richly woven storyline offer insights that remain relevant today, making this novel a must read for both fans of detective fiction and those interested in literary explorations of social themes.

Writing Crime Fiction , *Beyond Borders* Pekka Kujamäki, Hannu Kemppanen, Leena Kolehmainen, Esa

Penttilä, 2011-01-01 This volume is a collection of articles presented at the conference Translation Studies Moving In Moving On in Joensuu, Finland, December 2009. The papers deal with the question of how and under what circumstances target cultures accept or reject concepts, ideas, or linguistic features that cross cultural and linguistic borders through translation. The discussions rely on varying empirical data, including advertisements, audiovisual translations, encyclopedias, as well as translations of literary prose, drama, and history texts. As the multiplicity of the data implies, the methodologies used also vary widely, from corpus linguistic methods to analysis of paratexts and from crosslinguistic analysis of source and target texts to contextualization of target texts in their respective target cultures. The target cultures and languages dealt with in the articles include Catalan, Chinese, Czech, Dutch, English, Finnish, French, German, Italian, Russian, and Spanish. Hannu Kemppanen and Pekka Kujamäki are professors in Foreign Languages and Translation Studies at the University of Eastern Finland, Joensuu. Leena Kolehmainen and Esa Penttilä work as postdoctoral research fellows at the same department.
