The Gabriel Memos:

The Gabriel Memos Betty Gravlin, 2014-11-07 The Gabriel Memos are Archangel Gabriel's memos to the junior Guardian Angels. Their purpose is to warn them about Satan's tricks and how to block these attempts. Since angels don't think like humans, the Gabriel Memos are sometimes an amusing commentary on human weaknesses yet are also spiritually enlightening.

The Parent's Magazine, 1919 **A time that was?** Philip S. Salisbury, 2014 The author worked and vacationed in Liberia and West Africa from 1962-1964. The author kept a diary of most of his stay. This book reveals the day-to-day life of a Peace Corps volunteer as well as the experiences of students and villagers. The experiences are both diverse and unexpected. Reading these diaries results in a fair perspective on the volunteer's life and times. Furthermore, it provides many insights into Liberian/American Liberian culture, life up country or life in the interior. This book carries the reader from experience to experience. You'll have a hard time setting it down. Back cover.

Holman, 2025-03-15 The noted professor David Walsh has called for a new personalist language of persons with vast implications in a variety of academic fields. Moving away from a language that refers to persons as things and seeks to find connections and relations within all of us. In *Personalism for the Twenty-First Century: Essays in Honor of David Walsh*, a diverse group of scholars apply and extend Walsh's unique personalist approach to political theory, theology, and current events. It is a collection of refreshingly original essays for those interested in exploring the potential of a renewed personalist thought for addressing the crises of our afflicted age.

The Mother of All Hooks William H. McMichael, 2024-11-01 The Mother of All Hooks is a richly detailed description of the United States government's attempts to punish naval officers for sexual misconduct committed at the 1991 Tailhook Association convention in Las Vegas, Nevada. Journalist William H. McMichael describes the institutionalized mind set that led to that misconduct and, in the face of an oppressive politically charged investigation, to a large-scale failure to cooperate with government agents. This failure led to further investigative and prosecutorial excesses that ultimately doomed the effort to bring the guilty to justice; many of the guiltiest, in fact, were given immunity to testify and escaped severe punishment. At the same time, McMichael makes clear that Tailhook misconduct had been largely condoned for decades, but that senior officials failed to take responsibility for allowing such an atmosphere to flourish. This powerful expose is a shocking eye-opening read for psychologists, criminologists, criminal justice professionals, and members of the U.S. military. The Tailhook Association convention had become infamous in naval circles for heavy drinking, hard partying, and sexual promiscuity. The most notable such activity was the gauntlet, a hallway lined by men through which selected women were forced to pass only to be fondled.

McMichael provides a rich narrative account of how the United States Navy and the Pentagon mishandled investigation of events at the 1991 convention and subsequent hearings. In addition to exposing that approach's dramatic shortcomings, McMichael also provides insight into the Navy's history of open sexuality by its members while overseas, the fighter pilot psyche, and the larger issue of whether the Navy should be permitted to investigate its own transgressions. While more than thirty admirals eventually received what amounted to a hand slap, more than twenty junior officers received career-killing punitive letters of reprimand in closed-door administrative hearings. *The Mother of All Hooks* provides absorbing new details for all who think they know what happened because of Tailhook and why.

Realism as Resistance Denise DuPont, 2006
This book explores the fluid boundaries between realism and romanticism while considering this oscillation between discourses as the legacy of the Quixote to the nineteenth-century Spanish novel. Furthermore, there are studies of characters who act as authors in Benito Pérez Galdós's first series of *Episodios Nacionales*, Pío Baroja's *La lucha por la vida*, and Leopoldo Alas 'Clarín's *La Regenta*. For many realists, romanticism has negative associations: quixotism, exaggeration, impracticality, and femininity or effeminacy.

The Narrator Sylvie Patron, 2023-09
The narrator: the answer to the question who speaks in the text is a commonly used notion in teaching literature and in literary criticism even though it is the object of an ongoing debate in narrative theory. Do all fictional narratives have a narrator or only some of them? Can narratives thus be narratorless? This question divides communicational theories based on the communication between real or fictional narrator and narratee and noncommunicational or poetic theories which aim to rehabilitate the function of the author as the creator of the fictional narrative. Clarifying the notion of the narrator requires a historical and epistemological approach focused on the opposition between communicational theories of narrative in general and noncommunicational or poetic theories of the fictional narrative in particular. *The Narrator* offers an original and critical synthesis of the problem of the narrator in the work of narratologists and other theoreticians of narrative communication from the French, Czech, German, and American traditions and in representations of the noncommunicational theories of fictional narrative. Sylvie Patron provides linguistic

and pragmatic tools for interrogating the concept of the narrator based on the idea that fictional narrative has the power to signal by specific linguistic marks that the reader must construct a narrator when these marks are missing the reader is able to perceive other forms and other narrative effects specially sought after by certain authors Court of Appeals ,1893
