The Future of the Soviet Economic Planning System (Routledge Revivals) David A. Dyker, 2013-09-27 On its publication in 1985 this book offered a fresh analysis of the problems faced by the Soviet economy by focussing on the key issues in the economic planning system David Dyker considers the available options for reform during the 1980s and the most likely developments Discussing the origins of the Soviet economic planning system and the theories which founded it previous attempts to reform the organisational structure and the particular problem of agriculture Dyker presents a picture of an increasingly bleak future for the Soviet economy This is a comprehensive title written by a renowned expert on the Soviet economy which will be of particular value to students and academics researching the political and economic development and history of the Soviet Union

The Future of the Soviet Economic Planning System David A. Dyker, 1985-01-01 **The Soviet Union under Gorbachev (Routledge Revivals)** David A. Dyker, 2013-09-13 Gorbachev's accession to General Secretary promised great changes to the Soviet Union and its relationship with the rest of the world This book first published in 1987 discusses the problems faced by Gorbachev when he entered office and how he planned to tackle them Gorbachev was a figure of genuine debate in the mid 1980s raising doubts from Western specialists regarding his radicalism and ability to reform the Soviet economic system in particular Here Dyker and his colleagues assess the changes Gorbachev had already made to consolidate his power base alongside those that he was proposing to make to agriculture industry and foreign relations at the time of publication The book speculates about how Gorbachev might

implement his proposed political and economic reforms what opposition he might encounter and how successful he would be. A fascinating insight into Soviet economic and political policy in the years leading up to the Union's collapse, this work will be of particular importance to students and academics researching the personality of Gorbachev and the political and economic history of the Soviet Union. [Urban Problems and Planning in the Developed World \(Routledge Revivals\)](#) Michael Pacione, 2014-06-03. This edited collection first published in 1981 presents a discussion of the urban problems faced in the developed world and addresses the plans and policies devised by governments to solve them. Using a number of city-based case studies including New York, Tokyo, and Glasgow, the authors present a thorough analysis of urban problems and planning in relation to varying economic, cultural, and political conditions throughout the developed world. With a detailed general survey from Michael Pacione, this is a comprehensive and relevant guide which will be of particular value to students and scholars of urban planning and geography.

Socialism, Economics and Development (Routledge Revivals) Alec Nove, 2012-11-12. First published in 1986, this text brings together a selection of papers written by the great Alec Nove on development economics, Marxist economies, the Soviet economy, and law and politics in the Soviet Union. Reflecting the varied and diverse interests of its distinguished author, the topics range from Soviet constitutional law to Trotsky's view of collectivization, from a critique of conventional microeconomics to the economic disaster of the Allende regime in Chile. The author's long-standing immersion in the past and present of the Soviet Union helps to provide the unique insights into the workings of Socialist economies characteristic of Professor Nove's previous work. This volume should be essential reading for anyone interested in development economics, socialist economies, or the problems facing contemporary Soviet economic reformers.

Political Economy and Soviet Socialism (Routledge Revivals) Alec Nove, 2013-02-01. First published in 1979, *Political Economy and Soviet Socialism* is an integrated selection of papers written over the past 12 years of Russian history which offers a unique insight into some important and controversial issues. Professor Nove discusses the ideas of some of the leaders of the Russian revolution: Lenin, Trotsky, and Bukharin; the political economy of socialism; and the problems of the contemporary USSR. The author addresses the role of traditional Russian ideas in shaping the Soviet Union's social structure and the conceptual problems involved in defining its ruling stratum, whether or not it is a class. He also considers the criteria by which it is reasonable to judge Soviet reality; the performance and prospects of agriculture in communist-ruled Europe; the ability of the Eastern bloc to tackle problems of inflation and the obstacles to economic reform; looking at the important and original developments of economic thought in the USSR and Eastern Europe; Professor Nove dissects the ideas of the new leftists concerning the role of market forces under a feasible socialism. These papers offer essential reading for students of politics, economics, and comparative social structure.

[Industrial Societies \(Routledge Revivals\)](#) Richard Scase, 2015-06-03. This book first published in 1989 addresses an issue that stood at the centre of sociological concern: the changing character of industrial societies. The authors examine the nature of the industrialization process in terms of its impact upon and

development within both state socialist and capitalist societies Is industrialism a constant phenomenon within both kinds of society or are distinctive differences apparent In the 1960s it did seem that economic growth and technological change were producing similarities in social structure between the different socio political systems it now appears however that the crisis that have developed during the 1980s how illustrated their contrasts Through the analysis of this trend in the West in Eastern Europe and in China the authors clarify central issues for the student of sociology The changing character of national states organized labour stratification systems and class relationships Processes of social integration cohesion and control The extent to which dominant groups are able to sustain social and economic privileges in different socio economic systems The changing pattern of work and employment relationships The nature of class gender and ethnicity as sources of socio economic division

Revival: Economic Planning in Soviet Russia (1935) F. A Hayek, Boris Brutzkus, 2018-12-20 The ideas set forth in these pages matured in the authors mind during the early years of constructive communism in Petrograd The communist government intoxicated by its successes in the counter revolution had promised to deal promptly with all economic problems now that its hands were free to do so It was at this moment of its greatest triumphs that the author put forward his contention that the system of Marxian communism as then conceived was intrinsically unsound and must inevitably break down

Oil and World Power (Routledge Revivals) Peter Odell, 2013-10-14 The oil industry is the world's largest commercial enterprise Its extent is global international issues are consistently influenced by considerations of oil production and consumption while the international communications networks of the larger oil companies rival those of many nations In this the eighth edition of *Oil and World Power* published in 1986 Peter Odell explains the complexities of this gigantic empire and its influence on the world The far reaching chapters discuss the U S A the Soviet Union O P E C Japan and the oil consuming countries of the developing world Evaluating the changing patterns of oil supply and the dramatic fall in oil prices in 1986 Odell proposes a number of forward thinking conclusions surrounding the relationship between oil in global politics and economic development This is an exceptionally interesting and relevant work of great value to those with an interest in the oil industry global power and international economic development

Routledge Revivals: Hungary: The Politics of Transition (1995) Terry Cox, Andy Furlong, 2016-10-04 First published in 1995 the aim of this book is to review various aspects of the process of democratic transition in Hungary over the period of its first post communist freely elected parliament between 1990 and 1994 The studies collected in this book attempt to put them in the context of longer term trends in Hungarian politics Hungary offers an example of the problems of political change common to Eastern Europe following the collapse of the Eastern Bloc but also demonstrates a relatively stable and successful transformation built on a unique experience under communist rule that helped prepare it for a market orientated economy transition and political pluralism
