Backroom Deals in Our Backyards Miranda S. Spivack, 2025-05-06 Winner of the Studs and Ida Terkel Prize A groundbreaking look at how ordinary people are fighting

back against their local and state governments to keep their communities safe by an award winning journalist Most Americans are likely to encounter the effects of government malfeasance or neglect close to home from their governors mayors town councils school boards police and prosecutors In fact deals shrouded in darkness are regularly made at the state and local levels often the result of closed door discussions between governments and industry without any scrutiny whatsoever from the public Too often as this groundbreaking new work of investigative reporting reveals residents are intentionally kept on the outside struggling to get information about significant issues affecting their communities from car crashes and dirty drinking water to failing safety gear until the backroom deals are done and it s too late to challenge them A work of riveting narrative nonfiction based on years of original reporting *Backroom Deals in Our Backyards* tells the story of five accidental activists people from across the United States who started questioning why their local and state governments didn t protect them from issues facing their communities and why there was a frightening lack of transparency surrounding the way these issues were resolved The secret deals lies and corruption they uncover shake their faith in government but move them to action For readers of *Chain of Title* and *Superman s Not Coming* Spivack s revealing take on a hidden dimension of American politics will outrage and educate anyone who cares about the forces shaping their own communities

A Girl From Flint Treasure Hernandez,2010-02-01 Hustling men for their money has always come easy for Tasha Hailing from New York and raised by a junkie mother she had to learn early how to use her beauty to her advantage Tasha thinks she s seen it all on the streets of New York but when she follows a childhood friend to the little city of Flint Michigan she realizes that sometimes the smallest cities breed the grimmest of individuals When Tasha and her friends link up with Manolo one of Flint s known stick up kids they take the hustlers of Flint for all they re worth Any man who falls for a pretty face is a target and under the guidance of Manolo the girls quickly learn the game of manipulation and deceit They become known as The Manolo Mamis and their skills gain them thousands of dollars in no time Tasha is living the life of the young and fly but when tragedy strikes and the stakes are raised she has to choose between loyalty and self sacrifice When the only man she s ever loved becomes her target will she decide to save him or will she remain loyal to The Manolo Mamis

Lord Eight Wind of Suchixtlan and the Heroes of Ancient Oaxaca Robert Lloyd Williams,2010-01-01 In the pre Hispanic Mesoamerican world histories and collections of ritual knowledge were often presented in the form of painted and folded books now known as codices and the knowledge itself was encoded into pictographs Eight codices have survived from the Mixtec peoples of ancient Oaxaca Mexico a part of one of them the Codex Zouche Nuttall is the subject of this book As a group the Mixtec codices contain the longest detailed histories and royal genealogies known for any indigenous people in the western hemisphere The Codex Zouche Nuttall offers a unique window into how the Mixtecs themselves viewed their social and political cosmos without the bias of western European interpretation At the same time

however the complex calendrical information recorded in the Zouche Nuttall has made it resistant to historical chronological analysis thereby rendering its narrative obscure In this pathfinding work Robert Lloyd Williams presents a methodology for reading the Codex Zouche Nuttall that unlocks its essentially linear historical chronology Recognizing that the codex is a combination of history in the European sense and the timelessness of myth in the Native American sense he brings to vivid life the history of Lord Eight Wind of Suchixtlan AD 935 1027 a ruler with the attributes of both man and deity as well as other heroic Oaxacan figures Williams also provides context for the history of Lord Eight Wind through essays dealing with Mixtec ceremonial rites and social structure drawn from information in five surviving Mixtec codices **The Ethics of**

Cities Timothy Beatley,2024-04-30 Ethical dilemmas and value conflicts affect cities globally but urban leaders and citizens often avoid confronting them directly and instead view the governance of cities as primarily an administrative task or even worse a merely political one Timothy Beatley challenges readers to consider the issues in our cities not simply as legal or economic problems but as moral ones asking readers How can a city become more ethical Beatley unearths exposes and explores the many ethical questions cities face today and touches on many topics from privacy and crime to racism and the ethics of public space Drawing from recent policy debates and using extensive examples to consider complex ethical dilemmas Beatley argues that cities must expand the definition of the moral community to include all their citizens Cities must take profound steps to address social injustice and plan for climate change both moral obligations and this approachable and readable introduction to moral philosophy urban planning and social justice will help new generations to grapple with these global issues *The Manufacture of Optical Glass and of Optical Systems* United States. Army. Ordnance Department,1921 *Soil Survey, Clarke County, Mississippi* Huel L. Neal,1965 **The Pottery Gazette** ,1922 **Soil Survey** ,1950 *Soil Survey of Lee County, Alabama* Cash Henry Wonser,1950 **Soil survey of Jackson County, North Carolina** ,1948 *The Neolithic Flint Mines of England* Martyn Barber,David Field,Peter Topping,2014-06-15 Only rarely in Europe do the surface remains of Neolithic flint mines remain so dramatically for all to see as those located along the South Downs and in the Breckland of England Even within England they represent a diminishing resource and only ten sites have been recorded with any certainty As examples of our earliest industrial heritage they represent archaeological sites of the first importance and have a special part to play in the history of technology However despite a lengthy history of archaeological investigation they have rarely been considered nationally as a class of monument Although some sites such as Grime s Graves are well known through excavation campaigns others are known only through obscure articles and unpublished archival material Many of those that survive as earthworks or cropmarks have never been surveyed previously or accurately planned Consequently English Heritage has compiled detailed plans of the surface areas of all of the known flint mines and investigated the sites of other potential examples Using a combination of field survey aerial photography and archival research this volume looks at each site in its own right as a major and important complex and for the first time offers
