

The background of the cover is a dark, textured surface, possibly a desk or a wall. A desk lamp with a black base and a white shade is positioned on the right side, casting a bright light. In the center, there is a clipboard with a silver clip and a white sheet of paper. A handgun is lying on the paper. To the right of the clipboard, there are a pair of silver handcuffs.

The Frank Powell Casebook:

The Frank Powell Casebook Roger Dale Trexler, 2015 Frank Powell Chicago's finest detective is at it again This time he is working some of his toughest cases He travels to southern Illinois to solve the case of a vicious murderer known to the press as The Plumber he discovers that a stolen cellphone is the impetus for murder and investigates a bizarre killer with a vendetta rolling down the streets of Chicago Join Frank Powell as he works the case and brings the bad guys and girls to justice *Powell JSmith and Furmston's Building Contract Casebook* Michael Furmston, 2012-01-11 Powell Smith and Furmston's Building Contract Casebook The interaction between general principles and the provisions of the standard building and construction contracts is a central feature of construction law The major part of the law is laid down in decided cases and construction professionals should be familiar with these cases but the information is scattered throughout a large number of law reports The fifth edition of Powell Smith and Furmston's Building Contract Casebook is designed to help construction professionals become familiar with those key cases It brings together a wide range of cases on the main aspects of the law of construction contracts states the principle established by each case and gives a summary of the facts and the decision For the majority of cases verbatim extracts from the judgment are included The casebook presents the leading cases on each topic together with many lesser known but important decisions A number of useful decisions from the Commonwealth are also included Throughout the author's approach is practical rather than academic **Cold Day in Hell** Roger Dale Trexler, 2016-02-06 A brutal murder has happened in a southern Illinois cornfield The culprit appears to be the local alcoholic But when another murder occurs while the suspect is in custody Sheriff Mark Graff realizes the town drunk was merely a puppet in the real killer's hands and that the truth is locked somewhere in the drunkard's memory Soon the evidence starts to point toward the local migrant camp and the camp's shady Padre A vicious cat and mouse game begins between the Padre his ward and the police In a chase that leads from southern Illinois to Chicago madness and murder and religion meld into an unholy trinity that only Frank Powell can end But can he *A Casebook of Transformational and Transactional Leadership* Fil Arenas, 2019-01-28 Featuring more than twenty five case studies of leaders throughout history A Casebook of Transformational and Transactional Leadership supplements existing texts on transformational leadership and the full range model to promote higher levels of understanding of transformational and transactional leadership behaviors Beginning with an overview of transformational and transactional behavior components Arenas describes the original tenets of leadership researchers demonstrating how practicing the principles of full range leadership can aid those who guide or manage others The subsequent chapters examine influential figures from various organizational environments to provide readers with examples that connect with core full range leadership concepts Finally each chapter ends with a discussion question helping to engage students with the material and encouraging further reflection and study A Casebook of Transformational and Transactional Leadership is essential reading for both graduate and undergraduate students of

leadership development as well as military and non military professionals in leadership leadership development business and management and education

Comprehensive Casebook of Cognitive Therapy Frank M. Dattilio, 2013-06-29 This is the golden age of cognitive therapy Its popularity among society and the professional community is growing by leaps and bounds What is it and what are its limits What is the fundamental nature of cognitive therapy It is to my way of thinking simple but profound To understand it it is useful to think back to the history of behavior therapy to the basic development made by Joseph Wolpe In the 1950s Wolpe astounded the therapeutic world and infuriated his colleagues by finding a simple cure for phobias The psychoanalytic establishment held that phobias irrational and intense fear of certain objects such as cats were just surface manifestations of deeper underlying disorders The psychoanalysts said their source was the buried fear in male children of castration by the father in retaliation for the son's lust for his mother For females this fear is directed toward the opposite sex parent The biomedical theorists on the other hand claimed that some as yet undiscovered disorder in brain chemistry must be the underlying problem Both groups insisted that to treat only the patient's fear of cats would do no more good than it would to put rouge over measles Wolpe however reasoned that irrational fear of something isn't just a symptom of a phobia it is the whole phobia

Free Hands and Minds Susan Bartie, 2019-09-19 Peter Brett 1918 1975 Alice Erh Soon Tay 1934 2004 and Geoffrey Sawyer 1910 1996 are key yet largely overlooked members of Australia's first community of legal scholars This book

is a critical study of how their ideas and endeavours contributed to Australia's discipline of law and the first Australian legal theories. It examines how three marginal figures—a Jewish man, Brett, a Chinese woman, Tay, and a war orphan, Sawyer, rose to prominence during a transformative period for Australian legal education and scholarship. Drawing on in-depth interviews with former colleagues and students, extensive archival research, and an appraisal of their contributions to scholarship and teaching, this book explores the three professors' international networks and broader social and historical milieux. Their pivotal leadership roles in law departments at the University of Melbourne, University of Sydney, and the Australian National University are also critically assessed. Ranging from local experiences and the concerns of a nascent Australian legal academy to the complex transnational phenomena of legal scholarship and theory, *Free Hands and Minds* makes a compelling case for contextualising law and legal culture within society. At a time of renewed crisis in legal education and research in the common law world, it also offers a vivid, nuanced, and critical account of the enduring liberal foundations of Australia's discipline of law.

Common Prostitutes and Ordinary Citizens J. Laite, 2011-12-02 Between 1885 and 1960, laws and policies designed to repress prostitution dramatically shaped London's commercial sex industry. This book examines how laws translated into street-level reality, explores how women who sold sex experienced criminalization, and charts the complex dimensions of the underground sexual economy in the modern metropolis.

Legal Realism at Yale, 1927-1960 Laura Kalman, 2016-08-01 For more than one hundred years, Harvard's use of the case method of appellate opinions dominated legal education. Deploring the attempt to reduce law to an autonomous system of rules and principles, the realists at Yale developed a functional approach to the discipline—one that stressed the factual context of the case rather than the legal principles it raised—one that attempted to address issues of social policy by integrating law with the social sciences. Originally published 1986, A UNC Press Enduring Edition, UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original and are presented in affordable paperback formats, bringing readers both historical and cultural value.

The Sympathetic State Michele Landis Dauber, 2013 Drawing on a variety of materials, including newspapers, legal briefs, political speeches, the art and literature of the time, and letters from thousands of ordinary Americans, Dauber shows that while this long history of government disaster relief has faded from our memory today, it was extremely well known to advocates for an expanded role for the national government in the 1930s, including the Social Security Act. Making this connection required framing the Great Depression as a disaster afflicting citizens through no fault of their own. Dauber argues that the disaster paradigm, though successful in defending the New Deal, would ultimately come back to haunt advocates for social welfare. By not making a more radical case for relief, proponents of the New Deal helped create the weak, uniquely American welfare state we have today, one torn between the desire to come to the aid of those

suffering and the deeply rooted suspicion that those in need are responsible for their own deprivation

A Deep Cry Anne Powell, 2014-10-06 The lives deaths poetry diaries and extracts from letters of sixty-six soldier poets are brought together in this limited edition of Anne Powell's unique anthology a fitting commemoration for the centenary of the First World War These poems are not simply the works of well-known names such as Wilfred Owen though they are represented they have been painstakingly collected from a multitude of sources and the relative obscurity of some of the voices makes the message all the more moving Moreover all but five of these soldiers lie within forty-five miles of Arras Their deaths are described here in chronological order with an account of each man's last battle This in itself provides a revealing gradual change in the poetry from early naïve patriotism to despair about the human race and the bitterness of Dulce et Decorum Est
